> 🤔 **"Yemen's missing children..."** - *Very insightful backstory info!*

(Excerpts:) "Since the early 1880s, Yemeni Jews had begun emigrating to Palestine...From the summer of 1949 to the autumn of 1950, nearly 50,000 Yemeni Jews were transported...Approximately 800 Jews died during the journey, and thousands more lost their lives due to epidemic diseases and neglect in the camps where they were housed both in Aden and after arriving in Israel. The real scandal was the disappearance of Yemeni Jewish babies, with some sources claiming up to 5,000. Babies were forcibly separated from their mothers immediately after birth, and later, they were told that their children had died without any further information. Many mothers learned about the 'death' of their children through mass announcements on camp speakers, causing a great shock. Subsequently, it was revealed that some of the 'dead' children were given up for adoption...The Israeli project, designed as an occupation colony and advanced outpost of Western imperialism, not only inflicted suffering on the local Muslim and Arab population of Palestine but also subjected its own...When this bloody parenthesis is closed one day, all the evidence...will be laid bare for everyone to see.":

> 📖 **"Christian Zionism harbors a contradiction – genocide can't be reconciled with the teachings of Jesus Christ"** - *Underscores the bottom-line of Nightlight #115!*

(Excerpts:) "...Christians who unconditionally support the actions and agenda of the Jewish religious sect known as Zionism while also claiming to believe in and embrace the teaching of Jesus Christ are walking contradictions... Christians are to follow Jesus, the Way, Who does not advocate for the genocide... There will come a time when God returns His focus back to majority-unbelieving Israel to deal with them once the fullness of the Gentiles is complete, but that time has not yet come. It is thus erroneous for Christians in the current age of grace to put their full support behind unbelieving Israel's murderous actions against its Palestinian neighbors...have to decide between worshipping Israel and worshipping Jesus...antichrist doctrines run contrary to everything found in the New Testament as instruction for Christians...The situation in Gaza right now is considerably more serious than past incidents involving aggression between Israel and its Palestinian neighbors. Unlike past incidents, this one involves a full-scale genocide of the entire Gaza Strip, which is why it is receiving worldwide attention. The Christian response, in this writer's review, is to take neither side, but rather to side with the widow, the orphan and the innocents wherever they live, in Israel, Gaza, or elsewhere.":

• **"Globalists on a mission: Turn Americans against each other before a foreign power is called in to finish the job - Obama's new Hollywood movie is very instructive: They are telling us their plans"** - *Will the targeted masses fall for this predictive programming?*

(Excerpt:) "Higher Ground Productions, a Hollywood production company funded in 2018 by Barack and Michelle Obama, released a new Netflix movie on Friday, December 8, called 'Leave the World Behind', starring Julia Roberts and Ethan Hawke. It's very instructive. America, portrayed in the film as horribly divided by political, religious, racial and cultural issues, gets hit out of the blue by a major cyber attack. Embedded in this movie is tons of symbolism, including three shots of the number 6 in the opening scene. As society disintegrates, there is no government to the rescue. Everyone is on their own. The overall theme of the film seems to be a seething hatred for humanity. 'We are all so awful,' Julia Roberts' character exclaims.":

A time when God was God and it was OK to love Him, sing praises to Him and to thank Him for all the many gracious blessings He's continued to shower us with — even as we sojourn here among a world of depraved minds. I hope you do the same. And hold your loved ones close. Hug them. Tell them you love them. Reverence God and teach your children what the truth really is. And in the new year, endeavor to make your lives count by being always in the service to the King of Kings. We can never go back to yesterday, but we can teach our children again what 'Normal' is like, and together we can look forward to the glorious return of our Savior, Who really IS Christ the Lord — and the only answer to all the evil, wickedness, lies and nonsense this world continues to heap upon us. "4th Generation Devastation: The West Has Been Targeted In A Cowardly Globalist Mind War" - *And not just the west, but all of humanity! Because the Enemy fears the powerful authority given to us in Jesus' Name! See Luke 10:17-20!*

(Excerpts:) "The key to grasping the situation is to accept that a war is upon us. Woke is a psychological operation devised by globalists, and it is currently battling to become the one and only system of thought – A morally relativist system of thought. It relies on a specific circumstance in order to succeed: The idea that men of the west will not take on a fighting posture in the face of psychological attack. As long as we continue to see war only as fighting with guns, we will remain docile in the face of a more advanced cultural bombardment. For 4th Gen Warfare to prevail, the target population has to follow a certain set of rules while the other side operates without rules. They have to be allowed to pursue all-out destruction against their enemy while the other side is admonished for doing anything remotely defensive, including speaking up. But what happens when...the goal goes from winning in politics or in the halls of public discourse to winning the actual conflagration in front of us? When this happens, everything in America and the western world will change.
