*The 18th century British politician Edmund Burke said, "The greater the power, the more dangerous the abuse", which is certainly true of the kingdoms of this world! But in terms of the Kingdom of God, the greater the power of God, the more wonderful the liberty, love, joy, peace and all the fruits of the Spirit!—All of which will one day cover the earth! "For the earth shall be filled with the knowledge of the glory of the LORD, as the waters cover the sea." (Hab.2:14) PTL! Of late, I'm not sharing so much about the USA and its politricks and its cabalistic wheel of misfortune in terms of shootings, immigration, schools, injustice system and so on, as we're fully aware that it's being demolished bit by bit and falling headlong towards Rev.18:2.*

As if Israel and its patron, had not enough to worry about, Malaysia, another small chink in the chain, has joined the fray as it has closed all its ports to Israel traffic.":

(Excerpts:) A controversial forecast by Deagel, a global intelligence and consulting firm, gained attention in 2020 for its startling prediction of a significant depopulation event across the Western World by 2025. This was a very bold claim to make. 'Your Government is trying to kill you' is even bolder. • **"Everybody Wants Gaza's Gas - The \$500 billion windfall shoring up EU supplies"**

(Excerpts:) "While bombs rain down, business continues as usual, with Israel granting 12 licences to six companies to explore for natural gas off the country's Mediterranean coast on October 30th. This is the latest venture to exploit one of several gas fields discovered on the Mediterranean coast over recent decades, aiming to solve Israel's energy dependency and, crucially, Europe's supplies. The total oil and gas reserves were valued at a staggering \$524 billion in 2019. But Israel does not have sole legal entitlement to the \$524 billion, according to a UN report published in the same year. Not only is some of the \$524 billion sourced from within the Occupied Territory of Palestine, much of the rest sits outside national borders in the deep sea, and thus should be shared with all relevant parties...In June 2022, under pressure to find another source of gas since Russia's invasion of Ukraine, the EU signed a Memorandum of Understanding with a different colonising force to import gas from the Leviathan gas field [off the coast of Gaza]. This gas field, the biggest of recent discoveries, holds 22 trillion cubic feet in recoverable natural gas and could meet Israel's domestic demands for 40 years...Natural gas is seen as...building trading bridges with neighbouring Arab countries. Egypt began importing gas from the Leviathan field in 2020...Natural gas, or 'LNG' is being used as a political ploy around the world to deepen political relationships and economic interdependence as the world shifts from oil not out of morality but simply because oil reserves are running dry...LNG is the darling fossil fuel with 40% less carbon dioxide emissions than coal (a low bar), and 125 years of global supply in current reserves.":

\*(Excerpts from Benson commentary - underlines my emphasis -

<https://biblehub.com/commentaries/benson/isaiah/32.htm> - Isa.32:7-8 - The instruments also of the churl are evil, [ie] the vessels. It is a word of a very general signification...signifies any person or thing which is employed in a man's service. The sense is that such covetous or wicked princes most willingly choose and employ wicked men in their affairs, because such men will, without any regard to conscience or justice, serve all their exorbitant desires. It includes, however, his counsels, practices, and arts, which are here declared to be generally evil. He deviseth wicked devices. He uses all his understanding and art to do injuries to others, to destroy the poor with lying words, with false and unrighteous decrees...But the liberal deviseth liberal things. He who is truly liberal and virtuous will show it by designing and practising liberal or virtuous actions. And by liberal things shall he stand. He who does so will not destroy himself, thereby, as wicked men falsely suppose, but establish and advance himself. The Christian reader need not be told how exactly the particulars, expressed in these verses, belong to Christ's Kingdom, Who is a hiding-place from the storm of sin and the world, John 16:33; Whose Kingdom is a Kingdom of light, of faith, of love; all whose subjects are enlightened by the knowledge of the glory of God, in the face of Jesus Christ, Who gave eyes to the blind, ears to the deaf, tongues to the dumb, and, by His divine grace, changed the most churlish and illiberal dispositions into generosity and love.)

**"The Miraculous Nature of Water"** - (This must-see 5.31 min vid comes with its transcription.)

(Excerpts:) "Most people think of water as being very special because of its ease of existence in three different states; liquid, ice, and vapor. But the water in our body is not in any of these states. The water that makes up our cells is in the gel state. Science is now recognizing a fourth state of water...This fourth state is an electro-polar state wherein some of the water becomes a negatively charged gel and the rest, known as bulk water, maintains a positive charge and remains more like a liquid. This electro-propulsion creates movement and kinetic energy...To thrive, this natural propulsion system requires a connection to the Earth [grounding!], sunlight, positive human connection, and peace of mind. Our body is made up of over fifty trillion cells and each one's health is dependent upon our own. Our happiness, or lack thereof, not only affects our health, it affects the health of everyone who enters our environment. So if you'd like to make the world a better place, then learn how to be happy.":

(Excerpts:) "In chess, there always comes a time when a simple pawn is able to upset the whole chessboard, usually via a move in the back rank whose effect simply cannot be calculated...a pawn can impose a seismic checkmate. That's where we are, geopolitically, right now...Yemen's [resistance movement] Ansarallah stunning and carefully targeted blockade of the Red Sea...Putin, on the record, is now sending an unmistakable message: Forget the Suez Canal. The way to go is the Northern Sea Route – which the Chinese, in the framework of the Russia-China strategic partnership, call the Arctic Silk Road...Rosatom, which oversees the Northern Sea Route, has emphasized that non-ice-class ships are now able to sail throughout summer and autumn, and year-round navigation will soon be possible with the help of a fleet of nuclear icebreakers. All that as direct consequences of the single Yemeni move. What next? Yemen entering BRICS+ at the summit in Kazan in late 2024, under the Russian presidency?":

(Excerpts:) "I truly never thought the US *[and the world?!]* would go this entirely crazy in so short a time. I had no doubt it would go crazy, but the speed at which we slipped down the rabbit hole since Covid hit in 2020 is head-spinning...massive pile-up of government debt...the removal of male/female designations from birth certificates...masses readily threw away their freedom of speech just to protect themselves from having to hear anything they don't like or agree with. Our nation has turned the pages of 1984 into prophetic words, so have many other nations...I would say, 'God save us all', but I think FIRST it is apparent God is letting us go ahead and destroy ourselves. Evil contains the seeds of its own destruction, and it appears to me God is letting those seeds sprout and grow as people wish, giving humanity free rein to destroy itself. That will be a tough ride for those with the sense to see that it is happening...When I think of all the present delusions, I think about the following ancient passage as describing our times: God's Wrath Against Sinful Humanity - Rom.1:18-32...Isa.5:20...2Thes.2:8-12 [quoted in article]...Seek the light, grip reality, hold the truth and tell it...Be light, be real, be true, then share who you are with integrity and love...":

Stop slobbering at the feet of mommy medicine and daddy dictator and take your life back. Enough is enough...the horrific picture being painted by the agenda is simply not true. And even if it all were true, the way to go about remedying the situation is not how the globalists are proceeding.
