"Elections will soon be a quaint relic of the past, says globalist Klaus Schwab, who points to AI as the coming King of Democracy" - Draconian dronification from the Davos Dungeon! - Includes .45 sec vid.

(Excerpts:) "Schwab said 'the next step' for digital technology would be to replace voters with A.I...Remember when Yuval Harari, who is Schwab's top adviser, said a few years ago that in an age of AI humans no longer have free will?...If AI knows what everyone is thinking and is able to influence people's choices, at some point literally making all choices for them, then why would we need to even bother with 'elections'? The world would, at that point, no longer be populated by humans but by remote-controlled transhumans. That's the ultimate goal of technocrats like Schwab — depopulate the humans and replace them with AI-augmented transhumans. Western politicians who routinely boast about 'defending our democracy' and 'human dignity' are over there fawning in front of this anti-human Nazi Klaus Schwab. They could care less about democracy or freedom. Just *[always!]* follow the money."

"Hidden Signs of the Revolution"

(Excerpts:) "...proof of the revolution in progress...Human creativity has flatlined and they are just begging the computers for new products...You are supposed to believe that people aren't buying because they don't have any disposable income, but that isn't it. They aren't buying because they are boycotting the entire system...Millions of people are going off the grid for good, and by that I don't just mean they are homeschooling or gardening. I mean they are disconnecting in every way they can from the Phoenician predatory economy of disease, waste, and death, also giving up on hospitals, doctors, junk food, TV, Hollywood, gigantic cars and trucks, banks, and the entire interconnected system of spoilage...People have had it and are simply refusing to support the regime anymore. Those whose income taxes aren't automatically taken and whose wages are difficult to garnish are just disconnecting from the feeding trough in any way they can. Many are quitting their jobs, hiding assets, and moving out of the country. Not to mention those who have been killed by the vaccines: they aren't paying any taxes now. That is the real reason the IRS is being expanded. They have to up the levels of fear and coercion, to try to stop the revolution in its tracks at this most fundamental level. Like everything else it won't work, since it will just piss off the citizenry all the more. People are very angry right now, but rather than look at the very good reasons for that anger, and trying to mitigate it, the Phoenicians are instead pushing forward with their Mordor plans...these people have no ability to admit to a mistake and to immediately reverse course."

Before viewing, take note that donkeys: are highly dependable, keep calm and carry on, allowing them to travel with minimal supervision between places they know well; show limited fear response to novel situations; have excellent memory, and great ability to learn; sociable and calm, are capable of independent thinking and decision making; have a strong sense of survival and won't do something they consider unsafe (ie stubborn for good reason), which makes them a great, trusted companion. "...then sent Jesus two disciples, saying unto them, 'Go into the village over against you, and straightway ye shall find an ass tied, and a colt with her: loose them, and bring them unto Me.' All this was done, that it might be fulfilled which was spoken by the prophet (Zech.9:9), saying, 'Tell ye the daughter of Sion, Behold, thy King cometh unto thee, meek, and sitting upon an ass, and a colt the foal of an ass.'" "Pakistan launches retaliatory strikes in Iran aimed at separatist militant group - Airstrikes come after Iran targeted sites inside Pakistan that Tehran claimed were used by a Sunni militant group"

(Excerpts:) "Iran has long accused Pakistan of allowing terrorists to hide out in the border region of Balochistan, which was targeted in the strikes, while in turn Pakistan has accused Iran of harbouring militants from Balochistan separatist groups. However, while Iran has taken low-level action against Balochistan in the past, Tuesday's strikes were unusually heavy-handed and Thursday's retaliatory bombings were the first time that Pakistan has responded with comprehensive military action against its neighbour. Sources in Islamabad said the decision was taken after heavy political and military pressure on the top army leadership to show strength against Tehran. God bless and keep us "speaking to yourselves [and each other!] in psalms and hymns and spiritual songs, singing and making melody in your heart to the Lord; giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ!" (Eph.5:19-20)

> 🌟 A must-view, imo! I can easily think of other components to add to his chart on both sides, but at least his is a start to help more people WAKE UP!—To resist (Jam.4:7) and be not unwise but understanding (Eph.5:1-17) regarding some of the who, how, why, what and where's of the Matthew 4:9 boondoggle! Note the imperative importance of not allowing oneself to self-loath, self-destruct, despair and degenerate! 2Cor.4:8-18!

> 🤔 "War on Yemen? Don't Expect A Cakewalk"

(Excerpt:) "In short, US global ambitions segue perfectly with Israel's regional strategy. Neither country believes it can achieve its broader aims through peaceful means due in part to the lack of critical resources and flagging economic output. So military aggression is the only path forward., Biden's policy is intended to starve Yemen into submission...to kill people in the most agonizing way imaginable to assert control over a scrap of land that is 8,000 miles away from the United States...The table is set for a major conflagration in Yemen that will quickly escalate and spread across the entire Middle East. I see no indication that Biden is planning to slow the rush to war or pull back from the brink. This is shaping up to be a real catastrophe.":

> 🔍 *"How long shall the land mourn, and the herbs of every field wither, for the wickedness of them that dwell therein? The beasts are consumed, and the birds; because they said, 'He [God] shall not see our last end.' ("The eyes of the LORD are in every place, Beholding the evil and the good."—Prov.15:3!) If thou hast run with the footmen, and they have wearied thee, then how canst thou contend with horses? And if in the land of peace, wherein thou trustedst, they wearied thee, then how wilt thou do in the swelling of Jordan*?" (Jer.25:4-5)*

**"The term 'swelling of Jordan' is a Hebrew idiom implying 'pride and boastfulness'. It infers going one's own way without constraint or control. The swelling waters are coming to us at the end time, as the arrogant and unbridled actions of man and his governments rise beyond human control. But through the 'swelling waters' God has a specific intent for His people. The Hebrew root word for 'swelling' points to rising up to be gloriously exalted in triumph! And just as God began to magnify Himself through Joshua's leadership as he faced the swelling waters, is this not swelling powers of evil that think to control the times and seasons? The greatest trials bring the greatest victories!" — Maxine G. Hedlund (whisperingnotes.org)*

"Watch ye therefore: for ye know not when the master of the house cometh, at even, or at midnight, or at the cockcrowing, or in the morning: lest coming suddenly he find you sleeping. And what I say unto you I say unto all, Watch!" (Mk.13:35-37)

"Sodom and Gomorrah Is Being Imposed on Citizens by Allegedly Representative Governments"

(Excerpts:) "The average American, Englishman, French, German, Canadian, Australian [i.e. all worldly nationals!] citizen is too insouciant to have any understanding that his culture and moral values have been replaced by those of Sodom and Gomorrah. Very few comprehend that normal beliefs and behavior have been criminalized...everything previously considered normal, moral, legal, and totally defensible is now suspect, indefensible and criminalized...[because] satanists have a complete 'blueprint for the crushing of the human spirit, leading ultimately to its total subjugation'."

(Excerpts:) "So even as [the elites] get increasingly desperate with the accelerated imperial plunge into a geopolitical and geoeconomic abyss, they're frantically changing the narrative – a domain in which they excel. And that explains why discombobulated European vassals in the NATO-controlled EU are now in total panic....When fentanyl replaced heroin as a domestic US plague, it was pointless to continue occupying Afghanistan – subsequently abandoned after two decades...leaving behind over \$7 billion in weapons. It's impossible to describe all these Empire-centric concentric rings of corruption and institutionalized organized crime to a brainwashed collective West.":

Russia is winning the US proxy war and Nuland is running out of options. In her deranged mind, the best way to get NATO involved is to harm Europeans with a radioactive cloud from a nuclear power plant that Russia allegedly destroyed. The Propaganda media would sell the story and suppress the truth, as it has done throughout the war...Ukrainian soldiers are burned out. Assistance from the West has dried up, temporarily.
