Vision of a Modern Highway in the 7th Century BC!

From the series: "The Script is already Written." By Gaetan

How did the prophets of old see in such detail the events that are happening today?

If you were someone living in the 7th century BC and you had received a vision of a modern highway, how would you describe it?

**Well, two thousand six hundred years ago,
Nahum the prophet described it this way:
He said:**

**Nahum, the Prophet
7th century BC.**

“...the chariots shall be with flaming torches in the day of his preparation...”

...the chariots shall rage in the streets; they shall jostle one against another in the broad ways:

...they shall seem like torches; they shall run like the lightnings.

Nahum chapter 2:3-4

Nobody in his day had ever seen an automobile so he had to compare it to what he was familiar with and the only thing he could possibly call them.

Ancient chariots certainly didn't run like lightning in Nahum's day, although their horses could gallop pretty fast, like the horses in Ben Hur's chariot race.

But there were no broad ways in those days that were filled with numerous chariots jostling against one another and causing so many accidents like we see happening today.

**They might have carried torches sometimes, but they were not like the flaming
headlight torches of the modern automobile!**

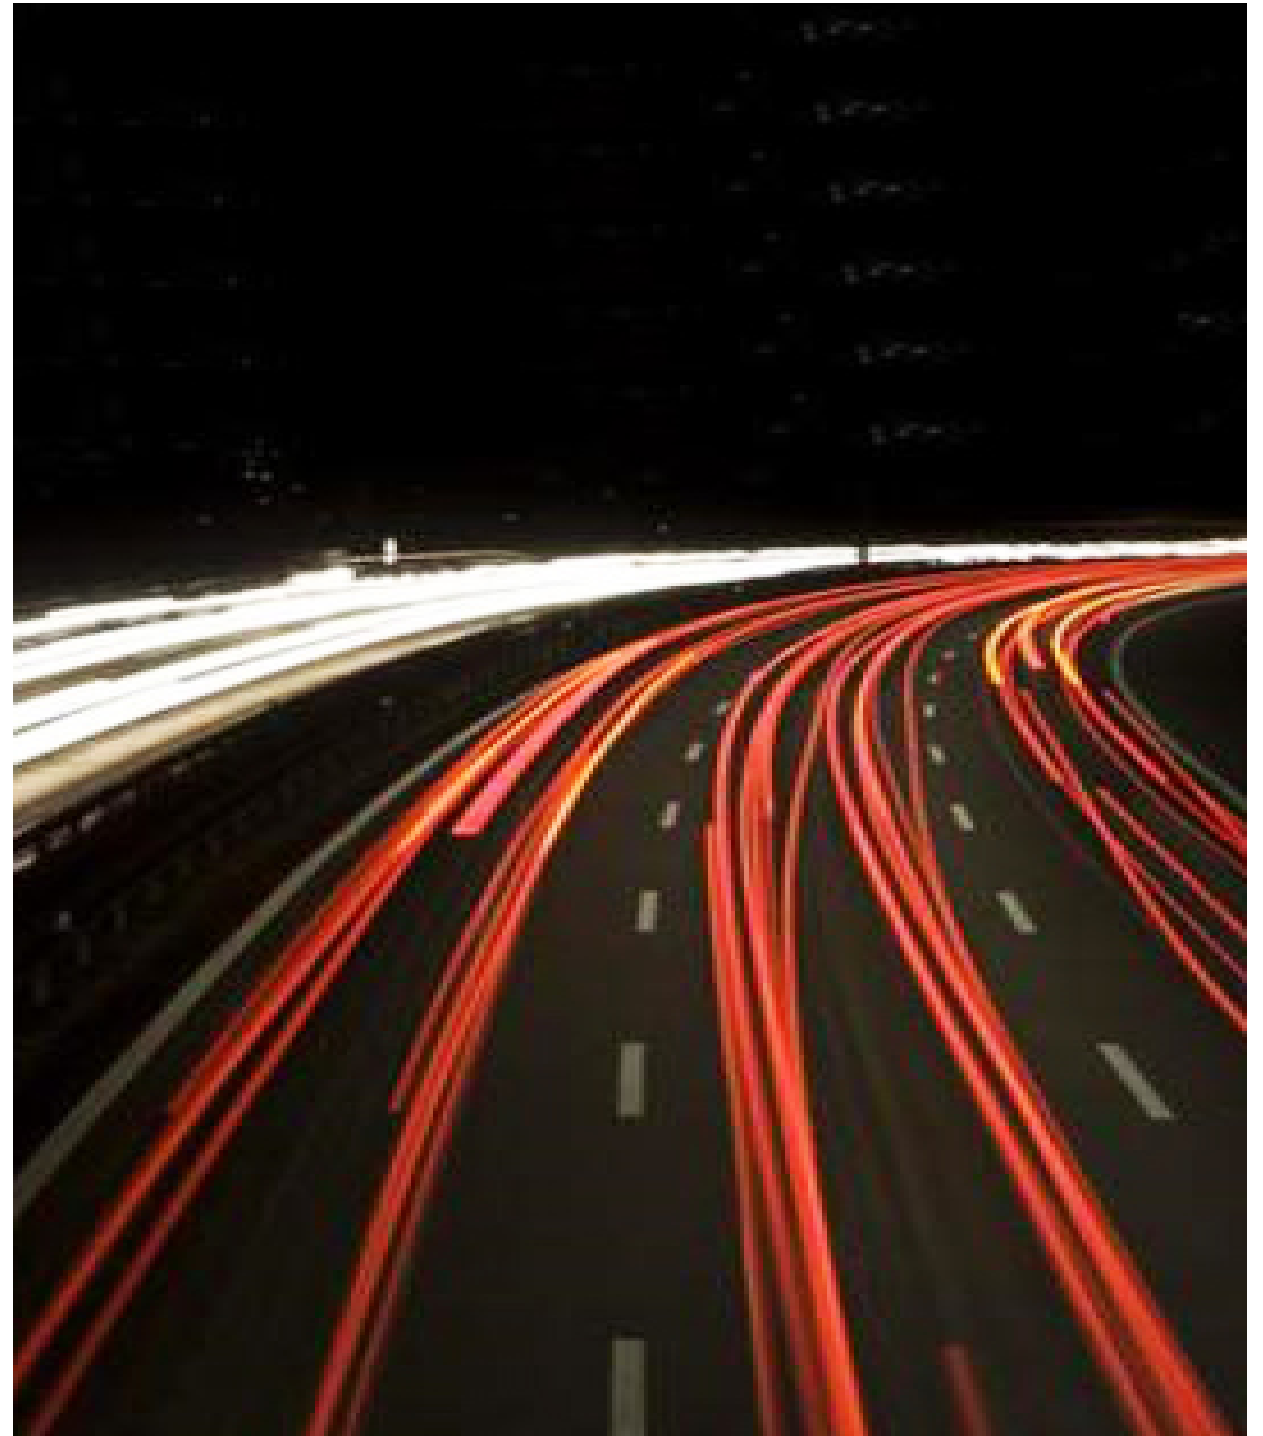

**But that's what Nahum was seeing, chariots jostling one another in the broad ways,
running like lightning with flaming torches!**

And today modern cars certainly jostle one another in the broad roads. Since the invention of the motor vehicle over a century ago, it is estimated that about 30 million people have been killed in road crashes.

Could this be a vision of our modern highways at night filled with vehicles with their head lights on? It would certainly fit the description.

And if it is, our modern vehicle-filled highways are another indication that the Lord is soon to return, for Nahum indicated that this would happen ***"in the days of the Lord's preparation"***, meaning the **Endtime!**

“...the chariots shall be with flaming torches in the day of his preparation...

**...the chariots shall rage in the streets;
they shall jostle one against another in
the broad ways:**

**...they shall seem like torches; they
shall run like the lightnings.”**

Nahum chapter 2:3-4
