1 May

While the world cries out, "Mayday! Mayday!", come what May, we hear our Saviour's call always, "Lo, I am with you always [remaining with you perpetually—regardless of circumstance, and on every occasion], even to the end of the age." (Mat.28:20b)

> 🏕️ "TENT PSYOP: Why now & Cui bono?"

(Excerpts:) "...[Soros] is funding the burgeoning tent cities at major university demonstration sites across the USA...First of all, it's of paramount importance to understand that [Soros] has always been a pivotal frontman and secret bagman for the hardcore...banking family...Secondly, it's critical to correctly understand that [Netanyahu] is only still in high office, after so many criminal investigations and serious charges, because the...banksters have installed him term after term...with this correct understanding it ought to be much easier to comprehend just what the heck is going on across America today at the growing number of protests... so that Hate Speech Laws will be passed in Congress and signed into law by Biden which will give Israel, Zionists and Jews special protections." - *Yep! Looks like a set-up! Soros, sorrows, hmmm, a take on "All these are the beginning of sorrows" (Mat.24:8)?! Are these protests some sort of clocked stress-test for network development ahead of the 2024 election?:*

(Description under the video on YouTube:) "As Palestinians leisurely spend a day at Gaza's beaches, tensions soar, sparking anger and outrage among Israelis. The sight of Palestinians swimming in Gaza's waters, amidst an enduring conflict spanning over 200 days, has evoked strong reactions from Israelis, who perceive it as a sign of defeat. Israeli journalists have chimed in, refuting allegations of genocide or famine in Gaza but expressing apprehension about the situation. > 🌟 Is a major paradigm shift unfolding? Despite Zionist control of the mainstream Western media, other avenues are ensuring that Ziorael cannot entirely conceal its actions. Discoveries such as these will, no doubt, only add impetus to the shift in global public opinion against the Zionist state. "Pride goeth before destruction, and an haughty spirit before a fall. For their heart studieth destruction, and their lips talk of mischief. Let destruction come upon him at unawares; and let his net that he hath hid catch himself: into that very destruction let him fall." (Pro. 16:18; 24:2; Psa/35:8)

Since 7 October, 2023, 9 countries, including Jordan, Bahrain, Turkey, Colombia, Honduras, Chile, Belize, South Africa and Chad, have recalled their ambassadors to Israel or severed ties altogether, citing humanitarian concerns about the escalating conflict. Regarding Jordan, on 14 April, 2024, it was reported that "Iran's drone and missile attack was defeated by Israeli military with orchestrated help from the US, UK and Jordan". So I'm wondering: Is Jordan's ambassador-recall just window-dressing? In digging deeper into this, I heard that this duality of sorts is due to many complex political reasons, and Jordan is, in a sense, on the ropes, having to navigate nefarious terrain. They have to please their people at home, please the surrounding Arab countries, and please Israel sometimes, too. Jordan receives some of their gas and water from Israel; therefore, they're somewhat beholden to Israel and can't afford to piss them off too much, or Jordan would be in a very tight spot. There's also a big US base in northern Jordan, so poor Jordan is between a rock and a hard place!

• "Israel using thermal weapons that melt, evaporate victims' bodies in Gaza"

(Excerpts:) " A Geneva-based right group urges an investigation into Israel's potential use of banned thermal weapons in its genocidal war campaign against Gaza which could evaporate or melt victim bodies. The Euro-Mediterranean Human Rights Monitor in a report on Tuesday said that testimonies received by the rights group show that victims' bodies appear to have evaporated or melted as a result of Israel's bombing of residential homes in the Gaza Strip. 'An international committee of experts must be established to look into the weapons Israel has been using as part of its genocide in the Gaza Strip, ongoing since 7 October 2023, including the potential use of bombs that produce such high heat that victims' bodies evaporate', the report said. According to the Euro-Med

Monitor report, thousands of bodies in Gaza remain missing and they 'no longer exist' and may have 'turned to ashes', raising questions about the type of bombs used in the attacks...Analysts believe that the Gaza war is the latest laboratory for Israel's arms industry.":

(Excerpts:) "In Jean Raspail's [1973] novel, 'The Camp of the Saints', the first law passed by the new regime prohibits marriage between white people...why did

leaders of the Western nations decide to destroy ethnic diverse nationalities in Europe and the West by turning all Western countries into towers of babel? This was the question raised by the last Briton, Enoch Powell, in 1968. In his speech he warned that the British nation was being replaced and said that the clash of hostile cultures within a country would result in rivers of blood. Of course, Powell had to be put down, and he was...So far the White Western Elite have destroyed every opponent of the ruling elite's conversion of the entirety of the Western World into a Tower of Babel. > ✨ I've been pondering over the US Christian revival of 2023, encompassing various campuses, which started at Asbury University in Wilmore, Kentucky, in Feb. Was that the Voice of the Lord, speaking, warning, pleading, harvesting, in a sense, before the storm — the now 2024 caballic-fueled crusade careening through many US campuses? Which is successfully pitting various factions against each other to birth this new, expanded definition that will mean that even political criticism of Israel could be construed as "anti-Semitic"! No 3rd Temple was overtly built this year in time for Passover; no red cows sacrificed. Will the sacrifice take on the form of the desired-victims to be expunged and exterminated by this blasphemous, Beelzebub-driven (kill) bill? (If you haven't already, I highly endorse viewing the documentary, posted in KU#133/22 April, "Praying for Armageddon".) Every Zionist Christian will have to decide between the pure Word of the Saviour and Satanic-twisted Scripture! "No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and Mammon. These things have I spoken unto you, that ye should not be offended. They shall put you out of the synagogues [churches]: yea, the time cometh, that whosoever killeth you will think that he doeth God service. And these things will they do unto you, because they have not known the Father, nor Me. But these things have I told you, that when the time shall come, ye may remember that I told you of them." (Excerpts:) "Your U.S. government can now legally kill Christians for the 'crime' of worshipping Jesus Christ! A diabolic deception has been perpetrated on the American people by their OWN leaders, Senators and Congressmen, who have sold their soul to the Devil. On March 5, 1991, in the House of Representatives, and March 7, 1991, in the U.S. Senate, without any knowledge of, or input by, the people of the United States, U.S. Senators and Congressmen passed a law that is so outrageous – and frankly unconstitutional – that it forces the American people to be bound by a set of monstrous rules, called the Noahide Laws, rules that make the belief in Jesus Christ a crime punishable by decapitation by guillotine!...No American should underestimate the ferocity of the commitment of the Zionist Jews to control the entire political system of the world through the One World Government now being created, and in so doing administer 'justice' as they define it. The main goal of the Zionist Jews and their New World Order is exactly the same as it was when Jesus was on earth – to exterminate Christ – and His followers! Nothing has changed.":

Tyranny and murder are alive and well and, in fact, thriving in 2024...the year of systemic breakdown of an unsustainable, broken, corrupted global system reaching its expiration date, with the proverbial shit violently hitting the fan now, the long-planned economic collapse of the US dollar economy crashing worldwide and humanity plunging towards global war on multiple warfronts. > 🤔 **"HOW BRITAIN SHIELDS ISRAEL FROM WAR CRIME CHARGES** - The

UK government has provided special diplomatic immunity to scores of foreign officials accused of committing serious violations of international law"

(Excerpts:) "By granting 'special mission' immunity, foreign officials have been able to visit the UK without fear of arrest...other countries have benefited too...Campaign group Redress previously noted that: 'The UK should refuse to accept an individual as being on a special mission, and potentially entitled to immunity, when there are reasonable grounds to suspect that the individual has been involved in or associated with international crimes including torture, war crimes, crimes against humanity or genocide'." - *Refuse? Dream on! Honestly! That foul U(nlimited)K(orrption) outfit is freakishly fraught with off-the-charts filth!*

> 🙄 **"JACQUE ATTELI: 'THE FUTURE WILL BE ABOUT FINDING A WAY TO REDUCE THE POPULATION'"**

"The future will be about finding a way to reduce the population...Of course, we will not be able to execute people or build camps. We get rid of them by making them believe it is for their own good...We will find or cause something, a pandemic targeting certain people, a real economic crisis or not, a virus affecting the old or the elderly, it doesn't matter, the weak and the fearful will succumb to it. We will have taken care of having planned the treatment, a treatment that will be the solution. The selection of idiots will, therefore, be done by itself: They will go to the slaughterhouse alone." (Jacques Attali, from his book published in 2011, "Verbatim, Book 1, 1981-1986")

> † I was thinking: All the above may not, on the surface, appear as "good" news, but it is, because, imo, it shows that the Endtimes are on time, and the roll out of Matthew chapter 24 is happening 24/7! God help us to stay in step 24/7 with its sequence of events! And keep praising the Lord for the good (like in the event below) that comes about by being faithful to go into our "corners" daily and pray ("Pray without ceasing. Men ought always to pray, and not to faint." [1Thes.5:17; Lk. 18:1b] so we'll be tanked up to pray on the street corners and get out the Word and slice through the strong delusion with the Sword of the Spirit (see Heb.4:12) in whatever corners of the world we are!
