"Russia is changing its game. I have been warned that Putin has been under pressure to deal with the real threat to Russia: the US, the UK, and NATO.

Ukraine is just a mercenary soldier who is expendable, as far as the West is

The real powers - the US, the UK, and NATO - are all stepping up the game, and they are preparing for World War III and want to destroy Russia utterly." (Martin Armstrong, 6 May 2024)

> 🚩 *DYOR, but in 1814, the elites got some but not all of what they wanted (at the Vienna Congress) due to the Russian czar standing in their way. When Russia entered World War 1 in 1914, the elites made sure there would be no czar in their way going forward; hence, Leon Trotsky (whose real name was Lev Davidovich Bronstein, 1879-1940, the son of wealthy Jewish parents) was given \$20 million in Jacob Schiff gold to help finance the 1917 revolution. In 2014, the elites still had their bowels in a knot over Russia, so they installed President Petro Poroshenko, a 53-year-old billionaire with a chocolate empire, in Ukraine (after financing a pro-Western uprising which overthrew Ukraine's Russia-backed leader Viktor Yanukovich). • **"Karen Kingston - A Whole New Level Of Evil Is Upon Us (This Must Be Why They're Going After Her!)"** - 12.45 min vid. *This is, imo, a MUST-VIEW vid.*

At times she speaks quite quickly, so I slowed the speed of the vid down to .75 — here are some notes and quotes from the video, but, again, please view in full!

- Pharma CEOs flocking to China, due to the fact that more and more exposure is occurring in the US around these mRNA nanoparticle injections, and pledging their allegiance to Xi, and tripling down on their investment. Americans are catching on to what's being done to them, and the pharmaceutical industries are flying to China.

- "The use of synthetic biology and nanoparticle technology, they were never safe, that was entirely a lie. They are not safe to be used in any human being."

- "Specifically, the documentation on how they are editing the genome of human beings to cause disease, it's in their own documents."

- "The evidence is overwhelming, it is catastrophic."

- "It's called the biorevolution, that's what the government calls the use of the technologies and synthetic biology....It is really founded on several core technologies."

- *[Karen reading from a report:]* "It's all about being able to read, write, and edit the code of life, the DNA. Biology is, essentially, programmable. You can alter the sequence, you can add genes, you can remove genes, you can swap them around, and it's become very popular. An RNA-based delivery method that allows you to use RNA as a kind of platform to deliver new bits and pieces of genetic

sequences inside the cell would be a game-changing inflection point in synthetic biology and the covid19 pandemic is giving us a chance to test that out in humans."

- "For God's sake! Don't take the next shot! These jabs are government sponsored bioweapons!"

- "What happened in Wuhan was that the residents of Wuhan and other cities in China, Italy and the US *[and elsewhere]* were victims of a coordinated nanoparticle bioweapon attack using the same nanoparticles that are in all the covid19 vaccines. Most victims became infected with the nanoparticles in early 2020 via direct aerosol attack, surface transmission or food and beverage contamination."

- "Lipid nanoparticles *[aka spike proteins]* that are in the vaccines are also known as vaccine technology, that can deliver toxins, chemical weapons and weapons of biowarfare...to suppress the human immune system by turning humans into carriers of lethal diseases and manufacturers of a bioweapon: the lipid nanoparticles."

- "The lipid nanoparticle, which is the spike protein, which is the virus, which is the vaccine, is designed to hijack the cells of your body to deteriorate your cardiovascular system, your immune system, your neurological system while turning you into a factory to carry disease. That's the purpose. It's not to kill you."

- "Covid19 was caused not by a virus, gain of function or otherwise. It was caused by the lipid nanoparticle technology. It was caused by what our biodefense department sickly and perversely referred to as vaccines. So that when people who are pretending to be our allies and are talking about mRNA vaccines...they know it's their code word for bioweapon."

- "It's all been lies, and I want to be very clear what's in those vaccines are the most advanced bioweapons ever created in the history of humanity."

- "[It has been] said, 'It is brilliantly exquisite because it has the power and intelligence of a god', but not our God. It is evil, and in the wrong hands, with bad actors with access to the resources and the systems that all life depends on, those inoculations, this mRNA lipid nanoparticle technology can exterminate a species within a year, including humans, because it hijacks the genome. As these infiltrate our body and make our bodies produce more lipid nanoparticles, we infect other people. We are changing God's creation. We don't have time for a jury.":

(Excerpts:) "Any serious military analyst knows NATO has less than zero capability to transfer significant forces and assets to Ukraine – no matter the current, grandiloquent Steadfast Defender 'exercises' coupled with Macron's mini-Napoleon rhetoric. So it's Ouroboros* all over again, the snake biting its own sorry tail: there was never a Plan B to the proxy war. And at the current configuration in the battlefield, plus possible outcomes, we're back to what everyone from Putin to Nebenzya at the UN have been saying: it's over only when we say it's over. The only thing to negotiate is the modality of surrendering... Moscow has to be fully aware that serious threats remain... Putin and Xi face to face in Beijing on May 17. Everything will be in play – and on the table. Then a new era starts – outlining the path towards the BRICS+ summit next October in Kazan, and the subsequent multipolar moves. The NATOstan lackeys will remain dazed, confused – and hysterical." - ("The ouroboros or uroboros is an ancient symbol depicting a serpent or dragon eating its own tail. The ouroboros entered Western tradition via ancient Egyptian iconography and the Greek magical tradition. Excessive ambition and oversized strategic scope contribute to many types of failure. These reflections are the current portrait of the U.S...The terms under which the 'national security' of the USA is defined, its protection grows at the pace of the destruction of the sovereignty, economy and freedom of its 'allies'. Being an 'ally' with the USA does not guarantee immunity against economic interference, subversion and sabotage, quite the opposite. It guarantees that this interference is carried out more easily, as the traditional defenses that result from national sovereignty do not exist. "King Bibi's Land Grab" - "If you've ever taken a lifesaving course, you know there's a real possibility that a drowning person will drag you under and you'll both die. It's a lesson that should be kept in mind when discussing America's relationship with Israel." (adapted from @LarryBoorstein)

(Excerpts:) "October 7th is merely a smokescreen that's being used to conceal the real motive for the war, which is Israel's determination to control all the land between the River to the Sea in order to establish a demographically viable Jewish state with a clear Jewish majority. That is the primary objective of the Zionist project and it has been for more than a century. The last remaining obstacle to achieving that goal is the nearly two million Palestinians who would rather die than abandon their homeland...mass eradication of Palestinians remains unchanged:

Excerpts from an online reader's comment: "Never trust the West, run by a foreign clan and the City of London. They have been genocidal murderers since the first World War...It's all about [the] narrative, folks. Always has been. [As far back as Gen.3:1 BSB, "Did God really say...?"]...the West had been spewing those lies for two damn World Wars now. At least in WWI, afterwards, the British parliament had to give a formal apology for their lying propaganda against Germany. Remember all those stories about Germans cutting the hands off of children as they swept through in WWI? After the war, famous lawyer Clarence Darrow traveled to Belgium and offered a FORTUNE if someone could produce one child without a hand. None claimed the prize. Imagine that. "Gaza 2035 - Netanyahu's dystopian vision for Gaza's future - Zionist Machiavellian plan for the region to counter Resistance and Iran" - Includes .13 sec and 2.06 min vids.

(Excerpts:) "The threat of Iranian expansionism has been the long-rolled-out pretext for US, UK and Zionist preemptive violence and destabilisation in the region. Protectionism for the India-Middle East-Europe-Economic Corridor (IMEC) is paramount, as it counters the various China/Iran/Russian-led initiatives in the region including China's Belt and Road Initiative. Gaza must be captured as the central junction between the ancient trade routes Egypt-Gaza-Babylon and India-Yemen-Saudi Arabia-Europe. For this reason alone, the control of this tiny strip of seaside territory is essential for the future survival of Israel and the alliance of Gulf States, Egypt and Jordan - Turkey may also be included...This plan secures the vision that was laid out in the Netanyahu-commissioned Clean Break Doctrine established in 1997 - Israel's long term security, integration in the region, economic expansion, normalisation with Saudi Arabia and other gulf states. The US will sell itself as the harbinger of stability in the region...The UAE and Bahrain might perceive the plan as an opportunity to expand their influence in the region and to foster a defense alliance with the US and Saudi Arabia and will gain access to the Mediterranean... Will it succeed against the rise of the East and the increased unity of the Resistance Axis impervious to Western/Zionist sectarian-divide-and-rule machinations? It will be a war to secure the regional heritage and cultural identity against a dystopian future of invisibility and eradication of all that is precious to the people of Part 3 of 4 the region. I believe it will be won by an increasingly powerful and united Resistance Axis and non-aligned alliance but not without cost and sacrifice...Iconic Syrian Catholic Priest, Pere Elias Zahlaoui (a profoundly spiritual and humble man) told me that the terrible sacrifice made by the Palestinian people will awaken the world and bring about huge transformation for Humanity - we are at a crossroads and the West is fighting for survival. This is when it is at its most dangerous and Machiavellian."

(Excerpt:) "On Wednesday, the first meeting of the WHO Alliance for Food Safety concluded. The meeting of WHO collaborating centres, UN organisations and donors was convened to support the implementation of the 'WHO Global Strategy for Food Safety 2022–2030'. Liberty Counsel Action summarised the initiative: 'A new plan for global governance just launched an alliance to control what you eat. The alliance will have authority over what food is being produced, how it will be produced, managed, and inspected – and where the 'food' [*synthetics? bugs?*] will be distributed.' This new plan uses the One Health approach. Last year, David Bell explained that One Health is designed to use fear to control us and justify our restriction, impoverishment and death. It is a cult based on fear of the world and the people who they say poisoned it. And it is baked into WHO's proposed amendments to the International Health Regulations and Pandemic Treaty. The World Health Organisation is a specialised agency of the UN. The UN is supposed to become the One World Government. Organised in collaboration with the US CDC, on 6 to 8 May 2024 the WHO Nutrition and Food Safety Department hosted the first meeting of the WHO Alliance for Food Safety. Bringing together WHO collaborating centres and other institutions, the meeting aimed to support the implementation of the 'WHO Global Strategy for Food Safety 2022–2030' which was adopted at the 75th Session of the World Health Assembly in May 2022. It was planned that the implementation of the Strategy takes place over 8 years from 2022 to 2030, hence the years stated in its title.":
