>  **"Why Do Ambulances Now Post Warning Signs of Sepsis, Not Covid-19?"** - *Here's a sizable excerpts-chunk because I'm adamant about this topic and heap scorn on mediSIN's macabreness! DYOR, break free from the world's pharmakon tactics and take dominion over your God-given temple!*

(Excerpts:) "The stories about Chinese lab leaks of viruses from animals spreading a mutant virus planted reverse conspiracy stories are manufactured media diversions and to cover up the above deadly reality. The proverbial cat is out of its bag of secrecy when it comes to COVID-19. For example, in Dublin, Ireland, ambulances now post the warning signs of Sepsis, not COVID-19, on the outside of their vehicles...'The only way to get MERSA (flesh-eating bacterial infection) is from antibiotics. Human skin has harmless Staphylococcus bacteria that is "sensitive" (killed) by antibiotics. The same can happen with Clostridium Difficile bacteria in the gut. When given antibiotics, Staph forms into a protective Plasmid (or protective virus) that makes it resistant to the antibiotic (to protect essential balance of stores of bacteria). The result is an infection or overgrowth. In a hospital, patients are stuck with needles and IVs that allow the Plasmid protected Staph bacteria to penetrate blood vessels and get into the bloodstream (causing blood poisoning). Antibiotics make Staph into a ferocious, flesh-eating bacteria nicknamed MERSA (MRSA Methicillin Resistant Staphylococcus Aureus). After about three months, the antibiotics filter out of the body and the Plasmids dissipate and revert to their original beneficial function...'Forty-seven percent of meat sold (as of 2013) is also laced with flesh-eating bacteria from antibiotics given to cows. In a hospital the staff (absurdly) wear masks, gloves and use antiseptics to prevent bacterial infection, but then, unknowingly, they proceed to feed patients a hospital meal with meat from animals given antibiotics that can cause infection through the food chain instead.' (Paraphrase, Jennifer Daniels, MD, Murder by Medicine is No Accident, January 15, 2013) The world of COVID-19 is a falsehood that is spread by a chorus of the WHO, CDC, DOD and well-compensated doctors and pseudo-scientists, media, controlled opposition operatives, and even some fear-mongering alternative medicine opportunists. The reality is the fictional COVID-19 did not cause Excess Deaths over average seasonal flu and respiratory disease. Rather, it served only to drive the fearful to seek hospitalization or immunization where the public become acutely aware of the deadly synchronized realities of the Four Horsemen of the apocalypse: 1) the specter of death from hospital-created blood poisoning by good bacteria forming protective plasmids to resist death from antibiotics by entering the human bloodstream from needle and catheter perforations into blood vessels; 2) double-deadly administration of more antibiotics, and plausible more bacterial resistance, to treat the Sepsis; 3) spotty deaths and debilitation of younger people from COVID mRNA vaccines plausibly among those who have taken prior antibiotics within three months, eaten antibiotic-laced food, have a suppressed

Innate Immune System from low cholesterol and low Vitamin D from lack of sunlight (not synthetic supplement), and have concurrently taken steroids, and; 4) taking prescription of drugs at the lethal dosage as the standard of care.":

The NATO axis has lost conventional warfare on the battlefield due to Russia's superior firepower and military tactics [and] are becoming desperate from the historic defeat...Their insane proxy war is a monumental debacle that spells calamity for the political establishments in the West, including the lying propaganda news media...[so they] are going into full false-flag mode to create some frenetic distraction. (Excerpts:) "Israel is already the world's leading exporter of surveillance and digital forensic tools...Israel is using Gaza as a weapons-testing site so that it can market these tools as battle-tested...the marketing of 'automated

murder'...'intelligent' weapons proven effective in Gaza were major attractions when Israel marketed them last month at the Singapore Airshow, East Asia's biggest arms bazaar...electronic media—television chief among these—have conditioned people to rely for information on pictures and images instead of reading. 'They lose the ability to analyze text, and so the ability to understand problems', Köchler said. 'People come to live in virtual worlds.'..The Biden regime supplies Israel with weaponry to prosecute its criminal siege of Gaza's 2.3 million Palestinians. It gives the apartheid state diplomatic cover at the United Nations and legal cover at the International Court of Justice. It distorts and obscures the IDF's 'Stone Age' conduct. All of this requires us to speak now not of Israel's genocide but of the Israeli-U.S. genocide. But the Biden regime is culpable in inflicting these multiple wounds on humanity in one other dimension we must not miss. With its incessant attempts to suspend us in a virtual reality of its making, distant from what it is doing in our names, it leads us into the dehumanized, grotesquely technologized future Köchler describes just as surely as the Israelis do as they murder human beings wholesale with AI weapons and kill innocent children with remotely controlled sniper drones.":

(Excerpts:) "Haiti is yet another country afflicted by the scourge of the Mystery Religion's acolytes...Even the very name of the country itself hints at a potential Masonic allusion by its founders: in the Taino tongue, Haiti means 'land of high mountains' or 'high places'. [*"The devil taketh [Jesus] up into an exceeding high mountain, and sheweth Him all the kingdoms of the world, and the glory of them; and saith unto Him, 'All these things will I give thee, if Thou wilt fall down and worship me.'* Then saith Jesus unto him, 'Get thee hence, Satan: for it is written, "*Thou shalt worship the Lord thy God, and Him only shalt thou serve.*" For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." (Mat.4:8-10; Eph.6:22) Note Jean-Claude "Baby Doc" Duvalier exchanging the thumb-on-the-knuckle handshake, aka Masonic Grip with an unknown US general in the first photo in the article!].Voodoo finds many similarities with Masonry, itself derived from the Mystery cults of Egypt...The symbiotic relationship between Freemasonry and Voodoo hints at manipulation on a truly grand and spiritual scale. The echoes of ancient Egypt, the veiled references to pagan deities — all serve as threads woven into a fabric of control, binding nations and souls alike. The disastrous impact that such poisonous spiritual deceptions can do to a land can scarcely be reckoned, but I believe Haiti serves as a prime example of it...Ever since the birth pangs of modern

Freemasonry ceased in 1717, its insidious tendrils have wrapped itself around the world, ensnaring our nations in her perfidious plots and deadly deceptions." :

"An Open Letter To My Dear Palestinian Christian Brother, Fares Abraham"

(Excerpts:) "...your pleading words will, for the most part, fall on deaf ears among the people you are primarily trying to reach: America's evangelical Christians. Why? In large part because America's evangelical Christians are consumed with Zionism. They have been brainwashed with Scofield Futurism and Premillennial Dispensationalism. And they are almost completely void of the understanding of Christ's New Covenant...still living in the Old Covenant where the Israelites are 'God's chosen people' and Gentiles, especially Palestinian Gentiles, are cursed people, if they are considered human at all...[their] christ...did not tear in two the middle wall of partition in the temple, thus forever removing the 'chosen' spiritual distinction from Israel and the spiritual inferiority from the Gentiles; [their] christ did not make Jews and Gentiles one; [their] christ did not abolish the Old Covenant and establish a New and Better Covenant; [their] christ condones genocide, ethnic cleansing and mass murder of innocent women, children and babies. [They're] still living in the Old Testament... brainwashed with the doctrines of Christian Zionism...too ingrained, too ensconced and too enslaved in the hellish doctrines of Christian Zionism to even listen, much less give heed, to what you are saying. But keep saying it, Brother, because the silver lining in this dark, dark cloud of falsehood is that the Holy Spirit is awakening people one at a time to the glorious truth of Christ's New Covenant." - PTL! The laws of war have been torn up and the enclave is now completely at Israel's mercy"

(Excerpts:) "Neither party yet proposes banning the sale of British arms to Israel, arms that are being used to commit precisely these violations of international law. Neither is referencing the International Court of Justice's ruling that Israel is 'plausibly' committing genocide...the main political conversation in the West is still mired in delusional talk about how to revive the fabled 'two-state solution', rather than how to stop an accelerating genocide...Israel has ripped up the most fundamental of the principles in international law: 'distinction' – differentiating between combatants and civilians – and 'proportionality' – using only the minimum amount of force needed to achieve legitimate military goals. The rules of war are in tatters. The system of international humanitarian law is not under threat, it has collapsed. Every Palestinian in Gaza now faces a death sentence. And with good reason, Israel assumes it is untouchable. Despite the background noise of endlessly expressed 'concerns' from the White House, and of rumours of growing 'tensions' between allies, the US and Europe have indicated that the genocide can continue – but must be carried out more discreetly, more unobtrusively.":

It is supposed to result from a rather specific set of circumstances (i.e. get vaccinated, it's safe and effective!), namely the power imbalances contained in hostage-taking, kidnapping, and abusive relationships (from those 3 there are plenty of parallels to draw from in relation to the pharademic!).*

"The rules-based order is in roaring form. Two weeks ago Israel bombs Iran's Embassy in Syria, an act of aggression against two states, the UN Charter and the Vienna Convention. Rules? Not only no condemnation, but defence of Israel against retaliation. So, last week Ecuador follows suit: sends armed heavies into Mexico's Embassy, snatching an asylum claimant — an assault on refugee and diplomatic law. Of course, the US has never respected international law. It was always one law for their friends and another for everybody else. But after six months of throwing international law on the bonfire in Gaza, something is broken. We are in freefall. Strikes on hospitals: normalised. Strikes on aid convoys, refugees, civilians: normalised. Famine as a weapon of war: normalised. All with impunity. We are witnessing the collapse of the post-war system instigated by the US and Europe, all to shield Israel, *[their]* outpost, from consequences. > 🔍 "Now the **serpent** was the **most crafty** of all the brutes on the earth." (Gen.3:1a Septuagint) Kit Knightly explains that it's part of an ongoing and widespread legal campaign to associate human rights with the spurious climate change agenda. This comes in the wake of Simon Stiell, United Nations executive climate secretary, saying on Wednesday 10 April 2024, in a speech at the Chatham House think tank in London, that "We need these stronger plans, now" and suggesting that climate action is not just for powerful people to address. "Who exactly has two years to save the world? The answer is every person on this planet!", Stiell evangelically declared. "More and more people want climate action right across societies and political spectrums", he added, calling for "a quantum leap this year in climate finance."

"Climate Change Court Cases are on the rise. Here's why."

(Excerpts:) "...it will 'embolden more communities to bring climate cases against governments'. It's not hard to see the purpose of this legal campaign...supra-national courts handing down legal decisions impacting multiple countries is a way of creating quasi-global legislation [*Think NWO!*] ...by tying climate change to human rights, governments can justify enforcing increasingly strict climate change policies, while simultaneously making it appear [*Craftily created word magik!*] that the judiciary is forcing their hand. Now they can effectively claim, 'You've got to switch to an electric car, or you're infringing other people's human rights', but also, 'don't blame us, our hands are tied by judges'. It also enables a propaganda campaign of escalating divisive language, mirroring the vaccinated vs unvaccinated messaging during the 'pandemic'...Previously, rights violations have been generally considered active rather than passive. The idea you can violate someone's rights through 'inaction' sets the precedent that courts can – and should – compel action to 'protect' the rights of others. A very slippery slope." - Hmmm? > 👁️ **"DOMAIN KILL SWITCH WARNING: EU DisinfoLab wants ICANN to seize website domains linked to 'disinformation'"**

(Excerpts:) "A nonprofit organization with heavy sway among policymakers across the European Union (EU) is pushing for the Internet Corporation for Assigned Names and Numbers (ICANN) to wage 'war on disinformation'...The purpose of all this would be to have ICANN determine which websites are unacceptable, meaning their domain names would be revoked. The entire internet worldwide would be affected by such a change...Since ICANN is the top authority for both website domain names and DNS registration, the group would be allowed, under the new scheme, to revoke entire websites that are deemed to be spreading some kind of 'misinformation'...What this all amounts to is

everything George Orwell warned the world about many decades ago: a ministry of truth control grid that expands the entire world, regulating everything people say and do – in this case online.":
