The

declaration, which was approved by Pope Francis, said God created men and women as biologically different beings, and that no one should try to alter that plan or 'make oneself God'. The document describes gender-affirming surgery as violating God's gift of human dignity and as attempting to play God on the surgeon's table during a 'sex-change intervention'. An exception was made for surgery to correct 'genital abnormalities', which healthcare professionals could help 'resolve', the declaration said." - *I guess the tranny didn't get the memo?*: <https://www.newsweek.com/catholic-church-monk-comes-out-transgender-vatican-pope-francis-1902567>

(Excerpts:) "British environmentalist Jim Dale is so angry that some people refuse to believe that the planet is warming due to climate change that he is now calling for all 'climate deniers' to be sent to the gulag...Dale thinks it should be illegal for anyone to express opposition to his personally held beliefs about the planet getting too warm due to things like people eating meat and farm animals passing gas. Andrew Doyle found himself embroiled in a fiery debate with Dale recently after Dale blew up at Doyle for holding a different viewpoint about climate change. Dale says he is okay with people who disagree with his views talking with their close family and friends about what they believe...However, if someone is caught 'polluting' public discourse with their opinions that Dale disagrees with, then he would prefer that they be thrown behind bars and punished for upsetting him...According to "Watts Up With That", Earth is actually in a process of cooling right now, not warming. If you oppose any form of LGBT gender ideology – this includes holding the belief that there are only two genders, male and female – then the Canadian Security Intelligence Service (CSIS) wants to lock you up for being part of the 'anti-gender movement', as they are calling it...According to CSIS, any opposition to LGBT ideology constitutes an Ideologically Motivated Violent Extremism (IMVE)

movement that poses a 'significant threat to Canada's national security'. CSIS also berated those who believe in only two genders as being 'homophobic' and 'transphobic'. (Excerpt:): "This PACT successfully merges all their issues in a package whereby if the UN decides on a strategy, the PACT will be implemented to execute the strategy and member states obey. So very sly. This means the International Health Regulations' and Global Pandemic Response Framework are just details and no longer bear the same importance we thought they had. It will be the PACT that will get the job done...But it is not so clever we cannot see the writing on the wall. The entire action ultimately is to control food, water, fuel and people...This PACT will be presented and signed off at the UN Summit of the Future this coming September 2024

(<https://www.worldfuturecouncil.org/un-summit-of-the-future/>) and is to be attended by heads of states – not mere diplomats but the heads of states...The ultimate aim is population reduction and the powers behind this have no moral restraint – they are resolute, intent and have all the money in the world to achieve their goals...George Orwell somehow knew this was coming, and it is. **"United Nations and World Invocation Day: A day to invoke satan and the antichrist"**

(Excerpts:) "Since 1952, World Invocation Day has been observed every year on the day of the Gemini full moon. This year the day is being observed today, 23 May. It is marked by the use of the Great Invocation....[Read to find out more! And remember...]"The esoteric goals of the United Nations have been

conveniently outsourced to the Lucis Trust to avoid controversies and conflicts of interests...As for the 'Coming One' [mentioned in the Invocation, quoted in this article]...who will work for all of humanity under a syncretised religion, look no further than references to the antichrist and the false prophet in the Bible. The 'Enlightened beings' invoked by Lucis' proteges are nothing but fallen angels whose activities and manifestations will snowball in the End Times. The surge in multifaceted chaos worldwide are just symptoms of this ongoing 'enlightenment'. The psychopathic religion of the Globalists shapes their decisions and actions. Their religious motivations play a significant role in their engagement in the real war they are waging on the minds of populations. It's irrelevant if we think it's fanciful; what's relevant is that they believe it. The United Nations [UN=United Nephilim!] library was built by a group called the Lucifer Publishing Company, later changed to Lucis Trust. Lucis Trust cites the writings of Theosophical Society founder Helena Blavatsky constantly as the inspiration for their organisation. The annual event has to align with astrological cues...Lucifer, the 'unfairly maligned sacrificing angel', is who the Great Invocation wants to summon...As for the 'Coming One' and 'World Teacher [Which the invocation invokes - read it in the full article!] who will work for all of humanity under a syncretised religion, look no further than references to the antichrist and the false prophet in the Bible.":

> 🙌 As reported in KU#137/20 May, a Louisiana bill that would require all public K-12 schools and higher education institutions to display the Ten Commandments in every classroom is poised to be the first such measure passed in the U.S. The Republican-led measure passed in the Louisiana Senate in a 30-8 vote on Thursday and awaits final House action before going to the governor for signature. Louisiana's Ten Commandments bill is inching closer to enactment as the role of religion in public schools continues to be the subject of state legislation and legal action. Under the bill, schools and colleges in Louisiana would have to display the Ten Commandments in a poster or framed document measuring at least 11 inches by 14 inches, with the text printed in a large and easily readable font and presented as the main focal point. Now, check this out! Louisiana is going for it, again! PTL!
