(Excerpts:) "An Israeli airstrike on a tent city full of displaced Palestinians on Sunday decapitated a small child and killed dozens of civilians. From AP, 'Palestinian medics say Israeli airstrikes kill 35 in Gaza's Rafah as displaced people are hit': Palestinian health workers said Israeli airstrikes killed at least 35 people Sunday and hit tents for displaced people in the southern Gaza city of Rafah, and 'numerous' others were trapped in flaming debris. Gaza's Health Ministry said women and children made up most of the dead and dozens of wounded. The attacks came two days after the International Court of Justice ordered Israel to end its military offensive in Rafah, where more than half of Gaza's 2.3 million population had sought shelter before Israel's incursion earlier this month. Whereas, *[there has been substantial verified eyewitness, forensic and third-party investigative]* evidence Israel lied about Hamas 'beheading 40 babies' in one small kibbutz on October 7th, there's horrifically graphic video showing Israel decapitated a Palestinian child being shared all over social media (WARNING: GRAPHIC).":

>  **"The West's War on God"**

(Excerpts:) "Perhaps the most startling quality of world leaders today is that they do not believe in much beyond their own wants and needs. Many will feign a belief in God for the sake of appearances, but true believers are hard to find. In the West, where Christianity has shaped society for two thousand years, it is more common to find governments punishing Christians for their faith than to see biblical doctrine defended...Nowhere are leftists more committed to burying Christianity than in the United States. Why is that? For the same reason that the Chinese Communist Party tortures, enslaves, and murders Christians living within its domain: Christians understand that God's authority supersedes that of the State. China must prevent Christianity from growing within its borders because a population faithfully obedient to God will not remain mindlessly obedient to a communist dictatorship. Likewise, American Marxists must first dismantle American Christians' spiritual faith before they can cultivate a widespread dependence upon and deification of D.C.'s Deep State...Without actively seeking God's guidance, Americans cannot expect to enjoy God's blessings. It is a sure-fire and diabolical path toward tyranny."

• **"Are Biden And Netanyahu Orchestrating War In the United States?"**

(Excerpts:) "In my view, Christian Zionism is a much greater threat to the United States than communism or fascism or Islam or any other tyrannical doctrine.

Christian Zionism completely controls the Republican Party (Jewish Zionism controls 90% or more of the Democrat Party); it controls 80% of the evangelical

churches in America and at least that same percentage of the evangelical colleges, universities and seminaries; it condones and justifies mass murder, ethnic cleansing and genocide on behalf of Israel; it is the biggest cheerleader for perpetual foreign wars; its loyalty is first to Israel, not the United States; it refuses to oppose the invasion of criminal illegal aliens into America, because it knows that Israel is the largest facilitator of this invasion; its egregiously iniquitous use of the erroneous teachings of Israel-based eschatology has made Zionist zombies out of most evangelical pastors and churches. In short, there is almost NO spiritual opposition to this evil antichrist beastly system. And without spiritual opposition to antichrist, the Church becomes 'good for nothing' (Jesus, Matthew 5:13). (I invite readers to watch my recent message 'Good For Nothing Churches'.) [Link to that message is in this article's link below.] Any honest, objective observer (this omits Christian Zionists) can clearly see that the U.S. government is engaged in a devilish conspiracy with Zionist Israel to orchestrate war inside the United States.":

>  *Why is New Caledonia on fire and why is France being tossed out of many of the African States with more to come? There exists a "colonial tax" in 14 African countries, which were formerly French colonies, resulting in substantial annual payments to France, amounting to around \$500 billion. These countries were under French oppression until 1958, after which they gained independence. However, nations such as Benin, Burkina Faso, Côte d'Ivoire, Guinea, Mali, Niger, Senegal, Togo, Cameroon, Central African Republic, Chad, Congo, Equatorial Guinea, and Gabon are still burdened with paying colonial taxes. These 14 countries have a combined population of 174 million and a nominal total GDP of \$196 billion, with a PPP GDP of \$411 billion. Formally, France has halted its colonization policy, but its economic colonization of these African states persists. A portion of the colonies' budget continues to flow to the French central bank under various names and categories. This process allows France to appropriate approximately 85 percent of the former colonies' annual income. As a result, African countries face financial difficulties, and they are forced to borrow back their own money from the French central bank as debts. To reclaim their funds, African countries are limited to applying for no more than 20 percent of the transferred amount. If they seek a larger sum, the former colonizer has the authority to veto it. France argues that it is merely repaying the money it spent on buildings and infrastructure constructed over a century ago. Any refusal by an African ruler to pay the colonial tax often leads to a France-instigated coup. The latest coup in Niger is different, the coup ousted the France-friendly president. Africans have had enough. Here's a list of the coups that have occurred in French colonies just in the last three years: Gabon (August 2023), Niger (July 2023), Burkina Faso (January 2022), Guinea (September 2021), Chad (April 2021) and Mali (August 2020). There are another 8 to go within the 14 that form the sphere of French control in Africa.:*

within reach from the back porch! I hope and pray that this article lights a fuse in those, who may not already be doing so, to get growing your own pharmacy!

(Excerpts:) Recently, I gave a presentation about edible plants at my local library. Kitchen herbs that, in fact, double as medicinals, which people can easily grow in their gardens or on window sills. While preparing my presentation, I was reminded that this topic is immense in its breadth and depth. One number especially stood out and even stopped me in my tracks. There are 50,000 – 80,000 plants used medicinally worldwide, according to the Center for Biological Diversity. What a number! I feel a bit inadequate with my limited knowledge of several hundred of them. The millennia-old knowledge of herbal medicine is practiced in all regions of the world and backed up by much international research—the Near East, Russia, East Africa, North East India, and even Transylvania. The list clearly goes on. In recent years, scientists have re-discovered their urge to learn more about our floral companions. This rekindling of passed-down wisdom is possibly driven by the need to find remedies for diseases that otherwise modern medicine seems unable to prevail over. A 2024 review, published in the journal *Pharmaceuticals*, appears to follow this direction. The new release highlights 15 medicinal plants with potential anti-tumorigenic qualities, meaning these plants have active compounds that fight abnormal cell growth.":

"California city accused of banning chaplains from praying in Jesus' name"

(Excerpts:) "A California city has been accused of wrongfully ordering two chaplains to stop praying in the name of Jesus Christ, which a legal group argues violates their religious freedom. The First Liberty Institute sent a complaint letter to the Carlsbad City Council on Tuesday regarding the City Manager Scott Chadwick allegedly ordering fire chaplain Denny Cooper and police chaplain J.C. Cooper to stop praying in Jesus' name...the city manager's reported argument that praying in Jesus' name constituted harassment of non-Christians and created a hostile work environment. 'This is not a true or accurate understanding of the law, which has always protected the prayers and expressions of religious Americans...**Ironically, the city manager's order has created a hostile environment for the Chaplains and many other people of faith...**":

(Excerpts:) "Fast forward four years and the truth starts to seep out....In the Scottish Covid Inquiry, a porter described the situation in the hospital he worked at. First of all, he says that, even though the porters were working in a hospital, the very place you would expect to catch Covid, none of the porters were

catching the virus. Next the porter tells the inquiry that, contrary to what they were expecting, there was in fact a significant fall in the amount of work they had to do. Patients were discharged home or to care homes and elective surgeries were cancelled. The porter says that the medical block was less than half full - instead of being close to capacity like normal, he'd walk round and the wards would be half empty. As a result of the empty wards, the hospital staff had lots of free down time...[So if] you see videos such as the one below trending [*Keeping in mind the Covid dance moves we all saw online!*], get ready for a bird flu lockdown." - Includes 2.15 min and .23 sec vids:

> 🗣️ The reason I have coupled the following two articles together is because I believe they coincide, in a sense, with what I've said above about the urgency of being in the Christ frame of mind more than ever before! Note the words "Weary" and "Resistance" in the first article of this coupling. It says in Daniel 7:25 that the Antichrist (who will be revealed after the upcoming new-world order is fully

implemented, with its governing council of 10 leaders [A is first letter of alphabet; I is ninth letter of alphabet; 1+9=10! Will they be 10 AI leaders?!]) "shall speak great words against the most High, and shall wear out the saints of the most High". Then in 1Peter 5:8-9 and James 4:7 it says, "Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour: whom resist steadfast in the faith; resist the devil, and he will flee from you." So if one's mind is not built up in the Word whereby to resist and "not be weary in well doing" (Galatians 6:9), they'll be a sure target for the Devil's demolition process!

(Excerpts from the introductory "article at a glance":) "...chronic stress and fear mongering have led to inhibited hippocampal neurogenesis and decreased mental resilience, which facilitates indoctrination. Your neurology is being assailed in a variety of ways that can impair your cognition. The good news is, once you understand how this is done, you can take proactive steps to protect your neurological health and in so doing 'inoculate' yourself against indoctrination at the same time. Two thinking systems exist: non-thinking (System 1) and critical thinking (System 2). Stress and poor mitochondrial health impair activation of System 2. Lifestyle factors like having a purpose, making sure you're getting all essential micronutrients, especially vitamin D and iodine, social connections, exercise and sleep support hippocampal neurogenesis, which is essential for lifelong neurological health. Essential dietary factors for mitochondrial health and energy production include limiting linoleic acid intake, eating the right carbs in optimal amounts and limiting fats, and keeping your serotonin and estrogen levels low. No truly masculine man would do such a thing, because it would mean abdicating his natural role as a protector of children...If you believe in any type of afterlife, it's even worse. Remember, God nuked entire cities for practicing homosexuality [see Genesis chapter 19]. Not only that, but the Bible says the sin of homosexuality is one of only four sins that cry out to Heaven for vengeance [murder (Gen.4:10), sodomy (Gen.18:20-21), oppression of the poor (Exo.2:23), and defrauding workers of their just wages (Jam.5:4)]. And keep in mind that Jesus said it were better for someone to have a millstone tied around their neck and be cast into the sea than to suffer the punishment allotted to someone who harms children [see Mat.28:6]...To support the NFL is to support little boys getting their penises chopped off and little girls getting their breasts chopped off. It's to support the murder of innocent babies. What kind of a man would do such a thing? Only a man who has completely abandoned his role as a protector of children. > Today I'd like to start with a repeat of an article from KU#128/18 March, because this past weekend I encountered someone's misuse of Romans 13. God help us to remember who our allegiance is to!

 **"Why We as Christians Cannot Ignore the Misuse of Romans 13"** - (Both text and audio version [11.38 min] provided.) *PTL! I've been praying and waiting for such an article as this to address this very quandary that I've seen many a Christian struggle with, fall for and swallow. When the  psyop was loosed, I witnessed a pastor say to his congregation, "Well, we'd better just obey the authorities, do the right thing, and get it." Classic putrefied reaction!, due to what?: fear?, confusion? The Word says, "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind. For God is not the author of confusion." (2Tim.1:7; 1Cor.14:33a) I don't want the "S" to be missing from the "Word" in my life! I want both "S" + "Word" = SWord so to be Heb.4:12ing! "For the Word of God is quick, and powerful, and sharper than any two-edged SWord, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart."*

(Excerpts:) "I offer a warning. [Being from 2018, this was indeed a warning as to what transpired globally about 18 months later!] If we allow any human government of any party or political persuasion to represent that obedience to its dictates are the will of God, then we will stand under the judgment of history and of God. There will be a real-world [wide] reckoning ending in tragedy for all [who took a knee, gave an arm to the hypnotists]. I am heartened by seeing so many in the broader Christian, Jewish and interfaith communities step forward to criticize this improper use of scripture. But I am also disturbed by the silence or even approval I see among other people who claim Jesus as their Lord...you and I are called to be vigilant. To be critical thinkers. To raise our voices against any idols placed in front of us by any human authority. Because we do not believe that human leaders are the ones who we ultimately answer to. And because in the end, we are not ultimately responsible to our leaders, our ultimate faith is also not meant to be in them...We are in a storm, and we shouldn't forget that we are in His presence...This should both challenge us and remind us that we're not in

charge of everything. We are to keep our eyes open, be vigilant, take action as we can, and to pray for the day when things are indeed on earth as they are in heaven. Amen." - Amen!:

A planet parade took place on Monday night, 3 June, with Mercury, Mars, Jupiter, Saturn, Neptune, and Uranus lined up in almost perfect alignment on one side of the sun and joined by the crescent of the waning Moon. The best visibility of the unique event came before dawn and early morning. Another parade of planets with only 5 celestial bodies will occur on the night of June 17.

> 🌟 So far, 13 Western countries, including 11 European nations, have agreed to let Kiev use their weapons to strike targets inside Russia, despite strong opposition from several nations. Where is this all going? Well, one thing's for sure: Yep, again, follow the money!

"UKRAINE'S Rare Earth Metals Valued at \$11.7 TRILLION"

(Excerpts:) "Ukraine's Handlers, the CIA, want to build a Lithium plant outside of Kyiv in order to oppose China's monopoly. It is believed that Ukraine has the largest unexplored rare earth minerals in Europe valued at \$11.5 trillion. This would explain why depopulating Ukraine [*Via the meatgrinder of war!*] was a necessary evil in order to take control over the resources. – Until the Last Ukrainian.~Zelenskiy quote. Most of Ukraine's rare earth reserves, including those of lithium, beryllium and niobium, are currently in zones occupied by Russia, mainly Zaporizhzhia and Donetsk on eastern Ukraine. Black gold soil – white gold minerals. These minerals are essential in making chips, smartphones, windmills, solar panels, laptops, and electric vehicles. And Europe wants them badly...While Russia is considered the largest producer of rare earth metals after China, at 2.6 thousand metric tons per year, the consequences of Ukraine's production could impact trade. From that standpoint, Russia has no real impetus to end the onslaught in Ukraine. And a more nefarious agenda may be playing out via the CIA and MI6. There is no love lost between Ukrainians and the CIA, MI6 and Mossad. Their economy is negligible. But sharing \$11.7 trillion with these citizens is not a common consideration among the Kabbalahs. Thus, using Russia as a means of eliminating the population and their share of the wealth

could explain the 'forever war concept'. It is the same game plan used over and over in Africa. Steal their wealth while punishing the citizens and pushing them deeper into poverty. Decade after decade, there has been no reduction in poverty, no hastening to shared economic wealth, no building – there are only vacant words while they rape the land, its resources, and wealth." - *Don't miss the rest!:*

"Everybody Wants Gaza's Gas - The \$500 billion windfall shoring up EU supplies"

(Excerpts:) "While bombs rain down, business continues as usual, with Israel granting 12 licenses to six companies to explore for natural gas off the country's Mediterranean coast on October 30th. This is the latest venture to exploit one of several gas fields discovered on the Mediterranean coast over recent decades, aiming to solve Israel's energy dependency and, crucially, Europe's supplies. The total oil and gas reserves were valued at a staggering \$524 billion in 2019. But Israel does not have sole legal entitlement to the \$524 billion, according to a UN report published in the same year. Not only is some of the \$524 billion sourced from within the Occupied Territory of Palestine, much of the rest sits outside national borders in the deep sea, and thus should be shared with all relevant parties...In June 2022, under pressure to find another source of gas since Russia's invasion of Ukraine, the EU signed a Memorandum of Understanding with a different colonising force to import gas from the Leviathan gas field [off the coast of Gaza]. This gas field, the biggest of recent discoveries, holds 22 trillion cubic feet in recoverable natural gas and could meet Israel's domestic demands for 40 years...Natural gas is seen as...building trading bridges with neighbouring Arab countries. Egypt began importing gas from the Leviathan field in 2020... Natural gas, or 'LNG' is being used as a political ploy around the world to deepen political relationships and economic interdependence as the world shifts from oil

not out of morality but simply because oil reserves are running dry...LNG is the darling fossil fuel with 40% less carbon dioxide emissions than coal (a low bar), and 125 years of global supply in current reserves.":

>  **"'Leader of the free world' permits genocide and global annihilation - This week may go down as the week that saw the collective Western leadership being self-indicted as criminally insane."**

(Excerpts:) "Confirming their moral decrepitude, Biden and virtually all of the Western establishment are moving to escalate the NATO proxy war in Ukraine by sponsoring a NeoNazi regime to hit Russia with long-range ballistic weapons. The criminals have become insane in their warmongering and gambling with a potential nuclear conflagration. President Putin warned that such relentless escalation would have dire consequences. That's not a bluff or idle warning. The savagery of Western imperialism has become a full-blown disease – again. World War One and Two were earlier pandemics of this disease. It is threatening the world once more in the obscene disguise of 'democracy, freedom and rule of law'. But that threadbare disguise is as transparent as it is grotesque. The diabolical image of a distraught Palestinian father holding up the body of a decapitated baby is the horrific reality of Western imperialism. There is no restraint in what this psychopathic system is capable of permitting – the genocide of millions and ultimately global annihilation. If there is any hope, it may be that the abominable reality galvanizes the world to rise up against this criminal system and the war criminals that lord it in high office.":

Okay! I'm gonna end it there. Whew! Whatta week! God bless and keep us all on our Endtime toes! Because that's where we are! "And as the toes of the feet were part of iron, and part of clay, so the kingdom shall be partly strong, and partly broken. And whereas thou sawest iron mixed with miry clay, they shall mingle

themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay. And in the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed: and the kingdom shall not be left to other people, but it shall break in pieces and consume all these kingdoms, and it shall stand for ever."
