> "Ominous Signs In Our Godless Nation, Most Christians Have Become Strangers And Foreigners In This World Now Ruled By Satan With Most Christians Persecuted, Hunted & Martyred Until Jesus Returns"

(Excerpts:) "Those who truly know Jesus and are known by Him will not be well liked and popular in this world. They're the enemies of this world — mocked, ridiculed, minimalized, censored, shunned, banned, persecuted, hunted and martyred for His name's sake. Many want to maintain the illusion of 'fire insurance faith', but are too cowardly to occupy until He returns, and so they will reap what they have sown...It's not easy being a true follower of Christ, making Him both our Savior and our Lord. And it's often difficult to follow His commands in this world that hates us. But that's our purpose for being here, and that's why we were saved. We were saved to serve our King. 'Fire insurance faith' is no faith at all...you may as well be an unbeliever. Many 'believe', but are too cowardly, too lazy, too apathetic to put their faith into action. Please don't sing 'Open the eyes of my heart, Lord' if you're not willing to see. And don't ask God to order your steps if you're not willing to move your feet...Where are the Christians? Where are those called to 'occupy' and serve as a restraining force against evil? Satan, the dragon, the serpent, is raging. Meanwhile, our pastors are silent, like dumb dogs, and rarely, if ever, train their people for the any type of significant kingdom work. [*Because soooooo many pastors want to bask in the "glory" of leadership and lord their title/officership etc. over their malnourished congregation!*] But God gave us His Word. We must use it to educate, train, prepare and equip ourselves and one another for this work and work as hard as we can, while we still can. And how do we overcome the dragon? Revelation 12:11 tells us: 'And they overcame him by the blood of the Lamb, and by the word of their testimony; and they loved not their lives even unto the death.'"

• **"International Bird Flu Summit' to take place in Washington D.C. October 2-4: Conference called to discuss 'Mass Fatality Management Planning'"**

(Excerpts:) "Another plandemic appears to be in the offing, judging by the obsession that so many [d]elites seem to have with the H5N1 strain of bird flu. We've all heard about the slaughter of millions of poultry. Even some cattle. And now they've called an 'International Bird Flu Summit' to be held in Washington D.C. from October 2 to October 4 and, according to the official online brochure for the event, they will be discussing 'a highly virulent strain of bird flu affecting both cattle and humans'... This appears to be a tabletop exercise to war-game a coming bird flu pandemic, serving much the same purpose as Event 201 served in October 2019 in New York City for the approaching Covid pandemic. [Which was held at John Hopkins University.] The bird flu, of course, promises to be much worse, with a death rate of between 25 and 50 percent, at least that's what we're told. The scare mongering is ratcheting up quickly, just as we approach the November presidential election. Whether this next pandemic will be timed for November or sometime in 2025, it's not a good sign that the [d]elites have scheduled this tabletop exercise.":

(Excerpt:) "Facial scans could soon do more than unlock your smartphone or identify you at the airport. Researchers have unveiled a novel way to assess aging and detect metabolic diseases using nothing more than the heat patterns on your face. This innovative approach, dubbed 'ThermoFace', could revolutionize how we monitor health and aging in the future. Imagine walking into a doctor's office and, instead of undergoing a battery of tests, simply having your picture taken by a special camera. This camera doesn't capture your smile or the twinkle in your eye, but rather the intricate patterns of heat across your face. According to the new research, these thermal images contain a wealth of information about your biological age and overall health.":

(Excerpts:) "How do you know who gave the orders to start killing the world under pretenses of a fake pandemic in 2020? This question is not a very difficult one, as the power hierarchy is clearly visible: the laws that are being invoked (national emergency, suspension of the Constitution) defense production, weapons purchasing, full liability protection to those who follow the orders to kill. This is not difficult, but requires reading and understanding the relevant public documents, or at least reading my pinned post where all this is summarized. If you don't want to read these documents or my prior articles, here is a very simple thought experiment: who do you think has enough power (measured in money) to pull off a global murder operation?...To understand who gives orders, you need to understand who has power to do so. Power is measured in money. Can you think of anyone that can "take" the money from the bank account that is not there? Who has this magical capability?...planned and prepared for this global kill campaign over decades. Since 2020, we are living under permanent military dictatorship. They steal our money and use it to murder us. Simply because they can. Do not comply.: - Ends with 1.47 min vid:

When Life is of no consequence – then we have fallen...When we accept that our entire government is not our government but continue to pay them – we have fallen...Netanyahu has no honor. The US has succumbed to secular Israel. And Israel is joined by the 51 military and CIA snivels we euphemistically call generals and intelligence officers...With NATO in Washington this week, the supposed strategy is to build Europe into a position to take out Russia, while the US focuses its efforts on China – either as friend or military target. In other words, Jinping will have one last occasion to agree to an Israeli/US coup or the US will use China as the fodder for WWIII.

China will never acquiesce...France's election is devolving into riots. The New Popular Front Party was formed June 10, 2024. While its banner declares they are socialist, their ideology is Marxist/Communist. It is difficult to believe that France would vote communist; however, it is notable that French election turnout is incredibly low at 18% to 22%. He read the Talmud, also, and strictly adhered to...its laws.' Mrs. Clarke wasn't the only member of the family to make this claim; her older brother Edwin Booth, also reportedly told Rabbi Isaac Mayer Wise that their father was Jewish...How many Americans are aware that the Jewish Secretary of the Confederate States, Judah P. Benjamin, was a close confidant of both John Surratt — a man accused of plotting Lincoln's murder in partnership with John Wilkes Booth — and the Rothschild family of Europe? Surratt was Benjamin's most trusted courier; his mother was implicated in the plot to kill Lincoln and was

hanged. When Booth's belongings were searched by Union troops on April 15, 1865, a cipher was found at the bottom of a trunk that was identical to the official Confederate ciphers found by U.S. Asst. Secretary of War Charles Dana in the offices of Judah P. Benjamin just one week earlier. At the trial of the conspirators, the cipher was entered into evidence as Exhibit 7. Benjamin fled to England before the trial and lived out his days as an affluent lawyer, suspected by some of having looted the Confederate treasury before he escaped. Every time a deep investigative dive is done into history's most world-altering events, it seems a unique group of conspirators turn up in disproportionately large numbers. Could this be merely coincidence, or does it signify something much more sinister? 53.58 min vid. *This is, imo, **a must-must view/read!** Because if you want to read it, thankfully there is a transcript of it! Now is not the time to say, "Woe is me!" But to claim victory, in Jesus' name! And to "gird up the loins of your mind, be sober, and hope to the end for the grace that is to be brought unto you at the revelation of Jesus Christ!" (1Pet.1:13) Because the world has been thrust into cognitive warfare on a population level with weapons that attach and degrade rationality! This is not sci-fi! It is sci-fact! It is Satanic civil engineering! The delites want people to lose their minds! Let's read Romans chapter 1! In verse 28 of that chapter, it says, "And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind". If we give in one iota to the delites' demonic agenda, boom! That reprobate mind will move in and make our mind its home! Let's gather the troops and do a Bible study on the mind! "Be renewed in the spirit of your mind; and be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God." (Eph.4:23; Rom.12:2) There are no neutrals! It's either the Word or the World! The differentiating letter is "L", which stands for "Lucifer"! He's the one that corrupts the Word! Going all the way back to Genesis 3:1! When he planted the seed of doubt by saying, "Hath God said?"—In other words, "Did God really say that? Did God really mean that?" Rebuke him, in the name of Jesus! Have none of him and his! Stay in the Word! Which is JESUS! (See John 1:14!) PTL!*

(Excerpts:) "If you thought some aspects of AI's capabilities were creepy, brace yourself for FinalSpark's new 'Neuroplatform' that is run by lab-grown human brains The Swiss tech startup is selling access to biocomputers that use a series of small lab-grown human brains for power, which means they only need 'a fraction of the energy required to power a traditional computer'. Not surprisingly, the scientists' work is being funded by the globalists at the World Economic Forum...It has already been adopted by nine institutions and is being lauded for its ability to save energy. The company boasts that 16 of these lab-created brains use a million times less power than the traditional silicon chips that power such systems. Neuroplatform combines hardware, software and biology, and it is considered 'wetware' because it involves a biological component. It relies on a setup of Multi-Electrode Arrays (MEAs) that are used to house the 3D masses of brain tissue, with each MEA holding four lab-grown brains interfaced with eight electrodes that both stimulate them and record their data processing.":

(Excerpts:) "The world’s leading vaccinologist, Dr. Stanley Plotkin, and company have just capitulated. After decades of Dr. Stanley Plotkin and his vaccinologist disciples insisting vaccines are the most well-studied products on the planet, they just penned an article admitting precisely the opposite. They just admitted vaccines are not properly studied—neither pre-licensure nor post-licensure. They admitted, for example, 'prelicensure clinical trials have limited sample sizes [and] follow-up durations' and that 'there are not resources earmarked for post-authorization safety studies'...they pretend they never lied about vaccine safety. They pretend they are now just pointing out vaccine safety has never really been conducted, as if that was not known to them before. Don't be fooled. Their real agenda is plain, ["Teach me thy way, O Lord, and lead me in a plain path, because of mine enemies." (Psa.27:11)] and it is not to study vaccine safety, but rather to confirm that which they already believe. This is crystal clear from the fact that, while their article admits the studies have not been done, they write in the same breath that serious vaccine harms are "rare'. But if the studies have not been done, how do they know that? The answer is, they don't, and they don't care to know the truth. Their goal is to protect the products they have spent their careers defending and worshipping and that have brought them fame and riches [Just like the Devil promised Jesus in Matthew Chapter 4! Fame and riches for the Devil's bitches! But God's true children are the Bride of Christ! On a lofty and high mountain [Think Matthew chapter 4, verses 8 and 9!], there is thy bed, and thither thou carriedst up thy meat-offerings: And behind the posts of thy door thou didst place thy memorials. Didst thou think that if thou shouldst depart from Me, thou wouldest gain? Thou hast loved those that lay with thee; and thou hast multiplied thy whoredom with them, and thou hast increased the number of them that are far from thee, and hast sent ambassadors beyond thy borders, and hast been debased even to hell. Thou hast wearied thyself with thy many ways; yet thou saidst not, "I will cease to strengthen myself": for thou has done these things; therefore thou has not supplicated Me. Howl ye, for the day of the Lord is near, and destruction from God shall arrive. Therefore every hand shall become powerless, and every soul of man shall be dismayed. The elders shall be troubled, and pangs shall seize them, as of a woman in travail: and they shall mourn one to another, and shall be amazed, and shall change their countenance as a flame. For behold! The day of the Lord is coming which cannot be escaped, a day of wrath and anger, to make the world desolate, and to destroy sinners out of it. 'And I will command evils for the whole world, and will visit their sins on the ungodly: and I will destroy the pride of transgressors, and will bring low the pride of the haughty. And they that are left shall be more precious than gold tried in the fire; and a man [A real-and-genuine saved, Godly human being?] shall be more precious than the stone that is in Suphir.' For the heaven shall be enraged, and the earth shall be shaken from her foundation, because of the fierce anger of the Lord of hosts, in the day in which His wrath shall come on, as when God overthrew Sodoma, and Gomorrha. It will come soon, and will not tarry. [And] whosoever shall call upon the name of the Lord shall be saved." (Isa. 13:3,5-9,11-15,19b,22b Septuagint; Rom. 10:13)

(Excerpts:) "Major security lapses raise questions regarding the nature of the assassination attempt on former US President Donald Trump, now 2024 US presidential candidate. Whether successful or not, the violence was meant to divert public attention away from ongoing foreign and domestic crises and deepen public attention in animosity among themselves and in what is an inconsequential election. The true nature of US security and law enforcement agencies necessitates serious suspicions regarding the official narrative of events."

Here are some notes that I typed up whilst listening to the video. I hope they prompt you to want to listen to it in full so as to fine-tune your healthy suspicions!:

"The moral of this story is that the FBI isn't there to prevent terrorism. Often, the FBI is the chief perpetrator of terrorism. They engineer entire terrorist attacks and every once in a while these individuals, whom they are instructing and arming sometimes, go off the rails, and it seems that the FBI did it on purpose. A false flag attack, if you will. Entrapment. And the corporate media is totally in on it. This is the nature, the real nature, of the US political system, and the organisations and agencies that constitute it. I have warned people many times before that what is happening now is the system manipulating the public. They want to convince people that this election is a high-stakes, zero-sum game, that it actually matters who becomes president. But if you really think about it, people are going to be voting for Biden, knowing he has no clue where he is or what he's saying, because that's how much they hate Trump. And people are voting for Trump because they're afraid of Biden and the liberal agenda he supposedly presents. And now, because of this assassination attempt, there's this additional layer of emotions, compelling people to go out and vote. What people are not going to be using when they go out to vote is common sense, reasoning, actual info and facts. Corporations are making policy, not the White House and Capitol Hill.":

We just have to trust them...AI is always measured against the end goal: the creation of a synthetic, reasoning intelligence that is greater than or equal to that of a human being. That moment is often positioned, reductively, as either a gift to the human race or an existential reckoning. But you don't have to get apocalyptic to see the way that AI's potential is always muddying people's ability to evaluate its present...the AI people become something like evangelists for a technology rooted in faith: Judge us not by what you see, but by what we imagine. [*Hmmm, mental prep for the image of the Beast?! See Revelation 13:4-18*]...AI has doomsday cultists, atheists, agnostics, and skeptics. Knowing what AI is capable of, sussing out what is opportunistic snake oil and what is genuine, can be difficult. If you want to believe that the models just want to learn, it will be hard to convince you otherwise. So much seems to come down to: How much do you want to believe in a future mediated by intelligent machines that act like humans? And: Do you trust these people?...Faith is not a bad thing. We need faith as a powerful motivating force for progress and a way to expand our vision of what is possible. But faith, in the wrong context, is dangerous, especially when it is blind. An industry powered by blind faith seems particularly troubling. Blind faith gives those who stand to profit an enormous amount of leverage; it opens up space for delusion and for grifters looking to make a quick buck. The greatest trick of a faith-based industry is that it effortlessly and constantly moves the goal posts, resisting evaluation and sidestepping criticism. The promise of something glorious, just out of reach, continues to string unwitting people along. All while half-baked visions promise salvation that may never come." - *"If in this life only we have hope in Christ, we are of all men most miserable. And Jesus answering saith unto them, 'Have faith in God.'" (1Cor.15:19; Mk.11:22) "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light." (Eph.5:14) And sight and might to know what's right! PTL!*

Today I'm opening with an online comment, from a fellow named James, to an article on thetruthseeker.co.uk (<http://thetruthseeker.co.uk/>) website:

"This is what happens when a bunch of capital [expletive] get control of the money supply, issue 'currency' as a debt to their-self-ennobled-selves, end up owning everything through their holding companies, corporatize everything that can't be nailed down, including 'governments', and lead everyone into debt servitude, penury, and finally complete slavery. It flows, as night from day, from USURY, which Christ complained so vigorously about. And which eventually got Him crucified. Nothing has changed. It's trauma-based mind control antics all over again. Same as IXXI. Same as the deep-state assassination of JFK in distant 1963, Vietnam, Afghanistan, and all the other concocted wars. They wouldn't do it if it didn't work. Think of all the people you know who stick their heads in the sand and will simply not face reality. AND who actively oppose the truth. As the 'elite' become more and more panicked by their collapsing usury-based money system, they will resort to more and more draconian measures to pound and pummel the world into submission. The trauma of Gaza is sending shock waves all round the planet. Nothing can change until these generational psychopaths are destroyed. They must be utterly and totally destroyed. And they know it too. *[Bible prophecy says that the Devil knows his time is short! He and his minions know that King Jesus and Co. will put an end to their current satanic "sovereignty"!]* The shocking thing is how many are rusted onto this corrupted and corrupting system of finance and of debt-controlled government. The Jews of old were given a choice: Christ or Barabbas, the thief. We are still being given the choice. And a surprising majority still prefer Barabbas."

> ✨ *Magik!?* "Jesus answered and said unto them, 'Take heed that no man deceive you. For many shall come in My name, saying, "I am Christ" [A type of saviour, the solution, the answer?]; and shall deceive many.'" (Mat.24:4-5)
