New Song "The Power" Needs a Music Video! Can You Help?

Last year, Melvin Vallomparambil (whom Christopher Glyn has frequently interviewed on Nightlight) approached me with a concept: To write a song for his teenage students, showcasing the difference between comic-book superheroes and the Real Superhero!

After composing the song, "The Power", my dear Christian colleague and audio engineer, John Gregory, took it to another level by adding his expertise and flare into the production of the song.

Here is the link to the audio recording and lyrics of "The Power"!:

<https://youtu.be/czRMHJQi38Y?si=mChgvqYxMkDPIKvk>

In order to reach a wider audience, we would like to have a music video produced for "The Power". We have a professional videographer lined-up and, with your support, together we can all play a part to employ his services.

How You Can Help!

If you would like to donate to this cause:

- Please send directly to our Paypal account name: petegehr@gmail.com

"An In-Depth Look at the Depravity of the 2024 Paris Olympics Opening Ceremony - The opening ceremony of the 2024 Paris Olympics generated such backlash that it was effectively scrubbed off the internet. However, this mega-ritual should not be forgotten. This article details the symbolic meaning of this ceremony, which celebrated France's capitulation to the occult elite's sick, satanic, and thoroughly degenerate agenda.":

(Excerpts:) "On behalf of the 500-year-old Glafia* crime syndicate for world domination, Russia and China have since long been prepared to take the baton over from the USA, as hegemonic leaders of the next version of a unipolar world order. This latest - and fourth - change of cycle in Glafia's global project is promoted under the shiny but false brand of a benevolent multipolar world order which respects the sovereignty of countries - which are however all governed by Glafia's proxies. This propaganda effort also includes the fake ending of the globalist project, due to soon to be expected actions of the brave, new 'traditionalist' heroes on the world scene: 'Taoist' China and 'Orthodox' Russia."...*That's a crime syndicate of a few hundred dynastic, extremely rich (up

to trillions of dollars) and tightly knit families, not bound to any country, religion or ethnicity. The earlier hegemonic cycles were carried out by Spain (15th/16th century), Holland (17th century) and England (18th/19th century). Together with Glafia's British and Zionist proxies, the USA prepared and instigated The Great 20th Century Slaughter of Eurasia, with over 200 million deaths: The World Wars including Nazism and Hitler, the communist revolutions in Russia, China and elsewhere, the Cold War, as well as their covert cultural, educational, scientific, financial and spiritual wars against humanity.":

> 🌟 **"China: From real Tao to Mao, and then to multipolar fake Tao" - Part 2** of a four-part article series.

(Excerpts:) "An overview of the manipulations that led to the incorporation of the former Chinese Empire into the global power structure designed by the Global Mafia (or Glafia...), the criminal owners of most of the planet's wealth,

governments, corporations and institutions...Chinese civilization goes back thousands of years and is one of the oldest in the world...Until the early 1800's, Asia and especially China, was the dominant player in the world economy and technology...Yet China never colonized the world, probably for philosophical reasons...also because the rest of world had little of interest to offer to China...In the early 19th century...Glatia placed China on its list of Eurasian empires to be 'normalized', to provide a 'level playfield' for their plan to dominate the whole world...for the final conquest of the still highly sovereign empires of Eurasia, a very strong force had to be established: an alliance between Glatia's already fading but still very powerful British Empire, and its rising American Empire, helped by its European proxy states. That coalition, in which many Zionist proxies also participated, would instigate and execute the World Wars, the communist revolutions in Russia, China and elsewhere, and financial crises...nearly 22,000 members of China's communist elite hold secretive offshore companies in British and other tax havens, which makes them highly dependent on Glatia's banksters. Like all Glatia's proxies, they can never stray from the agenda, because just as Glatia made them, it can also break them. Yes, that's 'autonomous' China!...the present usurious money system, fully under control of Glatia's banksters...is totally incompatible with peace, prosperity, sustainability, and freedom. As long as Glatia's bankers stay in charge of our money system, there will be no 'autonomous' China, nor any other 'self-reliant' countries or regions, or a 'sustainable' world, or a 'free' world...the new Chinese hegemon is sold to the public as a benevolent, and even Taoist country, 'on the path to socialism with Chinese characteristics'. Just as the criminal and genocidal American hegemon was always presented as 'the great champion of democracy and free trade!':

French supermarket Carrefour has introduced a new biometric payment system that analyzes the unique vein patterns in customer's hands to make a secure transaction, reportedly the first of its kind in Europe...Ingenico debuted its vein palm-reading terminals at the start of 2023. The company claims that 'a common challenge persists in payments: verifying that the person using the payment method is the person authorized to use the payment method.'...Ingenico additionally argues that 'consumers don't have to fumble for a payment card, remember a PIN, or unlock a smartphone and open a mobile wallet.' *[Notice how that wording makes us look like idiots and bungling morons?! Older and wiser and braver than the rest of you" - *Yes, this is a long article, but I recommend at least reading the Introduction (which is 8 paragraphs), and then decide whether or not you want to read the whole article, which I hope you do!*

(Excerpts from the Intro:) "Perhaps the single greatest driver of the rapidly accelerating downward spiral, which the wealthiest and most powerful nations on Earth are now experiencing, is the inexorable push toward technological singularity. More specifically, it's the Transhumanism Agenda and the quest for Autonomous Superintelligence that is driving the entire world into the abyss. For the attainment of human immortality is nothing but a satanic desire to usurp the supremacy of the divine. What's really crucial to correctly comprehend during the upcoming tumultuous, turbulent and tempestuous times is that there is **ONLY** one way to navigate them successfully. For only living life, going forward, on a firm spiritual foundation will get US through this eye of the needle...a strong connection with the Divine is the ONLY solution. For when The Great Leveler cometh, those who are disconnected from the Supreme Being will have nothing to support them, and nothing to hang on to. Hence, the acquisition of right knowledge can be very helpful toward that end...You will soon read about the central role that the Baby Boomers play in this final battle in this last war between the forces of light and the powers of darkness. In their current stage of Elderhood, the Boomers are the 'Prophets' of society. [*"And it shall come to pass*

*in the last days', saith God, 'I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams'." (Acts 2:17)] They are older and wiser and braver than the rest of you. Therefore, it behooves all the younger generations to listen carefully to them and not mock them as they have done for decades. After all, it was the Baby Boom Generation, working very closely with the Beat Generation, who shut down the Vietnam War—the first war ever terminated by a popular movement in world history." - *And it was upon those of the Baby Boomer Generation that God poured out The Jesus Revolution — the Cry of Woe of Impending Judgement, the Message of Jeremiah, the Warning of the Last Days, the Call to Make Disciples of All Nations — which tens of thousands harkened to and went into all the world to proclaim! (Excerpts:) "Those outside the UK might not have heard, but it's been a violent week in the UK. Here's a quick rundown of the official story so far *[see full article for rundown]*...This is the current narrative. None of the details has been

substantiated as yet, so how much you decide to believe is your personal preference at this point...Whatever the truth of this latest incident, and whatever long term aims it might be used to further, this 'strategy of tension' has an immediate political agenda already becoming clear – and it's as predictable as ever. 1.) Further limit social media/free speech 2.) Normalise constant surveillance...You cannot begin to fathom how irritating it is to the ruling class that ordinary people are allowed to just say whatever they want whenever they want – including having the audacity to fact check the media in real time, with no repercussions at all. That, more than anything else, has stalled the Great Reset in its tracks. So it has to go. Finally and forever. It's why almost everything in the news cycle – from disease to climate change – can allegedly be 'solved' with censorship. Because once free speech is abolished everything that comes afterward gets so much easier – including the second agenda being pushed right now: Mass surveillance and facial recognition technology...This is the beginning of a new crackdown."

As our culture abandons its once Christianized foundation, it doesn't become some kind of neutral space...So people turn to 'spirituality', or even demonic teachings like witchcraft, to fill that void—because as much as people want spirituality, they also love darkness rather than light, and these kinds of mystical teachings fulfill that desire (at least temporarily)...Anyone who goes to the waters of witchcraft, shamanism, divination, psychic readings, and so on will be thirsty again...young people are searching—desperately searching. The updates below may not appear "good", but they are in that the Endtime prophecies of the world falling into gross darkness (see Isa.60:2) is happening and will grow even faster and darker in paving the way for the revealing of the Antichrist. The noticeable difference between the wheat and the tares is increasing (see Matthew 13:24-43); the Bible is continuing to go viral (see post from yesterday); and more and more folks are getting prepared both spiritually and physically for the treacherous paths ahead on up and into the Day of the Lord! God bless and keep us all Endtime-ready on all fronts! "Therefore shall ye lay up these My words in your heart and in your soul, and bind them for a sign upon your hand, that they may be as frontlets between your eyes. Attend to My speech; and apply thine ear to My words: that thy fountains may not fail thee; keep them in heart. For they are life to those that find them, and health to all flesh. Keep thine heart with the utmost care; for out of these are the issues of life." (Duet. 11:18; Prov.4:20-23 Septuagint)
