> **"Former YouTube CEO Dies of Turbo Cancer After De-Platforming Millions for 'Medical Misinformation'"**

(Excerpt:) "As Ed Dowd said the other day, 'If you're a billionaire and you didn't get the memo not to take the vaccine, you're not in The Club...I've heard, word-of-mouth, some people you would be shocked, didn't get the memo.' Sadly, it appears that 25-year Google/Alphabet insider and 9-year YouTube CEO, Susan Wojcicki may have been one of those billionaires who 'didn't get the memo' and that she was killed by the very thing over which she destroyed YouTubers' careers, the very thing about which they had been warning their viewers." - *Read the rest of the Intro, and then either view or read the transcript of this 16.34 min vid from Press For Truth. The late YouTube CEO, Susan Wojcicki had not only de-platformed millions of people for posting "Medical Misinformation" but also millions more people for questioning the results of the 2020 US Presidential Election, for questioning the Globalist "Climate Change" narrative and for questioning the dangerous, environmentally toxic, wasteful, monopolistic, slave-driving scam industries, that hinge on this fraudulent climate alarmism, that are relentlessly propagandized by the WEFers. In short, Wojcicki de-platformed anyone for voicing any opinion that would contradict the genocidal United Nations' 2030 Agenda – as did ALL of the other Big Tech platforms. Additionally, Wojcicki's husband, Dennis Troper was serving on the Board of the Anti-Defamation League (ADL) during the inception of this unprecedented internet censorship that led to the mass-deplatformings of millions who were simply exercising their First Amendment rights in the United States.:*

(Excerpts:) "On August 1, 2024, the Club of Rome and the Council for the Human Future published a report on a Roundtable discussion they co-hosted in July. The report, 'Roundtable on the Human Future: A World Call to Action on the Multiple Crises Now Enfolding Humanity', says that 'all human life could be extinguished' in the mid-to-latter half of the 21st Century due to [mostly their perpetration of] climate change, overpopulation, new pandemics, misinformation, nuclear proliferation, and other perceived threats. One solution proposed by Global Governance Forum executive director Augusto Lopez-Claros was 'to boost the UN's democratic legitimacy' by rewriting the UN Charter in order to give the unelected globalist body more power, authority, and jurisdiction over sovereign nations." - *A plan in the making for decades! For the Club of Rome (DYOR on what that is and who they are) said, "In searching for a new enemy to unite us, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like would fit the bill...All these dangers are caused by human intervention, and it is only through changed attitudes and behavior that they can be overcome. The real enemy then is humanity itself - The First Global Revolution: A Report by the Council of the Club Of Rome, 1991"!! They're deflecting the cause from the REAL Enemy! Satan! > ✂️ **"Satan, The Enemy of Your Soul"**

(Excerpt:) "There is an enemy roaming around seeking to destroy you. He hates not just you but everything godly you stand for. We know that this enemy's name is Satan, but who is he? Where does he come from? What is his purpose? Can he read our thoughts? Can he determine our future? Why does he hate us so much? What are we supposed to do about him? Sadly, many of us have built Satan up in our minds to be this unstoppable, menacing, all-powerful being that can read our minds and knows our every move. Some are so fearful of drawing his attention that they won't speak of him by name. Others think he is an imaginary being used to control and manipulate us. In Hosea 4:6, God says His people are destroyed for lack of knowledge. God tells us about Satan and his wicked deeds from Genesis to Revelation. It seems to me that Scriptural knowledge of Satan is what we need to put our fear into proper perspective. So with the Bible as our standard of truth, I will dive deeper into the subject of Satan so that we can better understand who he is and why he shouldn't be feared or ignored.":

"The Olympic Games closing ceremony was a homage to lucifer"

(Excerpts:) "Could the principalities and powers (and the psyche of those under their influence) be anticipating the release of these fallen ones...[when the] portal for demonic powers... come up and upon the Earth. Lucifer and his cohort...looking forward to it as an opportunity to dominate more completely – who knows what's in the mind of such a twisted being! Whatever it is, it's not good. What we see being displayed at these big events, these prophetic utterances of the god of the air, reveal something of the real agenda, the big picture, of what's playing out on the earth...[don't] miss the overarching theme – lucifer's plan to be god and king over all the Earth and to hell with everyone (quite literally). All those other details are important, and we need to stand against such ungodliness, but our primary war is with the principalities and powers that lord it over the people of the world...They have to double down with their luciferian narrative – as if the realms of darkness can't help but boast about where they are in their agenda to subvert the world. But of course, the mainstream is out in force ridiculing anyone who's pointing out this obvious truth. I reckon they could have performed a child sacrifice at the closing and still say 'No! Nothing to do with satanic rituals!'– **it's getting that blatant.**"

The Biden Administration REFUSES to seek peace with Russia and has NO INTENTION of negotiating with Russia. That effectively says the United Nations is just a dog and pony show with no purpose other than to expand its own power as well as its World Health Organization to create its long-term dream of ruling the entire world. From the very beginning, the United Nations has indulged in self-aggrandizement to elevate itself to the de facto world government. They have been a proponent of tyranny, even using climate change and health that they alone should be in charge. This treaty they just proposed is called the Comprehensive International Convention on Countering the Use of

Information and Communications Technologies for Criminal Purposes, pretending this is about cybercrime. Still, it is not – it is about censorship. The UN claims this is the only way to create peace by putting them in charge of the world – unelected, of course. The Biden Administration began late in its term to pursue a normalization deal between Israel and Saudi Arabia. However, the talks have been largely put on hold due to the war that began when Hamas terrorists massacred 1,200 people in southern Israel on October 7, 2023. The good, the bad, the ugly...Who would think of all these types of horrible things to do to people if not surrounded by evil things?...And the greed over it all. It is a black hungry landscape spewing out passionless creatures that thirst for more but there is never enough and yet they thirst. There is a generation, whose teeth are as swords, and their jaw teeth as knives, to devour the poor from off the earth, and the needy from among men. Part 2 of 2* Yea, they are greedy dogs which can never have enough. He that loveth silver shall not be satisfied with silver; nor he that loveth abundance with increase: this is also vanity. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. The devil taketh [Jesus] up into an exceeding high mountain, and sheweth Him all the kingdoms of the world, and the glory of them; and saith unto Him, 'All these things will I give Thee, if thou wilt fall down and worship me.' Then saith Jesus unto him, 'Get thee hence, Satan: for it is written, "Thou shalt worship the Lord thy God, and Him only shalt thou serve."' (Excerpts:) "But why does Israel torture Palestinians on such a large scale? Israeli wars against Palestinians are predicated on two elements: a material and a psychological one. The former has manifested itself in the ongoing genocide, the killing and wounding of tens of thousands and the near destruction of Gaza. The psychological factor, however, is intended to break the will of the Palestinian people...centered on dehumanizing the Palestinians...While choosing not to see Palestinians as humans, as innocent, as worthy of life and security, Israel has granted its army carte blanche to do as it saw fit to those, in the words of Israeli Defense Minister, Yoav Gallant, "human animals"...Raping prisoners, leaking videos of the gruesome acts, and carrying out the same horrific deed, again and again, are all part of the Israeli strategy – that of restoring fear...The Israeli war on Gaza has proven to be the most destructive and bloody of all Israeli wars. Yet, Palestinian resilience continues to grow stronger, because Palestinians are not passive, but active participants in the shaping of their own future.":

(Excerpts:) "A high-ranking British diplomat has stepped down from the Foreign Office due to the United Kingdom's ongoing arms sales to Israel, condemning the move as having 'no justification'. On Friday, Mark Smith, the head of the Africa Programmes and Expertise Department and the Foreign, Commonwealth and Development Office (FCDO), resigned from his post, writing a letter titled 'Foreign Office complicity in war crimes'. 'It is with sadness that I resign after a long career in the diplomatic service...However, I can no longer carry out my duties in the knowledge that this department may be complicit in war crimes.'...[he] also emphasized how senior members of the Israeli cabinet and military 'have

expressed open genocidal intent, Israeli soldiers take videos, deliberately burning, destroying, and looting civilian property and openly admit to the rape and torture of prisoners'...that killing tens of thousands of people and wounding more than a hundred thousand others plus internally displacing over 80 percent of the whole civilian population of Gaza 'are war crimes...There is no justification for the UK's continued arms sales to Israel yet somehow it continues', he stressed...the true figure [arms sales to Israel] could be much higher because the items sold under opaque open licenses keep the value of arms and their quantities secret."

I think you'll be impressed with how spot on Google AI is on issues when it is asked to reply honestly...So it's nice that an unbiased source, Google AI, confirms that my colleagues and I got it exactly right about the COVID vaccines and the childhood vaccine schedule. > 🌟 I realise this might not be a welcome topic for some, but, imo, it needs to be highlighted because it says in 2Tim.3:1 and 13 that "in the last days **perilous*** times shall come. Evil men and seducers shall wax worse and worse, deceiving, and being deceived", a time when evil will culminate to its maximum!—Even, imo, to the point of making humans unwitting recipients of a form of cannibalism! "Wherefore **come out** from among them, and be ye separate, saith the Lord, and **touch not the unclean thing**; and I will receive you. Because you have obeyed My command to persevere, I will protect you from the great time of **testing** that will come upon the whole world to **test** those who belong to this world." (2Cor.6:17; Rev.3:10 NLT) - *From Middle English "perilous, perelous", borrowed from Anglo-French "perilleus, perillous", going back to Latin "periculōsus", from periculum, meaning "test, risk". These are perilous times, testing times such as the world has never known! Pharmakeia is testing humanity to see who will fall for their blab, and is rabidly out to nab, stab and jab! Think about it?! WHY do the delites want, allow and pass laws for humans to be accosted to such a degree?! I believe they desperately and demonically want humanity to ingest what God abhorrently forbids! "And for this cause God shall send them strong delusion, that they should believe a [Pharmakeia] lie: That they all might be damned who believed not the truth." (2Thes.2:11-12a)

(Excerpts:) "The World Health Organization (WHO) acted as expected this week and declared Mpox a Public Health Emergency of International Concern (PHEIC). So, a problem in a small number of African countries that has killed about the same number of people this year as die every four hours from tuberculosis has come to dominate international headlines...About 500 people have died from Mpox in DRC this year, over 80% of them under 15 years of age. In that same period, about 40,000 people in DRC, mostly children under 5 years, died from malaria...During this same period...hundreds of thousands also died in DRC and surrounding African countries from tuberculosis, HIV/AIDS, and the impacts of malnutrition and unsafe water. (Tuberculosis alone kills about 1.3 million people globally each year, which is a rate about 1,500 times higher than Mpox in 2024.) The population of DRC is also facing increasing instability characterized by mass rape and massacres, in part due to a scramble by warlords to service the appetite of richer countries for the components of batteries. These in turn are needed to support the Green Agenda of Europe and North America. This is the context in which the people of DRC and nearby populations, which obviously should be the primary decision-makers regarding the Mpox outbreak, currently live. For the WHO and the international public health industry...They now work for a pandemic industrial complex, built by private and political interests on the ashes of international public health. Forty years ago, Mpox would have been viewed in context, proportional to the diseases that are shortening overall life expectancy and the poverty and civil disorder that allows them to continue. The media would barely have mentioned the disease, as they were basing much of their coverage on impact and attempting to offer independent analysis. Now the public health industry is dependent on emergencies...This is supported by the recently passed amendments to the International Health Regulations (IHR). While improving nutrition, sanitation, and living conditions provided the path to longer lifespans in Western countries, such measures sit poorly with a colonial approach to world affairs in which the wealth and dominance of some countries are seen as being dependent on the continued poverty of others. This requires a paradigm in which decision-making is in the hands of distant bureaucratic and corporate masters. Public health has an unfortunate history of supporting this, with restriction of local decision-making and the pushing of commodities as key interventions...we now have thousands of public health functionaries, from the WHO to research

institutes to non-government organizations, commercial companies, and private foundations, **primarily dedicated to finding targets for Pharma**, purloining public funding, and then developing and selling the cure. The entire newly minted pandemic agenda, demonstrated successfully through the Covid-19 response, is based on this approach. Justification for the salaries involved requires detection of outbreaks, an exaggeration of their likely impact, and the institution of a commodity-heavy and usually vaccine-based response. The **sponsors** of this entire process – countries with **large Pharma industries, Pharma investors, and Pharma companies** themselves – have established power through media and political sponsorship to ensure the approach works."

(Intro:) "What happens when we die? John Burke has studied near-death experiences for the past three decades, and what he found transformed him from an agnostic engineer to a pastor. The stories of those who have clinically died but come back to life, he says, point to the 'reality of heaven and hell' and the overwhelming love of the God of the Bible who has kept his promises to Abraham and continues to keep his promises today. In a touching conversation about redemption and atonement, Glenn and John discuss afterlife 'life reviews' and how we voluntarily lock ourselves in hell when we don't forgive ourselves. Glenn shares a vivid dream that helped him understand the light of God, and John details the incredible story of how a descendant of Muhammad came to faith in Jesus. In the end, the pair agree that even though we live in an 'evil and broken world', what matters most to God is 'how we treat one another'." - OAAO: <https://youtu.be/HddTpX8YGWU?feature=shared>

People as a rule are not particularly warlike unless thoroughly propagandised, upset and made fearful of some imagined threat. It is noticeable that in the current situation the instinct of the vast majority of people is to resolve differences and live in peace as good neighbours do. Within any community the vast majority of people are people of good will. The small number of provocateurs/ psychopaths on both 'sides' work hard to whip up the hysteria to a point where the basic instinct of people to get along becomes overwhelmed.
