*We can show people and tell them about the Door (Jesus), but only they can open it. "Behold, I stand at the door, and knock: if any man hear My voice, and open the door, I will come in to him, and will sup with him, and he with Me."

As much as I would like to continue doing so, going forward there may come a time when I may provide less or even no excerpts from article/video-shared links, and will leave it more to the reader's discretion as to whether or not they want to pursue the article/video further if they so wish to be fully kept abreast as to each article's/video's content. A scripture which I've mentioned several times in Key Updates. This development also underlines this forecast!: "For the time will come when they will not endure sound doctrine [ie The Truth!]; but after their own lusts shall they heap to themselves teachers, having itching ears; and they shall turn away their ears from the truth, and shall be turned unto fables." • **"What are phytoncides and what do they do for you?"**

(Excerpts:) "In a nutshell, phytoncides are chemical substances emitted by trees as part of their defence mechanism against bacteria, fungi and insects. They often have an aroma - think of that 'pine smell' when walking in a pine forest - that's the aroma of alpha-pinene phytoncide. They have anti-bacterial, anti-fungal, anti-inflammatory, anti-microbial and anti-viral properties...Inhaling air rich in phytoncides has an effect on tumor and cancer fighting blood cells in our bodies, called 'natural killer cells.' When we inhale phytoncides, our bodies do 2 things - they produce more natural killer cells, and there's a surge in activity amongst the natural killer cells that we already have. This means that our immune system is more effective." - *"Observe and see how (in the winter) all the trees seem as though they had withered and shed all their leaves, except fourteen trees [The phytoncide trees!?!], which do not lose their foliage but retain the old foliage from two to three years till the new comes. Observe ye how the trees cover themselves with green leaves and bear fruit: wherefore give ye heed and know with regard to all His works, and recognize how He that liveth for ever hath made them so. And all His works go on thus from year to year for ever, and all the tasks which they accomplish for Him, and their tasks change not, but according as God hath ordained so is it done."* (1Enoch, chapters 3 and 5):

(Excerpts:) "Every country in the world (yes, even the ones that raised objections [to implementation of the Pact]) now formally agrees that hate speech and misinformation are the problem. Every country in the world (even the ones that raised objections) endorses an end to privacy and increased censorship as a solution. Every country in the world (all of them) agrees to spend at least \$100 billion per year to pursue 'sustainable development goals' in developing nations. And even those who objected were not dissenting on these policies. Indeed, they have endorsed these policies many times. Just to be absolutely clear here: There is not one voice in the room actually standing up for reality. We may not have a formal global government yet, but we already have a globalism of ideas, even if there is some disagreement over implementation. That's how world government is being shaped, and how it will get finally born – through a creeping consensus of fictitious problems and needless and often insane 'solutions' quietly endorsed by every nation of the world.":

"Lawmakers seek to amend Constitution to allow for quick replacement of dead congressmen after 'mass casualty event' - What do they know that we don't?"

<https://www.msn.com/en-us/news/politics/scarred-by-violence-lawmakers-plan-for-possible-mass-casualty-event/ar-AA1qPCQ7>) is floating a disturbing scenario, and because it's the Washington Post, the veritable paper of record for the D.C. elitist globalist ruling class, we should not dismiss it...The timing just looks suspect...I expect a major black swan event will take place, possibly before the election or, depending on who wins, before the transfer of power on January 21, 2025. Maybe they have been told to expect an attack in the next year or two or three. We don't know. But the point is they know it's a matter of when, not if. Also don't forget that some 18 federal agencies have been on a weapons-buying binge for several years now. Even non-law enforcement agencies like the IRS, HHS, the Department of Agriculture and the Small Business Administration have been buying all manner of handguns, body armor, submachine guns and millions of rounds of ammunition. If there's one thing I've learned from being a journalist for 35 years, it's that almost nothing happens randomly in Washington, D.C. There's always a reason. And it's rarely a benevolent one.":

In love with the taste of satanic high treason! See Key Updates 124, 129, 130, 141 and 152 that mention the Atlantic Council den of devils, cave of crims! "Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles? Even so every good tree bringeth forth good fruit; but a corrupt tree bringeth forth evil fruit. A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit. Every tree that bringeth not forth good fruit is hewn down, and cast into the fire. Wherefore by their fruits ye shall know them."* (Mat.7:16-20) *"Woe to them that devise iniquity, and work evil upon their beds!*

When the morning is light, they practise it, because it is in the power of their hand." (Mic.2:1) And from whom do they receive that power? From the god of this world, when they decided to cast their lot in with and bow down to him! Jesus was led and tempted to make the same decision! "The devil taketh Him up into an exceeding high mountain, and sheweth Him all the kingdoms of the world, and the glory of them; and saith unto him, 'All these things will I give Thee, if thou wilt fall down and worship me.'" Then saith Jesus unto him, 'Get thee hence, Satan: for it is written, "Thou shalt worship the Lord thy God, and Him only shalt thou serve.'" (Mat.4:8-10) Was He tempted? Yes! Did He give in to it? No! "For we have not an high priest [Jesus] which cannot be touched with the feeling of our infirmities; but was in all points tempted like as we are, yet without sin."

(Heb.4:25) Only His power within us can help us "resist the devil, and he will flee from [us]". (Jam.4:7b) PTL!:

(Excerpt:) "Casey Hannan, Director of the Oral Health Division of the Centers for Disease Control, who is responsible for providing leadership and overall direction, has admitted what the natural health advocates of America have been screaming about for decades; that the fluoride in tap water is causing neurological problems for humans, cognitive decline and lowered IQ, among other health atrocities. Now it's on record, for all the naysayers and people who claim it's just a "conspiracy theory," and that the U.S. government and CDC would never allow a known neurotoxin to be put in the water most Americans consume daily. Here's Casey Hannan of the CDC fessing up to the known health atrocity besieged upon the American masses ever since WWII, when it began in Michigan, then spread across the country. Casey Hannan: 'CDC agrees with NRC that it is apparent that fluorides have the ability to interfere with the function of the brain and the body by direct and indirect means.'":

Think about!! "And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul." (Gen.2:7) And so Satan & Sons, Pharmakeia & Co. formed their murderous medicine and want children to breathe it up through their nostrils! A potential home-kill kit! How demonic! "The War on White [and all!] Christian Men" - and Women! Or more aptly titled, "The War on TRUE Christianity".

(Excerpts:) "Despite what you may have been taught in your church, **not all people are children of God.*** In fact, Jesus pointed that out, "You are of your father the devil, and the lusts of your father you will do." Did you know that? Has your Pastor taught you that the Devil has ACTUAL children? Read it again HERE: 'Jesus said to them, "If God were your Father, you would love Me, for I proceeded forth and came from God; nor have I come of Myself, but He sent Me. Why do you not understand My speech? Because you are not able to listen to My word. You are of your father the devil, and the desires of your father you want to do. He was a murderer from the beginning, and does not stand in the truth, because there is no truth in him. When he speaks a lie, he speaks from his own

resources, for he is a liar and the father of it. But because I tell the truth, you do not believe Me." (Jn.8:42-45)... 'The children of the Devil' hate Christianity. They hate those who were created in HIS image. They hate those who wish to 'do the will of the Father'. They hate the 'children of God' who have been called to expand the Kingdom of God. There is no neutral ground in this battle. You either serve Jesus or you serve the Devil. There is no de-militarized zone." - *Being a child of God is a choice! "But as many as received Him, to them gave He power to become the sons [ie the children] of God, even to them that believe on His name."—Jesus Christ! (Jn. 1:12):*

> 🌟🙏🌟 **Recommended viewing. "Celeste Solum on the UN Vote to Take over the World"** - 12.24 min vid:

(Here are some of my transcribed excerpts from the video, but watch in full!)

"The UN passed its entire legal instruments to take over the world...This will throw the world into absolute chaos...They did pass the digital compact, which means that they will be going over to a digital currency...I'm not being alarmist. I have been covering these proceedings and the leading up to this since the middle of July...The UN obliterates all boundaries. I knew this was coming because they basically were obliterating every boundary that God has established into our bodies. All the laws of nature, physics, chemistry, biology, time, space. They were at it. Actually, this vote took place on April 8th, which was very interesting timing because they did it during the solar eclipse. Oftentimes,

evil people will do these things, like Haman in the Bible went to the astrologers and they picked this certain celestial pattern because it was auspicious for the annihilation of the Jews. And whether you read the Bible or not, during Covid they did the exact same thing. The scientists and technologists just had to roll out that you-know-what on a certain day because of a certain alignment of stars and planets that would amplify what they were rolling out. Now, today, I believe it is the Fall equinox. Why am I concerned about this critical decision by the UN to take over the planet on this particular day? Because the ancients, whether it's the ancient Egyptians or whether it's the occultists, and other various evil people, believe that on the Fall equinox is the gate to the gods; and the UN, by its decision, overriding the different countries' belief that they wanted amendments to protect their sovereignty in their respective countries, they do believe that they are gods. And so this thing is going to slip really fast...Be in fervent prayer...If you don't know Jesus Christ as your personal Saviour, now would be a good time, because we are entering into a time that has been spoken of in the Bible, but it is also spoken of in various religions and cultures around the world, that this is the last cycle, and this last little bit of evil, and it's not going to be a cakewalk. This is going to impact each and every one of our lives from this day forward. This is war...So, the Summit of the Future was passed...[They want to] wipe any vestige of God from the consciousness of mankind. They are well underway, as most of you know...Many of us will be hunted down for having a belief in sovereignty...the right to religion, the freedom of speech...the whole earth has been engulfed in a very dark shadow...this is a season not to be discouraged. Realise that there will be spiritual forces, because behind all of this are spiritual forces...you knew this day was coming; many of us have been watchmen and women on the wall for a long, long time...your red line is going to be different than someone else's red line...go about this in a very Biblical and peaceful manner...go to the Word of God, go to prayer...I know that He will take care of me no matter how strong the storm that's swirling around me. If you are a Bible believer, Psalm 91 is absolutely fabulous. This is the time of Psalm 91.. And if you want to see why we're in the state that we're in, go to Deuteronomy 32, which explains why we have to endure this, because the majority of people are lawless and wicked at this point. Not everybody, but the majority of the population...Together in our hearts and in our minds, one Spirit, one mind, in the End we will prevail.":

(Excerpts:) "The Lebanese Hezbollah resistance movement has confirmed the assassination of its secretary general Sayyed Hassan Nasrallah in massive Israeli airstrikes targeting residential buildings in southern Beirut. 'His Eminence, the Master of Resistance, the righteous servant, has joined his Lord and His pleasure as a great martyr — an outstanding, courageous, wise, and insightful leader — joining the ranks of the radiant martyrs of Karbala in the divine journey of faith, following in the footsteps of the prophets and martyr imams', Hezbollah said in a statement on Saturday afternoon. 'The leadership of Hezbollah vows to the highest, most sacred, and dearest martyr in our journey, filled with sacrifices and martyrs, to continue its struggle against the enemy, supporting Gaza and Palestine, and defending Lebanon and its steadfast, honorable people', it added. The Lebanese resistance group noted that history has proven that resistance against the Zionist enemy, across all factions and their locations, will continue.":

> 🙌 "Why borage is the star of the edible garden" - *We have lots of it growing around us, which we planted, and I daily forage for borage which we use for tea, salads (both flowers and young leaves), in stir-fries, soups and stews. And our bees adore it!—Who, in turn, make lots of honey in our apiary!*

(Excerpts:) "Read any historical description of borage and there's almost always a reference to its ability 'to exhilarate and make the mind glad' and 'to drive away all sadness' Ancient writers believed borage was the nepenthe (a kind of antidepressant) of Homer given by the Queen of Egypt to Helen of Troy 'to forget all sorrows' ...1. Fresh borage leaves are rich in Vitamin A, with some Vitamin C. They also contain some B vitamins, especially riboflavin. 2. They are also rich in potassium, magnesium, iron, manganese, and some calcium, combined with mineral acids. 3. Various anti-oxidants are present, especially rosmarinic acid. 4. The saline properties were thought to have wholesome, invigorating properties, making borage an excellent blood cleanser and tonic. 5. The stems and leaves contain saline mucilage, believed to promote kidney activity, and helpful for coughs and bronchitis. 6. The fresh leaf is a refrigerant – it lowers the temperature in the mouth – making it useful for reducing fevers. It is drunk as an infusion, a cupful at a time. 7. Externally it was used as a poultice for inflammatory swellings and bruises...Borage essential oil contains significant amounts (20-25%) of gamma linoleic acid, an omega 6 fatty acid also known as GLA. GLA has an important role in brain function, skin and hair growth, bone health, and regulating metabolism, and is converted in the body to an anti-inflammatory called prostaglandin E1 or PGE1. Of the three good oil sources of GLA – borage, evening primrose and blackcurrant seed – borage has the highest concentrations. Studies consistently show GLA significantly reducing symptoms of rheumatoid arthritis, including joint tenderness, swollen joints and morning stiffness." - *Read in full to find out more!*

(Excerpts:) "Leaflets containing the eyewitness testimony of two U.S. surgeons claiming an active genocide in Israel have been confiscated by United Nations security guards from the hands of U.N. delegates...In the most damning account of Israel's campaign in the Gaza strip, two U.S. surgeons have given eyewitness accounts of the routine execution of children and medical staff by IDF troops in a Special Appeal to the United Nations...Dismissing Israel's claims to be targeting Hamas as a fiction, Dr. Mark Perlmutter argues instead: 'The major target [of the Israeli army] is the elimination of the Palestinian population.' Acting on the orders of 'unnamed superiors', security officers outside the U.N. General Assembly in New York took leaflets containing Perlmutter's testimony from the hands of U.N. delegates engaged in debates concerning Israel and its actions...Despite the efforts of Israel and its powerful lobby to keep the facts out of the hands of policymakers and beyond the sight of the public, the evidence of an active genocide is now in plain view. The message of Perlmutter is neither political nor partisan. It is not the only signal of the eliminationist strategy of the Zionists to emerge from the noise of Israel's information war. It is a call to the cause of life against the power of silence. Will it be enough to awaken the conscience of America?" - *And the rest of the world!?!:*

In fact, this type of weaponry has been deployed over several decades with devastating effects across the planet. And yet, very few even know they have been the victim of a full-scale weather war or geoterrorist attack. "The entire world is under siege by the globalists, and still few are paying attention. We are on the brink of war at every turn, as the most evil Zionist Israel is committing mass genocide, and now attacking Lebanon under the false pretext of defense. The U.S. and Israel consider all offensive aggression as defense, as they slaughter innocents without cause or conscience; both evil, murderous, and lying States. The U.S. has been for a long time, and is now, the lapdog of Zionist Israel, seemingly controlled entirely, and is being manipulated (voluntarily) by Israeli policy, regardless of the heinous nature of its brutality. The risk to all due to this insanity is great, but the indiscriminate killing continues nonetheless." (Gary D. Barnett)

(Excerpts:) "Now talk of a ceasefire in Gaza has been swamped by cheerleading for a second campaign of mass slaughter, this time in Lebanon. And most importantly of all, a regional war provoked by Israel, one that drags in not just Hezbollah but also Iran, would force Washington to become even more actively involved in a region in which it was gradually trying to outsource its massive military footprint to other actors, especially in the Gulf. The US would have to not just step up its arming of Israel's slaughter but join the slaughter directly. Israel wants its war to become a US war, and hopes US muscle will force other regional players, not least the Gulf states, to join Israel's fight too...For the killing to end, we have to stop believing this storybook world presented to us by our media – one that benefits only a tiny western elite invested in endless war and resource grabs.":

(Excerpts:) "There is only so much of stress, distress and high risk that our world can bear at any given time, and today this has crossed the limits. While there are over 55 important conflicts in the world and several other smaller ones, not to mention the widespread violence and stress in daily life, the three conflicts associated with the highest risks and distress are those of Ukraine, the middle-east (itself a multi-dimensional conflict) and Sudan. These three conflicts/wars must end as soon as possible, if possible now and here. The risks involved are simply too great. The over 1.5 million people who have already died and the over 15 million who have been displaced in these three conflicts within 30 months are a very disturbing indication of the mass distress related to these conflicts but it is also a very partial indication— the high risks posed by the continuation/escalation of these conflicts are so huge that in fact the destruction of the entire world is a real possibility, as the escalation of at least two of these conflicts and their linking up can lead to a world war and a nuclear war. There used to be a time when the top leaders and diplomats of the world could be trusted to avoid the worst possible scenarios. Unfortunately this appears to be no longer so, and it is best that people of the world know and realize this.":
