*Over the past several weeks, I've assembled and organised into 7 sections the following items which, imo, merit attention.*

*But before we begin, let's PTL and unite in the beauty of the triumphant truth that there are "Angels Among Us"! - 4.50 music vid. "Jamey Johnson's performance of 'Angels Among Us' is a poignant reminder of the kindness and guidance that surrounds us, as originally recorded by Alabama [two of its members appear in the vid, in the audience] in 1993."*

 **1. Christmas picks, underscoring the Signs of the Times!:**

> *"Then Herod, when he saw that he was mocked of the wise men, was exceeding wrath, and sent forth, and slew all the children that were in Bethlehem, and in all the coasts thereof, from two years old and under, according to the time which he had diligently inquired of the wise men. Then was fulfilled that which was spoken by Jeremiah the prophet, saying, 'In Rama was there a voice heard, lamentation, and weeping, and great mourning, Rachel weeping for her children, and would not be comforted, because they are not.'" (Mat.2:16-18)*

"The miraculous virgin birth of Jesus Christ kicked off a very violent war, a spiritual war between God and Satan, between heaven and earth. When Jesus began His public ministry around the age of 30, He testified to the fact that He came to earth to begin this war, and that it would be so violent, that it would pit family members against each other. Today we see in the land of Palestine (I refuse to call it Israel, but some day I shall) the same scenario being played out in the death of thousands of innocent women and children being cold bloodily murdered by those who call themselves God's chosen people and are not. Could it be that this time the way is being paved for the return of the true Messiah? But

remember, Satan will come first to deceive the world into believing he is the messiah." (Brian Shilhavy)

> **"1914 Christmas Truce — Satanists Hold Us Hostage"**

(Excerpts:) "On Christmas 1914, British and German soldiers fraternized and refused to kill each other. Christmas reminded them that they had more in common with Jesus Christ and the Gospel of Love than with the Cabalist (Satanist) bankers who had contrived this war in order to kill them...To the consternation of field commanders on both sides, some of the troops were reluctant to return to fighting. In several areas, men were ordered to restart the hostilities under penalty of court martial...The total number of military and civilian casualties in World War I was over 37 million: over 16 million deaths and 20 million wounded, ranking it among the deadliest conflicts in human history...This war against civilization has not abated.":

> **"France's War on Christmas: Virgin Mary and Joseph Decapitated in Nativity Scene"**

(Excerpts:) "This is not an isolated event. Across France and much of Western Europe, acts of violence and hatred against Christian traditions have become an annual ritual of their own. Churches are defiled, Christmas markets are monitored like war zones, festive and religious decorations are systematically destroyed, and even those dressing up as Santa Claus are attacked. What once brought communities together now comes under attack by those who have no respect for European heritage, aided by leftist policies that open the gates to those who openly despise the West and its Christian roots...The desecration of nativity scenes, like this latest incident in Metz, is not just an attack on religious symbols. It is an attack on Europe's culture, history, and identity. Every torn-down decoration, every burned tree, and every defiled church sends a message: Christianity has no place in the Europe of tomorrow.":

 **2. The Middle East Eruption and Beyond!**

“Since 2011, the Syrian War has become one of the most important battlefields in the world. Now in its 8th year, it remains one of the most misrepresented conflicts in history, as regime-change-seeking Western and Gulf state powers seek to mislead the public by wrongly framing it as a 'civil war' when in fact it is any but that." (Excerpts:) "Recent excavations at the Hermon Stream Nature Reserve (Banias), an archaeological site in the Golan Heights, have uncovered new evidence that sheds light on the transformation of a sacred cave into a Roman-style banquet hall built by Herod the Great's grandson...The Roman banquet area was designed to maximize sensory enjoyment...In the 5th century, a church was built at the cave, marking the site's transition from pagan to Christian use. Over time, the cave returned to its roots as a site of Pan worship, where hydromancy rituals – using water to determine fate – were likely practiced...**Plans to recreate the Roman dining area at Banias** are on hold, pending further assessments after the conflict."

(Excerpts:) “Although Israel insists all actions in Syria, buffer zone or beyond, are for ensuring the country’s security, the recent capture of the Al-Mantara Dam in Southern Syria, has raised serious concerns regarding the motives behind the Israeli Hydro-Hegemony. Analysts suggest that by controlling key territories, Israel aims to influence the eventual post-Assad settlement, potentially leveraging the situation to extract guarantees for its security, while others see Israel’s land grab as part of a covert planning operation for a potential strike on Iran...Syrians worry that the IDF move may mean more annexation of their land...Israel is close to de facto taking control of the entire buffer zone between the Israeli Golan Heights and the Syrian region of Quneitra. Hay’at Tahrir al-Sham (HTS) leader Ahmed al-Sharaa’s change of tone is a clear indication that Israel is expected to withdraw the buffer zone, and the US, who is reportedly considering formal recognition of Syria’s new leadership, knows that they would have to trade carefully on this issue, before things get out of hand.”:

#### **4. Project Pagan USA!:**

*I cite these, from amongst many, recent abominable murderous crimes in the USA — such as a father beheading his 1-year-old son; a pissed-off pizza delivery man knifing a customer because she tipped him only \$2; a migrant who set fire to a sleeping subway passenger (chilling online footage shows cops walking past as she burned to death while her accused killer watched from a nearby bench), the horrific rape of adopted sons by a gay couple who filmed their acts, created child pornography, bragged about it to friends, and even used social media to pimp the boys out to a pedophile sex ring — to underscore its hideous moral corruption and demonic decay, and the undeniable truth of 1Tim.4:1 (AMP), "But the [Holy] Spirit explicitly and unmistakably declares that in later times some will turn away from the faith, paying attention instead to deceitful and seductive spirits and doctrines of demons."*

> **"The Pagan Entities Ruling Over America | Zeitgeist 2025"** - *In this 16.35 min vid, the late, legendary Dr Tom Horn talks about his book published in 2021, "Zeitgeist 2025: Countdown to the Secret Destiny of America - The Lost Prophecies of Qumran, and The Return of Old Saturn's Reign", and lays out important signs from The Great Seal and explains the Son of Promise (who is not Jesus Christ!) — indicators that herald the ushering in of the prophesied Antichrist! Unknown to most Americans and certainly many Christians is the fact that the Great Seal of the United States is a prophecy hidden in plain sight by the Founding Fathers for more than two hundred years, foretelling the return of this terrifying, demonic god who seizes control of Earth in the New Order of the Ages. This supernatural entity was known and feared in ancient times by different names: Apollo, Osiris, and even farther back as Nimrod, which Freemasonry considers to be the father of their institution.*

*In Key Updates #164/26 Nov, I posted an article that explained that Jesus was born on 11 September, 3BC - The Day of the Feast of Trumpets. Here's another article that goes further into that finding: "When Was Jesus Born?"*

<https://thelivingtruthfellowship.org/jesus-christ/when-was-jesus-born/>

*Saturnalia is an ancient Roman festival and holiday in honour of the god Saturn\*, originally held on 17 December in the Julian calendar and later expanded with festivities until 19 December. By the 1st century BC, the celebration had been extended until 23 December, for a total of seven days of festivities. The holiday was celebrated with a sacrifice at the Temple of Saturn, in the Roman Forum, and a public banquet, followed by private gift-giving, and continual partying. We can surely see how Saturnalia turned into what's now a widely known worldly Christmas! And what of 11 September? What did the delites do to Jesus' birth day/month? What do many folks now think of when they hear/see 11 September, 9/11? Death and destruction!—The Devil's doing, through and through! The Roman statesman and philosopher Marcus Cicero called Saturn "Phaeton" (meaning "The Shining One"). Saturn is the origin of the word "Saturday". Amongst some pagan civilizations, Saturn was also referred to as "the true king of heaven", "the Black Sun"—DYOR for more on that! And what happened right around Christmas 2024? Launched (supposedly) in 2018, the mainstream media was ablaze with accolades about NASA's Parker Solar Probe making history with the closest pass by the sun ever! Well, it looked like CGI video-magik to me! Believe what you will. But for me, the correlation with Saturnalia 2024 and that sun stunt, it satanically smells Osirisly ominous!:*

*The publication doesn't hold back, emphasizing Musk's overwhelming impact in everything from space exploration and AI to shaping global politics. They liken*

*his influence to that of a 21st-century Julius Caesar. What do you think this accolade has now done for his hat size? "El" is a common Semitic root for "god". The ancient Egyptian city of Heliopolis was known far and wide in antiquity as On. Joseph married the daughter of Potipherah, who was the priest of On (see Gen.41:45). The city was a center for worshipping the sun god and was the capital of the thirteenth nome of Lower Egypt. The name On comes from the sacred pillar of the bull-god Mnevis (also known as Merwer or Nemur):.*

It is also used by ICE, the FBI and U.S. law enforcement to destroy privacy, to attack whistleblowers, and to turn the Orwellian concept of 'pre-crime' (identifying and tracking potential subversives before they commit any offense) into a reality...Manipulating public consciousness is of existential importance to the ruling class...That's why our minds are constantly being hammered with propaganda into accepting the status quo politics upon which our rulers have built their kingdoms...So that's why the empire managers are pushing to get their killer robots up and running as quickly as possible...Israel is reportedly preparing to deploy dozens of weapons systems in the West Bank which are capable of firing deadly rounds without human

intervention, meaning fully autonomous killing machines as opposed to remote-controlled. These killer robots have already been in use on Israel's border with Gaza. Various military robots have been tested in Gaza since Israel's onslaught on the enclave began last year, and now they're expanding the field testing of their murderbots to the West Bank as well. Of all the horrible things Israel and its western backers do to the Palestinians, among the most evil is the way they use them as lab rats to field test new weapons systems so the rest of the empire can learn how effective those systems are. You may be sure that empire managers like Peter Thiel are watching these developments with keen interest. Militarized robots are the anti-guillotine.
