> !! ✝ !! *I'm starting off this week's KU with this video, in the hopes that it will definitely be viewed! 1.14.48 hr. OAAO. **DON'T MISS IT!** Aside from a few things mentioned in this video—for example, imo, there will be many who will be testifying of the Gospel during the Great Tribulation, not just the two witnesses mentioned in Revelation chapter 11—I'm really glad that I took this video in, mainly to help bolster my understanding surrounding how great the Great Deception even currently is and will keep becoming!—As it seeps into and sweeps mankind - even through kinesiological tactics - into wanting to be captured and fakely raptured into embracing the Great Deceptor!*

**"THE GREAT DECEPTION** - The GREAT Deception is beyond what most could ever conceive of! As UAPs, Super AI, Quantum Computing, Blockchain Tech, EM/RF etc. advances are implemented, it is becoming clear just how GREAT this nearing deception will truly be! Hyper-emotionalism and spiritualism has led to the final Apostasy—and we haven't seen anything yet!" - *A very timely reminder to remember that the highest level of deception is self deception. The Great Deception will not be wholly governmental, but also bestowed upon the world as an intimate, personal experience, in so much that it will lead many away from the Christian faith!* (Excerpts:) "Deception is a personal, deliberate, wilful choice to not love the Truth! To love the things of the world over God! Deception doesn't happen in a vacuum; it's a choice. Quit waiting for the 'big show' to happen so you'll know that things are getting serious and it's time to get off the fence. There is no 'big show'. Remember, Jesus said as it was in the days of Noah, so shall also the coming of the Son of man be? And then Jesus gave the qualifier: It's going to appear perfectly normal, until it's not! It's happening! It's the secret doctrines of demons sowing and leading the masses astray; they don't throat punch you astray; they lead you astray! The Great Deception is happening now in real time!":

> 700 More often than I can remember, I've asked myself why "smart" people believe stupid things. I could cite so many examples of my questioning that, from when I saw a teen on up to the present—even posing that question at times to my own decisions in my life. When I came across this article the other day, I thought, "Wow! This pretty much nails it!"

**"Why Smart People Believe Stupid Things"** - *Promise me you'll read this in full!*

(Excerpts:) "The root of the problem is, therefore, not our intelligence or learning, but our goals. Most goals of thinking are not to reach objective truth but to justify what we wish to believe. There is only one thing that can motivate us to put our intelligence into the service of objective truth, and that is curiosity...So how do we make ourselves curious? Good news: if you're reading this, you're probably quite curious already. But there's something you can do to supercharge your curiosity: enter the curiosity zone...curiosity is the desire to fill gaps in knowledge. As such, curiosity occurs not when you know nothing about something but when you know a bit about it. So learn a little about as much as you can, and this will create 'itches' that will spur you to learn even more. [*In reading the Books of Enoch, I'm always impressed at how curious Enoch was, when God took him up into the spiritual realm. Enoch repeatedly asked God questions about various topics, including the creation of the world, the nature of angels, future events, and the fate of humanity, essentially seeking deeper understanding and revelation from the divine through his inquiries. "Call unto Me, and I will answer thee, and show thee great and mighty things, which thou knowest not." (Jer.33:3)*] Curiosity is essential to directing your intellect toward objective truth, but it's not all you need. You must also have humility...define yourself by your willingness to learn. Then admitting you're wrong, instead of feeling like an attack, will become an opportunity for growth. [*Whew, does that ring true for me! For any of you KUers who are decades-upon-decades dear old-time colleagues and friends of mine (you know who you are!), thanks forever for the times you told me I was wrong and helped me to grow and want to keep growing!*] Anyone who's sure they're humble is probably not, so I can't say whether I've succeeded in becoming humble. But I can say that I always try to be humble...Humility and curiosity, then, are what we most need to find truth. By seeking one, we also seek the other: being curious makes us humble, because it shows us how little we know, and in turn, being humble makes us curious, because it helps us acknowledge that we

need to learn more. In the end, rationality is not about intelligence but about character. Without the right personal qualities, more education won't make you a master of your biases, it'll only make you a better servant of them. So be open to the possibility that you may be wrong, and always be willing to change your mind—especially if you're smart. By being humble and curious you may not win many arguments, but it won't matter, for even losing arguments will become a victory that moves you toward the far grander prize of truth." - PTL! Amen!: <https://www.gurwinder.blog/p/why-smart-people-hold-stupid-beliefs>

That is most certainly how Trump is massaging the bogus Gaza 'ceasefire' into a big-time redevelopment project... 'Gaza will be the next Times Square!' he told the King [of Jordan]... He has been hatching it for some time with some help from Benjamin Netanyahu... Most likely, Gaza, Lebanon, Jordan and Syria will all be part of a 'Greater Israel-Trumpland' development that will be governed from the massive American Embassy being erected in secrecy in Beirut [see photo of it in the article]. Jewish Voice for Peace (JVP)—which led an unprecedented nationwide wave of Jewish-led protests for Palestinian rights—said Trump's order 'is pulled directly from the pages of the far-Right Heritage Foundation's 'Project Esther' report, which is a blueprint for using the federal government and private institutions to dismantle the Palestine solidarity movement and broader U.S. civil society, under the guise of 'fighting antisemitism'. These tactics are built to disrupt the historic movement for Palestinian liberation across the U.S.—including on college campuses—before then using those same tactics to attack a wide range of progressive social justice movements,' JVP added. JVP executive director Stefanie Fox said in a statement, 'We stand with the student protestors who so

As Jews, we refuse to be pawns in the far-right's authoritarian takeover...Trump and his cronies do not care about Jewish safety—in fact, they and the white nationalists who support them are themselves the greatest threat to American Jews. (Excerpts from the beginning:) "Without Jesus, man is a religion unto himself. His body is his temple, his soul is his doctrine and his spirit is his god. For the rest of his days he then looks to acquire converts to be made in his image. Within the Christian journey we are called to worship our God in spirit and in truth...For this reason the believer can go anywhere in the world without the threat of darkness laying hold of them. Yet that depends on remaining in the arms of our first love. The enemy of the Spirit is one that is rooted in natural flesh. If worldly impulses seek to lay hold of us, then we can find ourselves compromised and moved by the god of this world. Such compromise invites various forms of bondage. Bondage of any kind is a choice we make allowing our person to be controlled or owned by other masters." - *"No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. In total, he's believed to have a net worth of at least \$1 billion (£795 million)...AUTHOR COMMENTARY:..Where are the MAGA 'prophets' now? Is this the 'revival', the 'peace' and return to righteousness and the godly path that they speak of? But, alas, we have deafening silence once again from these false prophets and diviners on the television screen, social media, and in 'churches' all across this country. Soros is a common conservative and alt-right whipping post being blamed for all sorts of evil and abomination in this country; but when one of his close affiliates, and a staunch advocate for sodomy, perversion, and promotion of surrogacy so those two men can cosplay as a family, is hand-selected by Trump to be the fifth-most powerful man in the country and deal directly with monetary policy and fiscal spending, there is hardly if any outcry. But why should we expect such a rebuke? After all, these lying pundits and 'prophets' (raking in the profits) have made out handsomely peddling lying divination and the calls for a 'great awakening' and revival in the land. Get a clue: it's not happening. Micah 3:5-7 'Thus saith the LORD concerning the prophets that make My people err, that bite with their teeth, and cry, "Peace"; and he that putteth not into their mouths, they even prepare war against him. Therefore night shall be unto you, that ye shall not have a vision; and it shall be dark unto you, that ye shall not divine; and the sun shall go down over the prophets, and the day shall be dark over them. Then shall the seers be ashamed, and the diviners confounded: yea, they shall all cover their lips; for there is no answer of God.' Jeremiah 6:14-15 'They have healed also the hurt of the daughter of My people slightly, saying, "Peace, peace"; when there is no peace. Were they ashamed when they had committed abomination? nay, they were not at all ashamed, neither could they blush: therefore they shall fall among them that fall: at the time that I visit them they shall be cast down, saith the LORD.' Oh, so when Biden promotes it, it's 'woke'; but when Trump does it, it's celebrated or ignored: just as

long as it doesn't come with pronouns and labels, then it's 'based.'...There is no revival, there is no prosperity, there is no 'draining the swamp'; but the excuses will keep coming, no matter what, against all insurmountable evidence to the contrary. Larry Fink's BlackRock made it very plain in the weeks leading up to the election in November: 'I'm tired of hearing this is the biggest election in your lifetime. The reality is, over time, it doesn't matter.'" - *Because it's a delites' Selection!*

### > **"'Conspiracy Theory' Is Now Fact: Greater Israel Has Arrived"**

(Excerpts:) "Since his inauguration, Donald Trump has expressed a keen interest in '[cleaning] out the whole' of Gaza [aka profiteering, not peacekeeping!]. This would necessitate shunting Palestinians into Jordan and Egypt. Despite opposition even from his allies, widespread condemnation of the plan as grotesque ethnic cleansing, and both target countries rejecting the idea, the new President shows no sign of backing down. For Israel, this strategy's appeal is self-evident. On top of emptying Gaza of Palestinians for settlement, forcing countless people into Sinai would inevitably create mass chaos and tensions there, which could...provide 'the excuse' for Tel Aviv to militarily occupy the region in the manner of the West Bank. Just as a 'temporary defensive position until a suitable arrangement is found', of course, as Netanyahu said of the IDF's brazen creation of a prospective beachhead on Mount Hermon...We must hope, as Sharmine Narwani prophesied, that Netanyahu's megalomaniacal reveries of Greater Israel are just that. Despite understandable mass anti-imperialist mourning over the demise of Assad's government, Tel Aviv faces a panoply of intractable internal problems. Contrary to claims of Tel Aviv's population 'exploding', tens of thousands of residents are routinely fleeing due to ongoing attacks on Israel. At the same time, its economy has perhaps permanently been relegated to the doldrums, the country dependent on U.S. largesse to endure...'The good news is, Israel has completely dropped all its masks. The bad news is it will go for land grabs everywhere. But this will be done opportunistically and without much forethought or strategic planning. In the end, which country besides the US will be able to support Israel publicly? Tel Aviv will corner itself because the dominant Western discourse and EU law are still premised on human rights and 'rules.' Allowing Israel these land grabs will also sink the Western-led global order.' (Sharmine Narwani)":

> 🐼 **"The alien church in Los Angeles!"** - 1.03 min vid. Note the **hexagrams** on the pamphlet at the end. (Remember the 6-pointed Star of Remphan [aka Raephan]! I have referred to it repeatedly in past KUs. DYOR.) Remphan was an ancient Egyptian deity and astral god associated with the planet Saturn. The name is mentioned in Acts 7:43 ("Yea, ye took up the tabernacle of Moloch, and the star of your god Remphan, figures which ye made to worship them: and I will carry you away beyond Babylon.") when Stephen speaks to the Jewish religious leaders and refers to Remphan as "the star of your god". The passage is a quote from Amos 5:26 ("Yea, ye took up the tabernacle of Moloch, and the star of your god Raephan, the images of them which ye made for yourselves.") in the Septuagint translation of the Bible. Biblical scholars generally agree that Remphan is the same as the Hebrew word "Kiyyun" or "Chiun", which both refer to Saturn. The Babylonians also worshiped a god of Saturn and called him "Kiyun". The name Remphan may be a Greek transliteration of the Hebrew word "Kiyyun". It may also mean "prepared" or "arrayed".:

(Excerpts:) "At the current point in human history, the once quickly dismissed notion of a 'hidden hand' controlling humanity's direction is being viewed with different eyes. An uncomfortable realization is taking place. Actions, not words, reveal people's true intent, and day by day the world is seeing a long-term agenda revealing itself at an ever-increasing pace and urgency. The time of disclosure is at hand and the agenda to a totalitarian AI controlled world state is in plain view: The ultimate plan behind the History of World Government extending millennia is to Hide — Conceal — then, when ready, REVEAL. [*"Let no man deceive you by any means: for that day (of Jesus Christ's second coming) shall not come, except there come a falling away first, and that man of sin be **revealed**, the son of perdition (the Antichrist); who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God."* (2Thes.2:3-4)] Our world leaders, who are in positions of responsibility, have sold their people out and their ideas are seemingly at odds with what is best for a healthy society. If the control structure is unable to represent the people and their best interests, we need to examine in depth their motivations and what they are really doing. The question which needs to be articulated is WHERE could our 'leaders' be getting their orders from and what does their ultimate plan involve." - *"Where"? From the demonic realm! seeing it in a very unusual way through a lot of the volunteers rubbing shoulders all day long. Serving is the greatest way to engage people that do not know the Lord because everybody can rally around that...Everybody can get behind the fact that the Gospel inspires you to do great things and to love people in practical ways, and it's an unbelievable open door to be able to share why you do it and what inspires you to make that change."

> 🌟 **"Palestinian Christians: Suffering Alone And Ignored By The Body Of Christ"**

(Excerpts:) "...why are evangelicals deaf and dumb to the plight of our persecuted brothers and sisters in Palestine? Because the persecutors are Israelis, who evangelicals erroneously believe are God's chosen people...they believe Christ is two bodies: The Gentile Christian Body and the Israeli body, Christian or not. They further believe that the Israeli body can commit any crime, mass murder or genocide against the Christian body—with the blessing of God. Of course, it wouldn't work the other way around. If that's not schizophrenia, tell me what is. The truth is, the Israeli attack against the Body of Christ in Palestine

is an attack against the Body of Christ everywhere...The one Person Trump didn't bother to take an oath to is GOD. Donald Trump did NOT put his hand on a Bible when he took the oath of office...there is no ceasefire. Israel has merely shifted the battlefield from Gaza to the West Bank. Plus, if Trump truly wants to bring peace to the Middle East, why is he sending 1,800 2,000-pound bombs ('Bunker Busters') to Israel this week—during a 'ceasefire', no less?...Trump has filled his cabinet and top executive leadership positions with uber Zionists...Now listen very carefully to what Trump told a reporter in the Oval Office shortly after he was inaugurated: Reporter: How confident are you, Mr. President, that you can keep the ceasefire in Gaza and conclude the three phases of the deal? Trump: I'm not confident. That's not our war; it's their war. But I'm not confident. But I think they're very weakened on the other side. Not our war? Either Trump is a blooming idiot, or he is a pathological liar (probably both). Every missile, every bomb, every jet, every tank, every piece of intelligence, communications and surveillance is marked Made in the U.S.A. Plus, if it's 'not our war', why does Trump say, 'They're very weakened on the other side'? Trump talks out of his rear end. In his two-sentence response to that question, he—probably without even realizing what he was doing—completely contradicted himself. If it's not our war', then there is no 'other side', because we wouldn't have a side...Obviously, he didn't take a close look at the hundreds of thousands—NOT tens of thousands—of dead bodies that WE, the government and people of the United States (through our tax dollars), have helped Israel slaughter. I wonder why Gaza looks like a 'massive demolition site'. Because that's what it is. Israel committed mass ethnic cleansing, mass murder and genocide (meaning international war crimes and crimes against humanity) using U.S. bombs and jets to destroy virtually all of Gaza's infrastructure, making it unlivable. Reporter: Do you plan to help rebuilding Gaza? Trump: I might. You know, Gaza is interesting. It's a phenomenal location on the sea. The best weather. You know, everything's good. It's like some beautiful things could be done with it. But it's very interesting. But some fantastic things could be done with Gaza...Trump's going to help rebuild Gaza 'in a different way. It's a phenomenal location on the sea. The best weather. It's like some beautiful things could be done with it. Some fantastic things could be done with Gaza. You certainly can't have the people that were there [Palestinians]. Most of them are dead.' This is NOT the language of a peace-loving president; this is the language of a greedy billionaire land developer who is willing to slaughter and/or displace millions of innocent men, women, children and babies in order to make a fortune off of beautiful beachfront property

with perfect weather by building vast amounts of expensive properties... Trump has now revealed to the whole world—including the Palestinians he lied to in Michigan to obtain their vote—that he is a racist and supports Israel's ethnic cleansing. This is also part of Trump's deal with the Israeli government and Mossad asset, billionaire Miriam Adelson, for the hundred million dollars they put into Trump's election campaign... The Zionists put Biden in office to do the dirty work of helping Israel commit genocide against the Gazan people and completely destroying the infrastructure, making Gaza unlivable. Now the Zionists have put Trump in office to do the work of moving the remaining Palestinians to U.S. puppet countries (Jordan and Egypt) in order to allow the U.S. and Israel to develop the beachfront property of Gaza on the Mediterranean Sea and seize the oil, natural gas and minerals that exist there—and to also help Israel seize the land in the West Bank."

> 🌟 *Following on from what I posted in KU171/24 January regarding Trump's inauguration under the Rotunda and its display of pagan-esque symbols and inferences which constitute "an ancient talismanic diagram based on the history and cult of [the pagan trinity] Isis, Osiris, and Horus, including the magical utilities meant to generate the deity's return", and from what I posted yesterday regarding the no-survivors collision of the Black **Hawk** helicopter and an airplane (headed towards Runway **33** [a key number in Masonic maneuvers] over Washington DC: Note that in ancient Egyptian religion and mythology, Horus (meaning "one who is above"; also known as **Heru, Har, Her, or Hor**) is the **hawk- or falcon-headed sky god, known as "the high-flying one", the son of Osiris and Isis. Imo, this collision could very well have been arranged by the delites as an Hor(rible) ritualistic sky sacrifice in order to **Her(ald)** a sign or message of some sort. Also note that this **Hor(ror)** occurred on 29 January 2025—the very first day of what is currently the Year of the Snake! A **Har(binger)** of more **Har(rowing)** psycho-alchemic events ahead? Does it tie in with any connection to **Heru(t)**? (Note that the Lockheed article, which I posted above on 31 January, came out in October 2024, giving us 3-months' notice of how the Black Hawk helicopters can be commandeered and operated remotely!) In this article it speaks of COG (which means Continuity of Government), which are torpedo tactics that are designed and unleashed to bring down nations, which is occurring in the USA, for example, pillar by pillar. "This is all outlined in a book I've said for the last eight years in a book called '**Raven Rock**', says the article. Note "**Raven**", which, imo, is a summoning of the god **Horus**, which I talked about above. The article goes on to say, "Since the first Continuity of Government exercise that created the Department of Homeland Security, it created **ODNI**, which is **going to be the seat of government. the Office of Director of National Intelligence (ODNI)**."— Rearrange those letters and we get "**ODIN**", a Norse god of war, death, wisdom, and magic. He is also known as the All-Father. In paganism, his role is: god of war and battle, protector of hedonistic hell-raising heroes, god of death and rules over Valhalla (perhaps better spelt "Valhella", the hall of the slain); he's also referred to as a magic god, a great magician and associated with runes (runes are historical characters whose purpose is to reproduce and mimic (ie deception!) certain sounds). Another point about Odin is that he has two ravens (another nod to Horus!) Hugin and Munin, who fly around the world and report back to him. And Odin also has two wolves, Geri and Freki. Well, we certainly want to avoid those wolves, as pointed out in John chapter 10, Matthew 10:16, Acts 20:29-30, and Matthew 7:15!*

Its former prince, Hassan, was elbowed out of the succession to the Hashemite throne because the US and Israel considered him too pro-Palestinian. • **"How the West hides its Gaza genocide guilt behind Holocaust Day remembrance - The ghosts of thousands of Palestinian children crushed by Israeli bombs loomed over this year's Auschwitz commemorations" -**

Includes 3.50 min vid.

(Excerpts:) "There was an unwanted ghost at the commemorations. In fact, tens of thousands of ghosts. Those ghosts included the children shredded by US-supplied bombs; the children who slowly suffocated under the rubble of their destroyed homes; the children whose bodies were left to rot, picked apart by feral dogs, because snipers shot at anyone who tried to retrieve them; the children who starved to death because they were seen as 'human animals', denied all food and water; the homeless babies who froze to death in plunging winter temperatures; and the premature babies left to die in their incubators after soldiers invaded hospitals and cut off the power. Those ghosts were every bit as present at the ceremony as the mountains of shoes and suitcases – separated forever from their owners – lining the corridors of the Auschwitz museum. Western leaders were determined to look back at the crimes of the past, but not to look at the crimes of the present – crimes they have been so deeply complicit in perpetrating. The BBC's News at Ten, its main evening news programme, dedicated around 20 minutes of its half-hour schedule to the Auschwitz commemorations, and then immediately followed the segment – apparently with no sense of irony – with images from Gaza, now a wasteland of rubble. Video footage, shot by a drone from high above, showed hundreds of thousands of Palestinians – the survivors, if Israel does not restart the slaughter – picking their way along the coast northwards. They were heading towards the ruins that had once been their homes, schools, universities, libraries, mosques, churches and bakeries. Seen from so far away, they were reduced to a mass of 'human ants', just as Israel's leaders wish them to be seen...Israel did not learn the lesson of 'never again'. It learned to view the world as a giant extermination-camp-in-waiting, where no one and nothing could be trusted; where life was seen as a zero-sum battle for survival; where wielding the biggest stick eased its fears a little; and peace was unattainable, so the state of war had to be permanent. Touting itself as the realisation of a dream for the Jewish people, Israel offered only a nightmarish hellscape for the Palestinians it has ruled for nearly eight decades...Israeli popular culture has so dehumanised

Palestinians that report after report finds those imprisoned by Israel face systematic torture, sexual abuse and rape. Or that Israeli soldiers regard Palestinians as so vermin-like that, as western doctors who have volunteered in Gaza keep warning, Israeli snipers and drones appear to be shooting Gaza's children for sport. The truth is that the primary lesson of the Holocaust, like the reality of antisemitism, has been weaponised. It has been hollowed out of its true message – the message from the survivors – so that it can be cynically repurposed to justify the very crimes it should serve as a warning against. We cannot unsee what has taken place in Gaza over the past 15 months. Holocaust Remembrance Day didn't succeed in shifting our attention back 80 years, as western leaders hoped it would. Rather, it brought the present into much sharper focus.":

(Excerpts:) "Karen Kingston is a biotech analyst and former Pfizer employee who is back with a new warning about artificial intelligence (AI) and deadly and debilitating mRNA 'vaccines'. Let's start with the horrible mid-air collision that happened in Washington D.C. The question that is not being asked is what is the vax status of all involved with this deadly accident? It is now a well-known fact that both Covid 19 and the CV19 vax are bioweapons that cause 'catastrophic neurological damage'...Another symptom of both the CV19 injections and Long Covid is vision decline...What about the recent news of the mRNA AI cancer vaccine? Kingston says, 'These mRNA AI cancer vaccines are locked and loaded...They recode your cell, including your white blood cells, to not attack the cancer cells but to find the cancer cells and feed them with blood vessel growth factors so they turn into turbo cancers...There is this initiative to merge the human body with technology...This is not a conspiracy theory...It's a global effort to replace how God created us with technology...this AI technology is demonically inspired. It is an attack on God's greatest creation and his greatest love, which is humanity and mankind...The patents say they are customizing these AI cancer injections to accelerate cancer growth. They don't even really cover up that they are trying to kill you." - *Note that pharmakeia is now oftentimes cloaking mRNA AI medicine by calling it "personalised medicine"!*

DYOR!], all equidistant from each other and spread around the earth like a grid. There is also one in the Antarctic. Why a very small 7-meter submarine, that has sophisticated equipment, would suddenly disappear is possibly a mystery.*

However, the Bermuda Triangles are normally interested in people. It is normally the people that disappear and the vessel, like the ship or submarine or plane, is later found abandoned at sea or on the land, minus the people. The Triangles normally seem hungry for humans, to drag them off to the underworld, like 'human abduction', as mentioned done by UFOs. Very interesting article, as personally this is the first time that I have heard of equipment disappearing, but then ..!?"

> ✨ *Inspecting the tyrannical threads of the Walthamstow Tapestry by Grayson Perry!*

• **"The World Economic Forum: Public-Private Partnerships and the Road to Global Control"** - *This 18.58 min vid is a very interesting and, imo, helpful analysis of the recent WEF gathering in Davos last month, in January. In particular, I'd like to do some follow through on its mention of the Walthamstow Tapestry, which comes up on screen at 8.01 minutes into the video (and is on screen until about 8.35), and which is noted as being in the Forbes Communications Office. The tapestry was named after the E17 postcode district in London, England, that includes Walthamstow, which is where the artist created it in his studio. The commentator draws the connection to the number "17" to the UN's 17 Sustainable Development Goals. This tapestry contains a lot of symbology, namely, "human babies being sacrificed to Satan by the corporations". So, here's this tapestry, on the wall of one of the Davos meeting*

rooms! It's definitely not there by accident! And if this doesn't denote a gathering of global Satanists, what does?!?:

- *Let's go back in time a bit, to 2009, when the Walthamstow Tapestry first went on display.*

### "Grayson Perry's The Walthamstow Tapestry goes on display in London"

(Excerpt:) The work, which measures fifteen metres by three metres... It starts with a graphically bloody scene of childbirth and then continues with depictions of the seven ages of man, through childhood, adulthood and eventually to death. But the devil is in the detail [*That's for sure!*]. Around these large human figures teem hundreds of smaller images and words. The words are brand names, detached from their products...":

- and -

- ***In summary:*** *There's a whole lot of insanity happening in that tapestry; to sum it up, it depicts a woman giving birth to a baby whose trail of blood leads directly into the devil's mouth. Facing the devil are characters resembling the Three Wise Men. Also, is that supposed to be the Virgin Mary kneeling and offering baby Jesus to the devil? World leaders are discussing the future of the world in rooms decorated with this crap. The tapestry is filled with the names of actual corporations, such as Nestlé, Vodafone, Nike, Microsoft, and GlaxoSmithKline*

*etc. One can argue that the artwork comments on corporations and materialism affecting every aspect of our lives and leading us to an unholy existence.*

*However, because most of these companies are actually represented at the WEF, this tapestry takes on a very literal meaning. It's not a social commentary any more, it's a blueprint. And they're proud of it!*
