I received this from a KUr just now! Dated 18 February 2025

"But he's [Elon] uncovering our corrupt government spending!"

90% of the world is either asleep or brainwashed while the Beast system is getting set up right in front of our eyes.

I pray that everyone wakes up to the deception, seek and draw closer to Christ and start viewing this world with spiritual eyes." - Includes 4.58 min vid:

>  **"DEEP STATE EXPOSED: Israel and the Plot to Cancel Trump"** - 58.09 min vid, *with introductory article. A KURC that was sent to me by two KUrers. Michael Matt brings out many timely insights. OAAO.*

(Excerpts:) "Michael takes a hard look at a geopolitical conspiracy theory about which few Americans want to speak – the US/ISRAEL covenant. Yes, Trump looked silly kissing up to Bibi Netanyahu this week, promising to turn Gaza into the Riviera of the Mideast. But the question here is why? Why does Trump – like every US President back to Harry S. Truman – feel obligated to make Israel his top priority?" - *This and many other important points are featured to help us "see beyond the veil to what's really going on"! In his presentation, Matt mentions the golden pager that Netanyahu gave to Trump (Here it is:*

https://t.me/rtnews/81368) and asks why.—And as I mentioned in last week's KU, to me it means that if Trump doesn't do as he's told, that a pager of sorts will blow up in his face and/or those of his loved ones!?:

 **NOTE:** *The phrase "constitutional crisis" has been thrown out in a lot of US news lately, almost as if it's the new "This is extremely dangerous to our Democracy."—Remember that one, parroted worldwide by the media during Covid?*

>  *Freemasons yuck it up in this tongue-&-cheek 1.18 min TikTok marketing video designed to debunk the myths of the organisation. I've KUed many articles over the past year showing the real DNA (demonic, nefarious, abominable) of Freemasonry. DYOR. In this vid, these Freemasons are making light of it all, but in reality, it's as dark as they come!*

> !! **"Trump: I am committed to buying and owning Gaza** - US President tells reporters aboard Air Force One that he remains committed to buying and owning Gaza, but could give sections of the Strip to other Middle East countries: I will take care of the Palestinians and ensure they are not killed." - *Really? Why did he just sign off \$7.4 BILLION in arms to Isahell? There are some consequences in this world that are worse than death! He talks about Palestinians like they're trading cards, collateral, bargaining chips!*

With that in mind, find out how the current deliberations regarding the assisted dying bill are shockingly tracking!*: <https://tapnewswire.com/2025/02/11/how-the-british-government-plans-to-save-the-nhs-by-disposing-of-the-old-and-chronically-sick/>

Quote: "Don't get me wrong. I love everything Trump is doing domestically: expelling illegals, ending gender dystrophy in sports and the army, and stopping USAIDS etc. Don't forget, Hitler also did a lot to prepare Germany for World War Two. Trump is preparing the US for WW3 which, like WW2 is fought between the Communist and Fascist wings of Jewish Freemasonry. In WW2, the Allies were Communist while the Nazis were Fascists. In WW3, the US, Israel & NATO are on the Fascist side. Russia, China, Iran and the BRICS are the Communists. Like Israel in Gaza, Trump lays claim to land that he has no legitimate claim to: Greenland, Canada and Gaza." (Henry Makow, <https://henrymakow.com/2025/02/feb-11--trump-hitler-role.html>)

> 🧐 **"The Art of Deception"** - *Excellent* article that provides schooling in noting the power of appearances! Recommend reading in full! Wyatt Peterson reveals how, prior to becoming president, Donald Trump deliberately duped Holiday Inn executives into investing into one of his projects with a staged construction site. *Is he doing the same thing today with the American people?*

(Excerpts:) "In his 1987 book 'The Art of the Deal', Donald Trump describes a stunt he pulled a few years earlier that involved deceiving Holiday Inn executives into partnering with him on the construction of a casino. Trump, who owned a strip of land along the Atlantic City boardwalk, lied when he told the hotel chain's top brass that construction was already underway and that encouraging progress was being made. In reality, ground had barely been broken at Trump's site which, at that time, was little more than a plot of empty land. On the day the executives were scheduled to appear on-site, Trump 'directed his construction manager to hire dozens of pieces of heavy equipment to move dirt around the site, digging holes and filling them back up if necessary.' 'What the bulldozers and dump trucks did wasn't important...so long as they did a lot of it', Trump said. (Source: Business Insider, Apr. 20, 2017) The hoodwink worked just as Trump expected, for he knew that the mere appearance of activity would be enough to persuade the hotel executives to invest in his project. A similar trick is being played on the American people today...Trump, like many swindlers, is a showman who manipulates public perception with the virtuosity of someone who has spent years working in television. While millions of MAGA diehards actually believe his actions are motivated by a consideration for the public welfare, the reality is that Trump is first-and-foremost beholden to mega-rich donors who are always guaranteed a return on their sizeable deposits. It's been reported in the Israeli press, for example, that in return for her donation of \$100 million to Trump's presidential campaign, ultra-Zionist Miriam Adelson expects annexation of the West Bank [In the process of being executed, as promised!]...If there's one takeaway from Trump's first three weeks in office it's that, in matters of foreign policy at least, it doesn't appear he will do anything other than fulfill his obligations to the wealthy donors who returned him to the White House. Due to his ability to manipulate conservative perceptions, however, it's unlikely there will be any meaningful opposition from his base...The popular image of Trump as an intrepid adversary of the Deep State holds powerful sway over the minds of many Americans but stands in contrast to the reality of him as a shabbos goy, operating

primarily on behalf of his billionaire donors, Benjamin Netanyahu and the state of Israel. I can think of no other political leader who could shut down the US economy, appoint a clown like Tony Fauci to spearhead a national pandemic response, give \$500 billion to Sam Altman and Larry Ellison to produce AI-generated mRNA vaccines, and still receive historic levels of support from conservative Americans.":

Because he, with his business buddy Netanyahu & Co., is certainly looking into leveraging the Levant (the region along the eastern Mediterranean shores, roughly corresponding to modern-day Israel, Jordan, Lebanon, Syria, and certain adjacent areas) with guns blazing—literally! • **"Over 100 Countries Back UN-Linked AI Pact Pushing Censorship and Surveillance"**

(Excerpts:) "The AI Action Summit, held in Paris this week, resulted in 60 signatories supporting a statement on 'inclusive and sustainable artificial intelligence for people and the planet'. Among the dozens of countries are the European Union and the African Union Commission, along with Australia, Brazil, Canada, China, France, Germany – but not the US or the UK...The declaration commits to a number of UN initiatives, such as the Sustainable Development Goals (SDGs)...this set of 17 interconnected global goals promotes not only digital ID, but also indirectly censorship of what the authorities find to be 'threats to information integrity' [ie threat to the Truth!] that can negatively impact SDGs –

such as 'hate speech' [ie, anti-Devil speech!], 'misinformation' [ie, Truth!] etc. [ie, anything that irks and disturbs the delites' agenda!]. Another UN initiative referred to by the Paris Declaration in the Global Digital Compact, which the signatories agreed is the basis for launching a **!!Global Dialogue on AI governance !!**[In preparation for the 10 kings referred to in Daniel 7:24 and Revelation 17:12 that rule with the Antichrist?!] and the Independent International Scientific Panel on AI, as a way to **'align ongoing governance efforts'**":

Vance told world leaders that AI was 'an opportunity that the Trump administration will not squander' and said **!!pro-growth AI policies' should be prioritised over safety!!**[Hmmm!] ...The meeting is also taking place at a time of growing trade tensions between the US and Europe...It comes amid discussions at the summit about the impact of AI development on society, the environment and governance. Policy-makers, executives and diplomats have been mulling ways to capture the economic benefits of AI innovation, while addressing the technology's risks." - *In other words, jockeying for AI power?!*

- **"Why Trusting Artificial Intelligence Can Be Dangerous** - When AI says 'kill': Humans overtrust machines in life-or-death decisions"

(Excerpts:) "A series of experiments simulating drone warfare scenarios suggests we may be falling too far on the side of machine deference, with potentially dangerous consequences...while participants' initial choices were correct about 70% of the time, their final accuracy dropped to around 50% after following the AI's unreliable advice...When the AI agreed with their initial assessment, participants reported a 16% boost in confidence. However, when facing AI disagreement, those who stuck to their original decisions reported an average 9.48% drop in confidence, even when their initial assessment had been correct. Even more striking, participants who changed their minds to agree with the AI showed no significant increase in confidence, suggesting they deferred to the machine despite maintaining uncertainty about the correct choice...the more

crucial factor appeared to be the AI's perceived intelligence. Participants who rated their AI partner as more intelligent were more likely to defer to its judgment and report higher confidence when agreeing with it, regardless of its physical or virtual presentation... Although this study focused on high-risk military decisions, the findings could apply to scenarios ranging from police use of lethal force to paramedic triage decisions in emergencies, and even to significant life changes like buying a home. In each case, the human tendency to defer to AI guidance, even when explicitly warned about its limitations, raises serious concerns about implementation...**having healthy skepticism about AI is essential**, especially when making such weighted decisions. As artificial intelligence systems become increasingly integrated into consequential decision-making processes, **understanding and mitigating our tendency to overtrust them becomes crucial for preventing potentially catastrophic outcomes.** - *But with global power brokers and demonic-worshipping delites jockeying for dominion via AI, the fact that (as stated in this article, "Participants who rated their AI partner as more intelligent were more likely to defer to its judgment and report higher confidence when agreeing with it, regardless of its physical or virtual presentation", humans are more and more asininely deferring to and confiding in AI masters has got the delites licking their luciferian lips!*

"For the worshipping of idols not to be named is the beginning, the cause, and the end, of all evil. For insomuch as their trust is in idols, which have no life; though they swear falsely, yet they look not to be hurt. Howbeit for both causes shall they be justly punished: both because they thought not well of God, giving heed unto idols, and also unjustly swore in deceit, despising holiness. They shall be turned back, they shall be greatly ashamed, that trust in graven images, that say to the molten images, 'Ye are our gods.' Turn ye not unto idols, nor make to yourselves molten gods: I am the LORD your God." (Wisdom of Solomon 14:27, 29-30; Isa.42:17; Lev.19:4)

This is quintessential Prosperity Theology/Christian Zionist blasphemy touted by the likes of John Hagee, that Jews have a special plan of salvation with God that does not include salvation through Christ...the Israeli media publication took pride in the fact that Paula White is a close ally of the Kabbalist/Chabadist/Zionist Jew (and Trump's son-in-law) Jared Kushner, who is one of the largest financiers of Israeli 'resettlement' programs in the West Bank, aka 'land theft and occupation'. Historical note posted on tapnewswire, where this article also appears:

"The Doge of Venice [Which I posted about in KU169/13 January] was the leader of the old Venetian oligarchy which lasted several hundred years in Venice. Prior to its migration to the City of London in the 16th and 17th Centuries, they sealed their primacy in the City when they created the Bank of England in 1694. The Venetian Doge was known as 'The First among Equals'. The bosses were all equal, the plebs didn't count. British Royalty's ensignia is replete with Venetian symbols. Catherine Austin Fitts is a very very savvy lady. She worked for the US Government back in the day, Housing and Urban Development...she identified tens, maybe hundreds, or thousands, of \$billions government dollars that 'went missing' and found that nobody cared. So she left government. She's a gamekeeper turned poacher."

(Excerpts:) "Now that the Trump Administration has been in charge of the U.S. Executive Branch for two weeks, here is what appears to be underway. While the chief despot was aptly called the Doge, his governance merely reflected the will of the many Northern Italian Black Nobility petty tyrants who collectively ruled the realm from behind the curtain, as always...The 'DOGE' of the Republic of Venice (1200-1670), also known as the Venetian Empire, was the most powerful position of the realm. (Excerpts:) "For over 50 years, the Bilderberg Group constructed the European Union by stealth under the guise of trade deals. Now the elite are using the same secretive program to complete the North American Union. The Bilderberg Group would later admit that their mission was the formation of the EU. Once the EU was established, under the guise of trade deals, a North American Union and Asian Union would be formed. The three interlocking super-states form the core of the global government. From September 12th to September 14th 2024, in Banff, Canada, hundreds of elected and appointed government leaders from Canada, Mexico and the United States met in secret. The Judicial Watch Foundation submitted Freedom of Information Act requests to obtain the full agenda and minutes of the secret assembly. Many federal agencies refused, citing national security. The foundation finally succeeded and did receive thousands of pages of documents. The pages chronicle an already operating North American Union. Transportation, law enforcement, agriculture, regulation, banking, manufacturing, construction, education, immigration, and even the military are being merged with no input from the people or their elected representatives in Congress and Parliament...When you read human history,

when you study it, all you see is elites trying to dominate, subterfuge, Machiavellian backstabbing. "Israel Killed Her Own People" - Includes 4.02 min vid. Former Israeli Defense Minister Yoav Gallant has confirmed that the IDF were ordered to shoot and kill captive Israelis on Oct 7, 2024. Roughly 1,100 Israelis were killed on that day. (Excerpts:) "This revelation annuls the justification of Israel's military offensive on Gaza...With this admission of Yoav Gallant, it is clear the Hamas attack was what you might call a 'False Flag', planted by Israel, giving them a pretext to start the genocidal ethnic cleansing in Gaza for the reasons that we now have confirmed by President Trump's statement that the US would take over Gaza, rebuild it into a resort strip and that the remaining Gazan citizens – some 1.6 to 1.8 million should be resettled in Egypt, Jordan and Europe for a 'better life' – free of the risk of being killed in a war. Trump's words. This latter part of Trump's statement more than insinuated that if they refused to leave Gaza, the war, the atrocious mass killing, would continue. What Trump did not say is that the US takeover would effectively give the US (possibly shared with Israel) access to the probably trillions of dollars-worth of gas reserves offshore of Gaza...This US takeover talk may be a deviation maneuver for the establishment of Greater Israel, the quick advancement of the construction of the Ben-Gurion Canal to replace, or marginalize the Suez Canal, depriving Egypt of a major source of income, and giving Israel access and /or ownership of a large proportion, if not most, of the Middle-Eastern hydrocarbons...both [Putin and Trump] will meet soon and most likely will meet several times in the coming months. Trump tentatively proposed, as the first meeting place, Saudi Arabia(!). In these future discussions between Trump and Putin, a grander picture may emerge – after the Peace negotiations are completed; namely talks of a new Tripartite World Order. The world would be divided into three poles, the Americas (US); Russia, Europe, and Central Asia (Russia), and East Asia and Pacific (China) [*And who'll get the Middle East? Or will it be the Antichrist's center-of-the-world centerpiece?!—From which the world is ruled!?*]. This year of chaos and confusion, 2025, is just beginning. Gaza and her off-shore gas fields may remain a mere Trump dream, perhaps a bargaining chip for other acquisitions the self-styled emperor Trump might want to obtain. But now it seems unlikely that the Middle East brothers of Palestine will allow Gaza and her riches being stolen.":

- **"Rothschild's Gaza Land Grab"**

(Excerpts:) "It was disappointing enough that President Trump's first meeting with a foreign leader was with Israeli war criminal Bibi Netanyahu. But it got worse. During their joint press conference, he shocked the world by announcing that the US wanted to simply take over Gaza and turn it into a 'riviera' for Trump's billionaire friends, some of whom he owes lots of money. It was Rothschild Inc. bond trader Wilbur Ross who handled Donald Trump's bankruptcy. In exchange for the Rothschilds bailing Trump out, Trump agreed to let his name become a lucrative brand for his bankster creditors. Ross was rewarded by becoming Trump's first Secretary of Commerce. And the Rothschilds picked up the Taj Mahal casino and other Atlantic City properties on the cheap. As for the indentured Trump, he would be charged with becoming a two-term US President who would preside over a new 'Golden Age', where the Annunaki Crown billionaire class would come completely out of the closet and rule over a Novus Ordo Secloru* - a New Secular Order with Satanism as its ethos." - (**A Latin phrase, which means "A New Order of the Ages", that appears on the US dollar bill and is also a symbol in Freemasonry. (Excerpt:) "President-elect Donald Trump has unveiled an ambitious plan to expand 5G technology nationwide in 2025, promising to revolutionize communication networks while sparking heated debates among policymakers, businesses, and the public. The initiative, which includes partnerships with leading telecommunications companies and significant federal investments, is expected to boost internet speeds, enhance connectivity in rural areas, and create thousands of jobs...While the 5G expansion plan has been praised for its focus on economic growth and technological advancement, experts warn of significant challenges. Environmental groups are raising concerns...Health advocates have also questioned the potential risks of prolonged exposure to high-frequency radiation...Data privacy advocates have been vocal about the lack of provisions to regulate how telecom companies handle user data. > 🧑 **Condensed excerpts from an interesting perspective on the Endtime in light of recent world events**, from Jackie in Jordan *[used with permission]*:

"I've been asked my opinion about recent current events and Trump's actions, so here it is, from my perspective because I'm living here in the Mideast.

- First, a disclaimer: I'm not saying Trump is the Antichrist. What I'm saying is that from reading the characteristics of the Antichrist in Daniel, and looking at Trump, he does fit some of those descriptions. You've probably seen that too. He could be just another forerunner, or partial fulfilment, as some have been, like Nero, Hitler, etc. But who knows? The point is, as Christians, we should be aware the Devil is alive and well, evil, and not sleeping.

- Trump has worked very very fast, almost supernaturally. In 2 weeks, he cut paychecks of Federal agencies like USAid and cut employees drastically in various departments. He's getting away with it, and no one seems to have the power to stop him. He's been changing laws; see Dan.7:25, "...think to change times and laws:"

- He escaped an assassination attempt that only grazed his head. Trump even said it was a 'miracle' he was still alive. *[Staged and arranged, through and through, imo.]*

- He uses the god of forces in some places; for example, selling bombs to Israel to demolish Palestine; see Dan.11:38, 'But in his estate shall he honor the God of forces.'

- He uses flatteries to convince other people, like Netanyahu, in claiming what he wants, like Gaza; see Dan.11:21, '...but he shall come in peaceably, and obtain the kingdom by flatteries.'
- Raising tariffs—or taxes on goods.—A raiser of taxes.
- Trump often says what he's going to do and, very specifically, ahead of time; see Dan.11:24, '...and he shall forecast his devices.'
- He certainly has a big mouth and, well, he doesn't look that 'friendly'; see Dan.7:20, '...and a mouth that spake very great things, whose look was more stout than his fellows.'
- He has surrounded himself with people who are the most powerful in social media, communications, science, AI and technology and financially. You don't need to be a psychic to see where that's going!

Other interesting things:

- Trump and Netanyahu were both founders of the 'Abraham Accords'. This was a 'peace treaty' signed in the U.S. in 2020 between Israel and other Arab Nations. Trump hosted this 'peace treaty' signing at the White House!
- Jared Kushner, Trump's son-in-law, a devout Jew, was Trump's senior advisor in Trump's first term. Jared Kushner bought an office building for 1.8 billion dollars—and at the time it was the most expensive real estate deal in New York City's history. The address is 666 Fifth Avenue. Jared Kushner's family is from Belarus (which was part of the Soviet Union; you can look up some very interesting things about the Kushner family on-line). Kushner's wife, Ivanka, daughter of Trump, converted to Judaism. *[And so did Trump himself, in 2017, which I posted about in a previous KU.]*
- Trump's got his eye on Jerusalem! In Trump's first term, he moved the American Embassy from Tel Aviv to Jerusalem.
- King Abdullah of Jordan has the custodianship (as did his father King Hussein before him) of both the Islamic and Christian Holy Sites—including the Temple Mount. Trump asked King Abdullah to give him this custodianship (authority over the Holy Sites—kind of like 'ownership'). When King Abdullah refused, the next day Trump cut the aid to Palestinian refugees (UNRWA agency). A short while later, Trump called King Abdullah, requesting a meeting in Bahrain to request again the custodianship of the Islamic and Christian Holy Sites. King Abdullah refused. Why does Trump want the custodianship of the Temple Mount and Holy Sites in Jerusalem?

You get the idea!"—*Sure do! Thanks, Jacki! Your analysis got me into doing some digging; hence, the following article.*

> !! **"The return of Donald Trump is bad news for Jordan - A second Trump presidency poses serious risks to Jordan, not least because of growing concern the US could support an Israeli annexation of the West Bank."**

(Excerpts:) "But the return of Trump does not bode well for Jordan given his indifference towards the kingdom the first time around. Jordan has three key reasons to be concerned...First, Trump will once again overlook the importance of Jordan to US interests in the Middle East...the emergence of the Trump-sponsored Abraham Accords, which saw Israel establish full diplomatic relations with the UAE and Bahrain (and later Morocco and Sudan) undermined Jordan's value to the US. It was no longer a unique actor in the region...Trump will be keen to breathe new life into the Abraham Accords, despite the profound changes in the regional security environment since he was last in office. This means Jordan's relevance to the US will diminish for at least another four years – and the consequences will be more far-reaching this time around...Second...growing concern that the US will 'greenlight' Israel's annexation of the West Bank or, at the very least, substantial parts of it...a major refugee crisis along the west bank of the River Jordan would unfold and the Jordanian government would come under tremendous pressure from its partners, especially the US, to change its policy...Third, the US will intensify efforts at encouraging normalization between Saudi Arabia and Israel, which – if successful – will cause a further drop in Jordan's importance to Washington. Of even greater concern for Jordan is the possibility that Israel and the US will include a discussion about the custodianship of Al Aqsa and other Christian and Islamic holy sites in East Jerusalem in negotiations with Saudi Arabia. The Hashemites, Jordan's royal family, have been custodians of these sites since 1924, a position which was reaffirmed in the 1994 Israel–Jordan peace agreement and in the 2013 agreement between the Palestinian Authority and Jordan...with Trump looking to make a deal, it is not beyond the realm of possibility that ideologues in his administration and the Israeli cabinet will seek to sweeten any deal by promising Saudi Arabia's ruling Al Saud family the custodianship of Islam's third holiest site...Saudi Arabia has made clear that the Al Saud family recognize the Hashemites as the legitimate custodians of Jerusalem's holy sites and that normalization with Israel will only be achieved if concrete progress is made towards establishing a Palestinian state." - *"But money answereth all things" (Ecclesiastes 10:19), and the ruthless rule of Saudi*

Arabia under Crown Prince Mohammed bin Salman means, imo, that he cannot be trusted one cent! So I wouldn't be surprised if he throws Jordan under the bus, or rather under the tanks! Mohammed bin Salman in certain cases was highlighted by the brutal murder of Saudi journalist Jamal Khashoggi [DYOR on that. It's totally obscene that he ordered the literal butchery of Jamal, who was killed by agents of the Saudi government at the Saudi consulate in Istanbul, Turkey. Khashoggi was ambushed, strangled by a 15-member squad of Saudi operatives, and his body was dismembered and disposed of to whereabouts still not revealed. US intelligence agencies concluded that Crown Prince Mohammed bin Salman (MBS) approved the 2018 murder of the Washington Post journalist Jamal Khashoggi, Washington stopped short of targeting the future Saudi king with financial or other sanctions. More on MBS later on in this KU.] in October 2018.

The then UN Special Rapporteur on extrajudicial, summary or arbitrary executions, Agnès Callamard, found 'credible evidence' of the Crown Prince's individual liability in the murder, and a report from US intelligence assessed that Mohammed bin Salman approved the operation. Amid international criticism of Saudi Arabia's dismal human rights record, and especially following the Khashoggi murder, Mohammed bin Salman has attempted to whitewash the kingdom's image, invoking his [I'm so wonderful and innocent and clean as a whistle] 'Vision 2030' for the economy and grandiose projects like the megacity of Neom, while also announcing limited social reforms that fall far short of what is need and in any case have been accompanied by further abuses." - *Must Trump adhere to his delites-dealt mandate to restore US morale and end Ukraine war in order to help Greater Israel?!*:

The basic difference is, in general terms: The Torah refers to the first five books of the Hebrew Bible - Genesis, Exodus, Leviticus, Numbers, and Deuteronomy - while the Talmud is a collection of man-made theological, contrived-for convenience-and-control rabbinical interpretations and debates on the Torah, explaining how to apply its laws to daily life in different situations. • **"ANATOMY OF AN AI COUP"**

(Excerpts:) "Isn't a bunch of billionaires and their AI taking over our lives, every aspect of our lives, sort of like jumping from the frying pan into the fire? At least we can vote politicians out. Once AI is installed by the men who control it, men who were never voted into positions of power in the first place, how will you get rid of them? Remember when all the conservatives were warning about the New World Order? It's as if all of that was just some dream. Because what is happening now is exactly the definition of the New World Order, except that all the conservatives are convinced that it isn't, and they are all excited about it. Amazing how everything can flip so brilliantly...Artificial intelligence (AI) is a technology for manufacturing excuses. While lacking clear definitions or tools for

assessment, AI has nonetheless seized the imagination [“Casting down imaginations, and every high thing that exalteth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ;” (2Cor.10:7)] of politicians and managers across government, academia, and industry. But what AI is best at producing is justifications...We are in the midst of a political coup that, if successful, would forever change the nature of American government. It is not taking place in the streets. There is no martial law. It is taking place cubicle by cubicle in federal agencies and in the mundane automation of bureaucracy...AI then becomes a tool for replacing politics [Remember when Trump said at one of his pre-vote rallies, “You’ll never need to vote again!”]. The Trump administration frames generative AI as a remedy to 'government waste'. However, what it seeks to automate is not paperwork but democratic decision-making...Speed is essential to their work. They know they cannot create a public consensus for this effort and must move before it takes shape. By moving fast and breaking things, DOGE forces a collapse of the system where unanswered questions are met with technological solutions... AI achieves 'efficiency' by eradicating services. AI, like Big Data before it, can use convenience and efficiency to bolster claims to expand digital surveillance and strip away democratic processes while diminishing accountability.”:

It was so exposed, in fact, that Lynn de Rothschild, a leader in ESG and the head of the Council for Inclusive Capitalism, admitted the idea was sullied and needed to be changed or 're-branded'. *[That's so like the delites! As soon as they see they're losing in some way, they rebrand and re-engineer their evil plans! And the clueless masses are none the wiser!]*...I don't think many Americans realize just how pervasive the ESG agenda truly was...It's important to keep in mind that as the truth is revealed there is always a chance the public (and the investment world) will panic. A lot of alternative economists, myself included, have discussed the possibility that if the truth about our economy was ever made widely known, the entire global edifice might come crashing down from the weight of the revelation. If people knew how much corruption and fraud was a part of our daily lives, our economy and our national framework, what would happen? It's not enough to simply draw the curtain and unveil the ugliness underneath, a solution must also be offered. Quote: "Man is not what he thinks he is; he is what he hides." (André Malraux)

>  NATO's super-expensive proxy war against Russia has finally run its course, ending in total failure. Will it result in the obliteration of post-World War II norms in which U.S. fights Europe's wars? On 18 February, a Russia-US meeting on Ukraine will convene in Saudi Arabia without, at this point, Kyiv's participation; as of today it's reported that Russian Foreign Minister Lavrov to head the Russian delegation, while his counterpart Rubio to head the US negotiation team.

Let's cast our eyes back to 13-14 February, 1945, exactly 80 years ago, to a meeting that took place between US President Roosevelt and the Saudi King Abdul Aziz on the Great Bitter Lake, a salt lake along the Suez Canal. At this meeting, the two leaders struck a deal according to which the USA could buy sufficient Saudi oil and would not interfere with Saudi Arabia's spread of Wahhabism in the Middle East, including Afghanistan. The irony of the story being, that half a decade later the USA and its allies would have to invade Afghanistan to fight jihadist Islamic movements in Afghanistan which were initially influenced by Saudi Wahhabism. (If you are interested to find out more about this meeting and its repercussions even to this day, I recommend watching the 2.16.44 hr, 2015 documentary "Bitter Lake" -

<https://forbiddenknowledgetv.net/bitter-lake-2015/>)

So, here we are, 80 years almost to the day, with the US meeting with Saudi Arabia, and this time Russia. I'm feeling rather sceptical about this meeting, and therefore present the following articles that take a look at these 3 entities, to underscore my measured-cautious optimism, coupled with scepticism and wariness as to what wiley workings may be underway!

- **"Saudi Wahhabi Islam in the Service of Uncle Sam"**

- **"Saudi Prince Steps In as Power Broker in Trump's New World Order"**

(Excerpts:) "MBS [Saudi Arabia Crown Prince Mohammed bin Salman], as the oil-rich kingdom's de facto ruler is known, is one of the few global power brokers to enjoy a close relationship with Trump and Russian President Vladimir Putin...Saudi officials believe that positioning MBS as a peacemaker furthers the kingdom's goal of becoming a middle-ranked global power that's friends with everyone and pursues a foreign policy that's mainly in the service of its economic interests and aspirations. The kingdom is investing trillions of dollars in a plan to

develop the non-oil economy — dubbed Vision 2030 *[Isn't that when Klaus Schwab said that all the rest of us would own nothing and yet be happy?!]*...Putin didn't desert MBS over the killing of Khashoggi...The Egyptian government is drawing up an alternative plan for Gaza, which King Abdullah and Egyptian President Fattah El-Sisi will discuss with MBS in a five-nation summit in Riyadh, according to two Arab officials. That is set to take place on Feb. 20, one of them said. MBS has his own agenda. The Saudi leader has long coveted a defense, technology and nuclear cooperation agreement with the US, something that Washington has been open to should Riyadh agree to normalize relations with Israel.":

• **"Is The 'Saudi' Royal Family Jewish? - THE SAUDI FAMILY CONCEALS THEIR JEWISH ORIGIN; The Saudi Dynasty: Where Do They Come From and Who Is their Real Ancestor?"**

(Excerpts:) "The Saudi Family members know perfectly well the Muslims all over the world have already known their real Jewish Origin. Muslims have now known all their bloody past, which was, and still is stuck in the same mire of Brutal Despotism and Atrocity. Presently, they exert their utmost efforts to conceal their Jewish Origin by covering themselves with the cloak of the Islamic Religion, so as to try to keep their real Jewish Ancestry hidden in the dark by connecting their family tree with our Holy Prophet Muhammad (PBUH). They forget or ignore that Islam does never give any favorable attention to genealogy or 'Family Trees'; it favors and honors indiscriminately all human beings whose actions and words are commensurate with the doctrines of the Holy Qur'an...Who is the real ancestor of the Clan of Saud? In the year 851 A.H. a group of men from Al Masaleekh Clan, which was a branch of Anza Tribe, formed a caravan for buying cereals (wheat and corn) and other foodstuff from Iraq, and transporting it back to Najd. The head of that group was a man called Sahmi Bin Hathlool. The caravan

reached Basra, where the members of the group went to a cereal merchant who was a Jew, called Mordakhai bin Ibrahim bin Moshe. During their bargaining with that merchant, the Jew asked them: "Where are you from?" They answered: 'From Anza Tribe; a Clan of Al Masaleekh.' Upon hearing that name, the Jew started to hug so affectionately each one of them saying that he, himself, was also from the clan of Al Masaleekh, but he had come to reside in Basra (Iraq) in consequence to a family feud between his father and some members of Anza Tribe. After he recounted to them his fabricated narrative, he ordered his servants to load all of the camels with wheat, dates, and tamman; a remarkable deed so generous that astonished the Masaleekh men and aroused their pride to find such an affectionate (cousin) in Iraq-the source of sustenance; they believed each word he said, and, because he was a rich merchant of the food commodities which they were badly in need, they accepted him (even though he was a Jew concealed under the garb of an Arab from Al Masaleekh clan.)" - *Read in full for more insights into this Wahabi Sect which legalizes the chopping of the heads of their opposing subjects. (Excerpts:) "The House of Saud is also linked with Wahhabism through the marriage of the son of Muhammad ibn Saud with the daughter of Muhammad ibn Abd al Wahhab in 1744...Saudi Arabia is the only country on Earth named after a family...[Here, in this article, is a recount of the fraud mentioned in the previous article.]...So that (concealed) Jew reached NAJD with the caravan. In NAJD, he started to promulgate a lot of propaganda for himself through his companions (his alleged cousins), a fact, which gathered around him a considerable number of new supporters; but, unexpectedly, he confronted a campaign of opposition to his views led by SHEIKH SALEH SALMAN ABDULLA AL TAMIMI, who was a Muslem religious preacher in AL-QASEEM. The radius of his preaching area included Najd, Yemen, and Hijaz, a fact which compelled the Jew (the Ancestor of the present SAUDI FAMILY to depart from AL QASEEM to AL IHSA, where he changed his name (MORDAKHAI) To MARKHAN BIN IBRAHIM MUSA. Then he changed the location of his residence and settled at a place called DIR'IYA near AL-QATEEF, where he started to spread among the inhabitants a fabricated story

about the shield of our Prophet MOHAMMAD (p.b.u.h), that it was taken as a booty by an Arab Pagan in consequence of OHOD Battle between the Arab pagans and the Muslims. 'That shield, he said, was sold by the Arab Pagan to a Jewish Clan called BANU QUNAIQA' who preserved it as a treasure! He gradually enhanced his position among the Bedouins through such stories which indicated how the Jewish clans in Arabia were so influential and deserved high esteem. He gained some personal importance among the Bedouins, and decided to settle permanently there, at DIR'IYA town, near AL QATEEF, which he decided to be his (Capital) on the Persian Gulf. He aspired to make it his springboard for establishing a Jewish Kingdom in Arabia." - Read in full to discover the impact of this deception! No small wonder that to this day, multiple forms of media, including books, newspapers, magazines, films, television, and content published on the Internet, are censored in Saudi Arabia! "The Happy-Go-Lucky Jewish Group That Connects Trump and Putin - Where Trump's real estate world meets a top religious ally of the Kremlin."

(Excerpts:) "Two decades ago, as the Russian president [Putin] set about consolidating power on one side of the world, he embarked on a project to supplant his country's existing Jewish civil society and replace it with a parallel structure loyal to him. On the other side of the world, the brash Manhattan developer [Trump] was working to get a piece of the massive flows of capital that were fleeing the former Soviet Union in search of stable assets in the West, especially real estate, and seeking partners in New York with ties to the region. Their respective ambitions led the two men—along with Trump's future son-in-law, Jared Kushner—to build a set of close, overlapping relationships in a

small world that intersects on Chabad, an international Hasidic movement most people have never heard of...Putin enlisted two of his closest confidants, the oligarchs Lev Leviev and Roman Abramovich, who would go on to become Chabad's biggest patrons worldwide, to create the Federation of Jewish Communities of Russia under the leadership of Chabad rabbi Berel Lazar, who would come to be known as 'Putin's rabbi'...Leviev met Trump to discuss potential deals in Moscow...Founded in Lithuania in 1775, the Chabad-Lubavitch movement...has grown to become the most sprawling Jewish institution in the world, with a presence in over 1,000 far-flung cities...Many adherents believe that the movement's last living leader, Rabbi Menachem Mendel Schneerson, who died in 1994, is the messiah [*He told Netanyahu, back in the 1990s, to make it happen to bring on the messiah! Woe to them that are wise in their own conceit, and knowing in their own sight." (Isa. 5:20-21 Septuagint)

(Excerpts:) "MbS has no problem cooperating with Zionists to achieve his goals. Historical documents and biographies show that the Abdulaziz, or Ibn Saud as he is commonly known, had no problem in expressing support in 1953 to Dr. Chaim Weizmann, the president of the World Zionist Organization and, later, the first president of the State of Israel, for the establishment of a Jewish state in Palestine. In a memo written for President Franklin Roosevelt, Lt. Col. Harold B. Hoskins, the president's Middle East envoy, reported that Ibn Saud accepted the Zionist plan for a Jewish state in return for a £20,000,000 bribe paid to Ibn Saud by Weizmann. The recent 'deal' between the Saudis and Israelis would appear to

involve a bribe of a US war with Iran, backed by Riyadh and Jerusalem, that would mutually satisfy Trump and Kushner, in addition to Netanyahu and MbS.":

(Excerpt:) "The reason Israel holds millions of human beings under various levels of apartheid, the reason it keeps millions more languishing in refugee camps, is not that they are Palestinians, not that they are Arab. It is rather, strictly, because they are not Jewish. If they were Jewish, whether Palestinian or Arab or anything else, they would be welcomed and given a generous subsidy to move in from whatever part of the world they live and take over a house whose owner was expelled because s/he is not Jewish. (Excerpts:) "Trump claims to have negotiated a ceasefire, even as he has turned a blind eye to Israel violating the terms of that ceasefire: by continuing to fire on Palestinians in Gaza and the West Bank; by refusing entry into Gaza of vital aid

trucks; by allowing in almost none of the promised tents or mobile homes; by denying many hundreds of maimed Palestinians treatment abroad; by blocking the return of Palestinians to their homes in northern Gaza; and by failing to engage with the second phase of the ceasefire negotiations. Those Israeli violations...confirmed to the New York Times by three Israeli officials and two mediators. In other words, Israel has broken the agreement on every count *[While The Trump-&-Rubio Roadshow try to flog more Israels!]*...Trump lost no time escalating the stakes dramatically. He gave Israel – or maybe the US, he was unclear – the green light to 'let hell break out', presumably meaning the resumption of the genocide...Netanyahu only agreed to Washington's 'ceasefire' because it was **never real**. It was a pause so the US could recalibrate from a Biden genocide narrative rooted in the language of 'humanitarianism' and 'security' to Trump's far more straightforward tough-guy act. Now it's all about the 'art of the deal' and real-estate development opportunities...Israel's conception of Gaza was that it was like a tube of toothpaste that could be squeezed...we should not lose sight of the bigger picture. Israel and the US are still committed to 'cleaning out' Gaza, one way or another, as they have been for the past 18 years. They are simply looking for a more propitious moment to resume. That could be this weekend, or it could be in a month or two. But at least *[the delites' goffers]* Biden and Trump have achieved one thing.
