> 🙄 🙏 🙌 *Whatta week! Around the world! And around our mini-homestead! I got hit with a whopper of a flu, and then so did my husband. But thankfully, due to our consistent endeavouring, by the grace of God, to listen to the right voices, making the right choices in terms of lifestyle, lifesmile and lifedial, thank the Lord, He helped us to whop and stomp it out in about 4-5 days! PTL! "Unto you that fear My name shall the Sun of righteousness arise with healing in His wings! O fear the LORD, ye His saints: for there is no want to them that fear Him. Be not wise in thine own eyes: fear the LORD, and depart from evil. It shall be health to thy navel, and marrow to thy bones."* (Mal.4:2a; Psa.34:9; Prov.3:7-8)

As this diamond-of-a devotional points out, "The Hebrew word for 'fear', as it relates to fearing God, is the word 'yare'. It implies reverence and showing God the utmost respect and honor. It's having awe for Him, holding Him in high esteem and obeying His commands. It is loving Him." And, for me, the "f" stands for "faith", and that "ear" that constitutes 3/4 of "fear" is a reminder to listen to ensure that my faith is fed. And "listen" rearranged spells "silent"! "But the Lord is in His holy temple: let all the earth be silent before Him." (Hab.2:20 BSB)

So, this week's KU will not follow a day-to-day posting format, but rather I've taken my selections from over the week, along with some KURCs I received, and somewhat grouped them together.

THE 100-YEAR DEAL DEALS A SUCKER PUNCH!

Rising up at the lateness of the hour, kind of like a late-night street corner brawl outta nowhere (or so it appeared!), came the Oval Office outbursts heard 'round the world! The cozy fire was lit, the chummy-chummy handshakes had been exchanged, the document had been meticulously prepared, the press conference room was full prepared, and then the fiesty language and almost fisty-cuffs moves sent the Oval Office into O-VER-DRIVE! Trump's lauded Ukrainian minerals deal dumped at the altar, as Zelensky pouted and stomped his feet! There were a LOT of items on this, so it was hard to choose, but below are some. But first, let's back up to January 2025 and realise that we already were given a heads-up on why this happened! (Whilst watching the outburst, I scratched my head, wondering why didn't Trump do his homework? And then

remember, hey, Ratsmer and Helensky already got hitched while Los Angeles was burning!)

Back in KU171/18 Jan, I posted the following:

🙄 More on the 100-year UK-Ukraine delites-designed handshake, which didn't even get discussed in the UK Parliament!

(Money-launderers' wet dream?) until as long as it takes! Man proposes, but God disposes! A lot of unexpected events can happen in 100 years!—Let alone in one week!—Or one hour! "For in one hour so great riches is come to nought."

- AND THEN -

In KU172/3 Feb, I posted this, which also referred to this 100-year commitment:

🙄 **"The Death of NATO?":**

<https://montanarcc.substack.com/p/the-death-of-nato>

It was Theodore Roosevelt who said, "I believe that the more you know about the past, the better you are prepared for the future." That's one of my favourite quotes. Thankfully, this week Gateway Pundit did a great piece of doing just that, and we didn't have to go too far in the past to find out why Trump got dumped! Because Helensky already got married to Ratsmer! Check this out!:

• **"Did Ukraine Already Sign a Precious Metals Deal with the UK Back in January? Does President Trump Know About This?"** - Includes various vids.

And what's amongst those deal details? "It also cements the UK as a preferred partner for Ukraine's energy sector, critical minerals strategy and green steel production." - HELLO!!!

(Excerpt:) "Although it has yet to be confirmed, some believe that this entire agreement includes Ukraine giving the rights to its minerals to the UK—NOT the US. And this agreement was signed just days before Trump entered office. That way, the UK could screw American taxpayers who paid for Zelensky's unending war with Russia.":

<https://www.thegatewaypundit.com/2025/03/was-zelenskys-big-lie-exposed-did-ukraine-already/>

Whoa! The sheer maniacal magnetism of that US\$14 trillion worth of precious metals lying beneath the dirt of (what used to be?) the "bread basket of the world" (ie Ukraine)!

Will Trump pull everything, I mean everything out of the EU and cut the US' losses, and leave the EU and Russia to duke it out for the dead-earth minerals? And I call them "dead" because that's what pays for them: death! And destruction! I believe Ratsmer and Ursula von der Lying instructed (at the behest of the Rotchilds!) their actor Zelensky not to sign, but to keep all the minerals in Europe. And right after the two television celebrities (famed for their boss roles in the US [Trump] "The Apprentice" and the Ukrainian [Zelensky] "Servant of the People") brought in the ratings, and the Servant was sent away (smiling in the getaway car whilst talking to someone on the phone), guess what? Zelensky high tailed it for, of course, London!—Where he got a Ratsmer hug! And then we reflected on how just a couple of days prior, Ratsmer had been sitting to the right of Trump in the Oval Office, patting Trump on the right arm like a good mate, so palsy-walsy, and gave him an invite from King Sausage Fingers to come on over for State Dinner vittles. But now we know that those Rattypats were, no doubt, saying, "Sucker! My boy Zelensky's comin' on over to make you look like a jerk!" And when even King Sausage Fingers himself invited Zelensky over for a cuppa,

I imagine that he congratulated Zelensky for giving the "pejorative colonists" what for!?

Well, as we've read, it looks like the USA may very well be pulling out of Ukraine lock, stock and barrel (so it can focus on funding conflicting in the Middle East, Far East?), leaving it to the EU - I mean EWW - to bludgeon its peoples to keep funding the killing, cover-up, torturing and trafficking! Ratsmer is now recycling Tony Blair's neurological linguistic programming (NLP) line "coalition of the willing" mantra by saying the UK and France are assembling a "coalition of the willing" to enforce any peace deal for Ukraine. Well, we all know what happened when that line was used to ravage and bloodlet in Iraq! Hmmm, so much for making peace! I've read that the only party in the UK that opposes the mobilisation of the army in the UK and its deployment to Europe and Ukraine is The English Democrats. They have a policy to end the sanctions, negotiate with Putin and offer Russia a border where NATO doesn't shell civilians on a daily basis. That's what peace means. Stop killing people. War is legalised murder, the greatest business known, through which the rich (the delites!) become super rich (while their families never go near any frontlines) and get the poor to kill each other (under the pretext of "freedom", "democracy" and other pukeworthy mind-bending monikers, destroying lives everywhere. How tidy and convenient! The delites don't need to get their hands dirty. And their accountants count their cash for them. The only things the delites fear are peace and truth. So they work in tandem with the media to create a false-information environment so murdering is always on the menu and bringing in the customers! And Trump? Does the thought of peace really wake him up in the morning? Because as soon as

Zelensky's trip to the US turned to custard, he bypassed Congress for an "emergency" signed over of \$3 billion in arms sale to Israel! "Doth a fountain send forth at the same place sweet water and bitter? Can the fig tree, my brethren, bear olive berries? Either a vine, figs? So can no fountain both yield salt water and fresh." Suddenly, this young girl claims to be an heiress and her career as a Country Singer is launched, she writes books and becomes a media darling for all the wrong publications including Dennis Prager. Dennis Prager is a far left Zionist who believes that all of Palestine should be mass murdered given the slogan, 'From The River To The Sea'. But did this slogan come from Israel or Palestine as has been claimed? October 2023, Benjamin Netanyahu's Likud party trolls: 'Between the sea and the Jordan there will only be Israeli sovereignty.' The Phrase actually originates in

The Bible – Genesis. The Jews consider the phrase ‘anti-Semitic’. The Palestinians consider it Biblical. Suddenly, as Sam Parker from Twitter notes, the seduction and simultaneous rise to fame of Alexis Wilkins looks more and more like a Zionist Honey-pot infiltration. I tend to AGREE.":

The video not only involves America in rebuilding a nation but also bizarrely presents Gaza as a Trump-worshipping land with golden statues everywhere. (Intro:) "Glenn recently had a fascinating and eye-opening conversation with xAI's artificial intelligence, Grok 3, which he believes is miles ahead of competitors like ChatGPT and China's DeepSeek. Glenn asked Grok to describe how fast it's improving in human terms: for every 12 hours that pass for Glenn, how much time passes for Grok? Its answer is shocking! Glenn also asks how fast Grok would grow if it was hooked up to a quantum computer chip, like the one Microsoft recently announced. But even more shocking was its answer about the future: what will 2030 look like? What happens after AI reaches artificial super intelligence? Will the ethics constraints built into it be enough to keep it under human control?":

Includes 1.15.15 min vid (which I didn't watch due to time constraints)

(Excerpts from what Dr. James Giordano, DARPA Adviser has said:) "...This is why it becomes so important to understand the novelty and the viability of

neuroscience as being leveraged as weapons...then we have the use of nano-particulate agents, aerosolizable nanomaterials that can be breathed in and disrupt blood flow and neurological network activity. That can be used as an enclosed weapon, or perhaps that can be used as a more broad weapon of disruption and destruction...We also have the capability to utilize nanomaterials to get electrodes into a head [*"...to receive a mark in their right hand, or in their foreheads" (Rev.13:16b)*] and to create a vast array of viable sensors and transmitters. Utilizing these techniques and technologies to create vast arrays of implantable electrodes that need **not be put into the brain surgically**.”: <https://lionessofjudah.substack.com/p/darpa-adviser-admits-publicly-that>

(Excerpts:) "So, when Trump and Musk muse about America entering into a 'golden age', they weren't kidding: they just didn't read you the fine print containing the terms and conditions. And with the now daily propaganda and fear-mongering about a bird flu plandemic just around the corner, you can expect new mRNA bird flu vaccines to be promoted and given to the masses and injected into livestock, thus poisoning and murdering most commercial and small farms and operations, leading to exponentially more deaths and food shortages.

Let us not forget that the U.S. has been throwing out hundreds of billions to biotech firms such as Moderna to produce mRNA bird flu vaccines...It's a revolving door. Presidents and administrations come and go, but the policies, the ambitions, the corruption, the greed, the murder never changes. Now you know what this 'golden age' is all about, though this is just a piece of the puzzle.":

This is called Dicyanin...the color purple tells us a Truth they really don't want us to know...They say also that the first Emperor of China was a Dragon emperor not from this world. ✝️ • (Sent in by Chris:) "I highly recommend watching this series of lectures recorded in 1967. I learnt so much and now have a clear picture of the history of the church. It's a masterpiece!"

(Comment from Stephen:) "I watched the very 1st program. David Pawson really does know his stuff. Very helpful information indeed for those who want to know the history of the real church from 30 AD to 400 AD."

And I'll third that! I listened to video 1 as well (OAAO), and am keen to schedule in the remaining 10! Gather like-minded folks around and create a seminar program, special course, home-church project, or what-have-you out of this spectacular series!

(Description:) "Christian Churches down the ages, provide powerful messages for our own times. Many church members know little or nothing about the story of

Christianity between the New Testament period and today. They, therefore, may not realise how much they have been influenced by traditions developed during that time. These can have both a negative and positive benefit. Negative, because 'those who forget history are condemned to relive it'. Most of the mistakes we make and errors we fall into have happened before and we can learn from our forefathers to avoid them. Positive, because we have such a rich heritage it would be folly to ignore. **We can draw inspiration and examples from the spiritual giants who went before us and, after all, we can look forward to meeting them personally in glory.**"
