>  **"A Good Time for Truth"**

(Excerpt:) "So what will be our undoing as the children of God? It is our failure to accept God's invitation to sustain a daily, intimate relationship with our Lord Jesus Christ to discover who He is and to know Him. Not to know about Him but to know Him intimately. To know Jesus is to love Him and obey Him. To have the mind of Christ and the nature of Christ only comes from knowing Christ. To know His ways, to hear His voice, to converse with Him, to know He hears us, to praise Him, to worship Him, to give Him all glory and to feel His presence only comes in time from knowing Him. Let us never forget in this solemn moment of time that Christianity is not about buildings, programs, prosperity, teaching and sermons. Christianity is about an intimate relationship with a living person – Jesus Christ."-
Amen! Every moment of every day! PTL!

> ⚠️ *The King James Bible says in Isa. 14:12, "How art thou fallen from heaven, O Lucifer, son of the morning! how art thou cut down to the ground, which didst weaken the nations!", but in the NIV and most other translations that same verse has removed "Lucifer" and instead says, "How you have fallen from heaven, morning star, son of the dawn! You have been cast down to the earth, you who once laid low the nations!"—But in Rev. 22:16 it says that Jesus is "the bright and morning star"! With a plethora of purposely fabricated and instigated holely bibles dispersed around the world, it is it no wonder that certain sectors of Christianity are limp, ho-hum, weak, spiritually malnourished, watered down, insipid and indifferent! The Devil doesn't mind if someone becomes an ineffective Christian, because such mediocrity falls right into his marketing plans of besmirching Jesus Christ! God bless and keep us all truly Word-based, Hebrews 4:12ing Christians by standing on the unadulterated THE Holy Bible! His resumé shows a man with connections to almost all the important power hubs in the world. He started his career as a Goldman Sachs executive, he has been chairman of the Roundtable front group Chatham House since 2024, board trustee of World Economic Forum, governor of Bank of Canada and Bank of England, chairman of the elite banking organisation Group of 30, chairman of the Bank for International Settlements Committee on the Global Financial System, member of the Trilateral Commission, frequent Bilderberg-attendee, and the UN Climate Envoy. A super banker and a climate tzar! You could almost say that he has stepped down from the real seat of power. His mission is now to counter the economic threats from 'the apprentice' Donald Trump. Another actor on the world stage, who has the mission to wreck the old system. The show must go on! (Excerpts:) "...the stated purpose of this proposed bill is a form of a 'balanced budget amendment'. That sounds great on the surface. The problem is if you look just under the surface you may see the monstrosity for what it really is...The problem with H. Con. Res. 15 is that this bill is proposing that 'Fiscal Responsibility' be accomplished through the convening of a Constitutional Convention or a 'Con-Con'. Why should we be concerned with those who call for and the process of calling for a 'Con-Con'?...If a Constitutional Convention were indeed called, this proposed resolution does not limit the scope of the Con-Con. From what I understand, the delegates could bring anything to a vote that they wanted to. Why is this dangerous?...Not only could one or numerous new constitutional amendments be proposed, but the current form of government, as stated in the Constitution, could be abolished...At a minimum, a Con-Con could bring about a reversal of the existing Constitutional limitations on governmental authority and intrusion into the lives of the people. Nothing is off the table—It could literally be 'anything goes'. Perhaps a smorgasbord of New World Order policies with a sprinkle of George Soros economics...If you do not like the outline of the possibilities of H. Con Res. 15, perhaps it is time for you to call your representative and let them know your opinion before we are faced with the possibility of having our Constitution erased."

While the attacks have overwhelmingly targeted Alawites, some reports indicate that Christians have also suffered threats and attacks. Under Assad, Christians were allowed to maintain churches and worship so long as they did not challenge Assad politically; the regime imprisoned and eliminated many Christian political dissidents, but did not persecute Christianity itself. As a result, the same Sunni jihadists who view Alawites as irredeemably pro-Assad distrust Christian communities and see them unfit to integrate into the fabric of the country [*So the solution is to just barbarically murder on sight?!?*], despite Christianity's much more ancient presence in the country than Islam...The patriarchs of the Christian churches of Syria – the Greek Orthodox patriarch of

• **"I would give US campus protesters exploding pagers': Israeli ex-PM Bennett"**

(Excerpts:) "Israel's former Prime Minister Naftali Bennett has said to an audience during an address at the Harvard Business School (HBS) that he would give 'a pager' to those who protest his tour of universities in the United States, alluding to the September 2024 terrorist pager explosions Lebanon...HBS professor Paul A. Gompers began the event by explaining Harvard's guidelines on disruption, noting that dissenting audience members who interrupted the speaker would be removed. Bennett himself interrupted to say, 'I think we'll just give them a pager.' [Meaning: "I think we'll just kill/injure them!"] The deadly September 17-18 pager blasts targeted members of the Lebanese Hezbollah resistance movement and their affiliates. [Resulting in 30-plus people died (including children) and 2,930-plus maimed and injured!]...The Israeli regime did not initially claim responsibility for the pager attacks, but a spokesperson for Netanyahu accepted the crime in November 2024. Netanyahu later gifted a

golden pager to US President Donald Trump, thanking him for his all-out support for Zionism. [Go here to see a photo of that golden pager!:

<https://t.me/rtnews/81368>]...at a 2012 speech, Bennett said, 'I will do everything in my ability, forever, to prevent a Palestinian state from being founded within the land of Israel.' Also, Bennett in 2013 said, 'I've killed many Arabs in my life, and there's no problem with that.'":

(Excerpts:) "A ceasefire does not mean that Israel has dropped its goal to annihilate Gaza. The mission remains the same, and the war crimes endure, including killings - the method just shifts. Now, the textbook starvation of the enclave is the weapon of choice...the tried-and-tested strategy of propaganda by omission reigned supreme. Why provide the intricate details and allow readers to connect the dots about Israel's cruelty when key information can simply be suppressed?...two million Palestinians in Gaza - already starving, endlessly displaced, and without adequate shelter - are being suffocated further, denied life-saving supplies and medication by Israel's illegal blockade. Israeli officials vowed to make Gaza 'a place where no human can exist', and state policy is working as intended - all in the knowledge that the mainstream media will ensure the public remains insulated...the mainstream media is not just complicit but an active participant in Israel's oppression of the Palestinians.":

He talks about Trump needing to erect 'Fortress America' for the coming Global Financial Collapse. He also shocked nearly everyone when he revealed that some ten (10) TRILLION dollars has come out of the European Union over the past few months, and that no country, no continent, can afford that kind of removal of Capital, so CAPITAL CONTROLS are supposedly going to be implemented in the European Union, perhaps as early as April 7. - **"Is Trump Aiming To Replace The United Nations With The Organization Of 70 Nations?"**

(Excerpts:) "Trump is such an arrogant Zionist (the arrogance of Zionists stems from their deep-seated belief that they are superior to everyone else)...Whether Trump will actually separate the U.S. from the U.N. is yet to be seen. But if he does make such a move, it ...will be for his desire to fulfill his campaign pledge to 'make Israel great again'...I concluded with a summary: Noahide Laws are Jewish Laws that apply to all non-Jews of the world, which forbid forms of worship not approved by Judaism, blasphemy of the Jewish gods, sexual relations which are not approved by the Judaic religion and require that non-Jews must set up courts to enforce these laws. American Public Law 102-14 states that these laws are the foundation of American civilization (NOT TRUE), that it is our responsibility to transmit them to the next generation, and every president since Jimmy Carter has signed an international scroll along with other heads of state pledging to use education to put the world under the Noahide Laws. Jewish legal groups who advocate for the Noahide Laws are promoting capital punishment that complies with the Talmudic form of execution, namely decapitation, be established. There

are non-Jews (including Christian Zionists) who are willingly complying with this agenda, and they are working with the Sanhedrin in Israel to promote the Noahide Laws. Pastors, Christians and churches that support Zionism, Chabadism, Talmudism, etc., are blaspheming God by supporting an antichrist agenda that attempts to: *Deny the deity, Messiahship and Saviorhood of Jesus Christ. *Deny His completed work on the Cross for our sins. *Deny the New Covenant, the Body of Christ, the Church. *Deny the New Testament doctrines of grace. And to establish: *A global Talmudic order. *The enforcement of Talmudic law by capital punishment. *A global religion of works salvation based upon Talmudic law. *A global political union based upon the doctrines of Zionism. This is the down and dirty reality of what Trump's pro-Israel agenda is all about. And this is what Christian Zionists in America are supporting. Therefore, should President Trump decide to separate from the United Nations, you can be assured that the Jewish Organization of 70 Nations will take its place. And if you thought the U.N. was bad, you ain't seen nothin' yet!":

(Excerpts:) "Donald Trump's a stooge for the Greater Israel Project, owned and operated by the City of London Rothschild bloodline founder of Israel. His assembled Synagogue of Satan crew is the most pro-Israel cabinet in all of US history, and in the near two months since he's taken office, he's clearly demonstrated he's Make Israel Great Again and as a fraud not a MAGA man at all. Look at his Defense Secretary Pete Hegseth, who was so emotionally moved when he visited the site in Jerusalem where today's Al-Aqsa mosque stands, not in any deference whatsoever to Islam's third holiest site, but only in his unholy Zionist resolve that there is only a one state solution – Israel, and that the present mosque holy site must be torn down, and the Third Jewish Temple built...With Trump's 'good cop' peace efforts to end the Ukraine war, now completely upended by Euro 'bad cop' lunatics – the EU, NATO, UK, France, Italy and Germany, a Third World War in Europe appears imminent...Over the weekend Trudeau handed Canada's one world government torch off to another Rothschild central bankster gangster, fresh off running the Bank of England, the new Liberal Party Canadian Premier Mark Carney. Another globalist from way back, Carney has made the rounds, 13 years at Goldman Sachs, then positions at central Bank of Canada, more recently Bank of England and the United

Nations. These geopolitics developments are really all financial ala New World Order, as the whole world's up for sale to the controllers, ushering in their Great Reset's house of cards collapse of the global economy timed with igniting World War III. All of these freshly selected and stale Western politicians straight out of Bank of England BlackRock corporate controllers' domain were not voted in by the people but simply handpicked by their puppet masters – as always... Luciferian bliss now rings supreme for the World Economic Forum and City of London money masters. With compromised Trump's unholy marriage to the Rothschilds, repeatedly bailing his lame real estate ass out, and his blackmailed beholding to Israel, the deck is now complete for the shuffling of the Titanic chairs..." - Only this time around, is the ship's name "Babylon"? "Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird. For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.' And I heard another voice from heaven, saying, 'Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues. For her sins have reached unto heaven, and God hath remembered her iniquities. Reward her even as she rewarded you, and double unto her double according to her works: in the cup which she hath filled fill to her double. How much she hath glorified herself, and lived deliciously, so much torment and sorrow give her: for she saith in her heart, "I sit a queen, and am no widow, and shall see no sorrow." Therefore shall her plagues come in one day, death, and mourning, and famine; and she shall be utterly burned with fire: for strong is the Lord God who judgeth her. And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning, standing afar off for the fear of her torment, saying, "Alas, alas that great city Babylon, that mighty city!" for in one hour is thy judgment come. And the merchants of the earth shall weep and mourn over her; for no man buyeth their merchandise any more:" (Rev.18:2-11):

"Călin Georgescu & 'The Secrets of the United Nations'" - Includes 40 min vid.

(Intro:) "Călin Georgescu won the first round of Romania's presidential elections, which were quickly annulled, due to so-called 'Russian interference' (where have we heard that before?) and he was banned from running again. After challenging the ban, the Romanian Constitutional Court on Monday upheld a decision by the EU nation's election authorities to reject his candidacy. When Wikipedia and other information outlets describe Georgescu as 'Far Right', this is clearly ridiculous. Georgescu is anti-oligarchical and anti-greed and this was the platform that he ran on in Romania – and that he won. Călin Georgescu worked as a senior expert in sustainable development within the UN system for nearly 20 years, as a former executive director of the United Nations Global Sustainable Index Institute in Geneva (2015-2016). He previously served as President of the European Research Centre (ERCIS) for the Club of Rome (2013–2015). Does that sound 'Far Right' to you? As he explained to Dr Reiner Fuellmich in this 2023 interview, when he began working within the UN system, he believed the institution offered great hope for humanity. However, he eventually came to understand that everything espoused by the UN is 180° inverted from reality; that 'Peace' means 'War' and that the UN does not represent 'nations'; it represents the oligarchical interests who control the resources that have been removed from the control of the nations; the UN is controlled by criminal oligarchs who use it to enrich themselves and to enslave humanity. Georgescu seems like an honest dealer and like a good man in this interview. Meanwhile, his interviewer, German attorney Reiner Fuellmich has been held in solitary confinement [in Germany] in pre-trial detention since March 2023, after he attempted to sue everyone involved with the COVID-19 fraud. The most recent post on Fuellmich's detainment on Magster.com reports: 'Prison officials told me they had never seen a defendant held in pre-trial detention for more than 11 months for a minor offence (rather than a serious crime or an act of terrorism), kept in solitary confinement and, most importantly, brought to court with his hands and feet shackled.' That includes potentially 'bespoke cancer vaccines', of which there are currently hundreds of medical trials taking place around the world...With the end of the 'pandemic', mRNA vaccine manufacturers realised the money hose was about to be turned off and they would need a new one. Hence the new mRNA vaccines for the flu, monkeypox, RSV, HIV, bird flu and cancer – all within a couple of years. And cancer is the big one. You can't underestimate how much money there is in cancer. Between screening and 'treating' it is an industry worth over \$400 billion per year and that's only going up. (You could argue a lot of 'screening' is about generating 'cancer patients' to treat, but that's another issue). Those treatments have been a gold mine for Big **Pharma**. They take forever, they're expensive, and if they kill you (which they do, a lot), the coroner will probably find you died of cancer (or 'complications resulting from cancer'). >  A Key Updates reader sent me this brief account of 6 Tongan boys who were marooned on a Pacific island for 15 months back in 1965-66:

"In 1965, six boys (ages of 13 and 16) decided to play hooky and 'borrow' a fisherman's boat to sail from Tonga to Fiji. Before setting sail, they brought with them food and supplies but made the mistake of falling asleep during their first night out at sea. When they awoke, the boat had been damaged by the waves. They were adrift for several days before washing up on an uninhabited island. This would be their home for the next 15 months." — *Read the rest here!*:

- So, after reading that, I looked further into this astonishing true-life survival miracle! Here are two more links about it! These boys' resolve to care for one another in spite of such a calamity is absolutely amazing! PTL!

The six castaway boys surviving on Ata Island in Tonga (Channel 7 in Australia). The story of the Ata castaways reminds us of the real Lord of the Flies. These 6 kids stayed 15

on this Tongan for 15 months. This documentary was recorded a few days after their rescue. The six boys came back to the island with Peter Warner and the TV crew. But before that they went to meet their families again and recorded their reunion after 15 months stranded on the desert island. This real Lord of the Flies story is a fascinating adventure about survival. The castaway explorer Alvaro Cerezo, spent 10 days on Ata island with Kolo Fekitoa, one of the six teenage castaways. That happened in 2015. They both lived there all alone and survived from coconuts, fish and seabirds, and drank rain water. They lived exactly as the boys did back in 1965. In summer 2020, Cerezo is launching a documentary of his experience with Kolo and a book describing in detail the 15 month ordeal of the Tongan castaways.":

(Excerpt:) "Russia is adamantly opposed to troops from NATO nations being deployed in Ukraine. Even if they are deployed in the guise of 'peace keepers', the Kremlin knows that this would be another step in the steady encroachment on its borders. This could ultimately result in all-out war with Russia and its allies, Iran and China, and this is exactly what the elite want. They want to reduce Europe to a wasteland and our leaders are working toward this end. They weren't able to achieve this fast enough through uncontrolled immigration. So now our 'leaders' have been instructed to choose a final option: war with Russia. It should be obvious by now that the real problem faced by Western Europe isn't Russia but its own corrupt and compromised leaders."

administration's policy towards Gaza should have a thumping headache by now...Trump called for the mass expulsion of Palestinians...he followed up last week with an explicitly genocidal threat addressed to 'the people of Gaza' – all two million-plus of them. They would be 'DEAD' if the Israeli hostages held by Hamas were not quickly released...his administration has expedited the transfer of an extra \$4bn worth of US weapons to Israel, bypassing Congressional approval...also nodded through Israel's reimposition of a blockade that has once again choked off food, water and fuel to the enclave – further evidence of Israel's genocidal intent...also dispatched to the region a special envoy...to negotiate the release of the few dozen Israeli hostages still held in Gaza...The Trump administration's goal is to normalise its inconsistencies, hypocrisies, lies and misdirections so they become entirely unremarkable. Opposition to its will – a will that can change from day to day, or week to week – will be treated as treasonous...But make no mistake: the fundamentals remain unchanged. The rich are still looking out for themselves. They are still feathering their own nests, not yours. They still see the world as their plaything, where lesser humans – you and me – are expendable.":

despite its ethical guidelines." - *Exposé of the scummy underbelly of supposedly squeaky-clean Scandinavia, namely never-naughty Norway!* (Excerpts:) "Scandinavian countries are often held up as models for a better society. None more so than Norway, flush with North Sea oil wealth, which it can invest responsibly. The money is put aside in a sovereign wealth fund, owned by the Norwegian government and managed by the country's central bank, Norges Bank. It is the largest such fund in the world, worth £1.4 trillion. Called the Government Pension Fund Global (GPFG), or just the Oil Fund, it is supposed to adhere to ethical guidelines by excluding certain companies from its portfolio. That's if they are involved in serious violations of human rights – especially in conflicts – gross corruption, the production of nuclear weapons and more. However, in outright contradiction to these guidelines, the GPFG invests billions of pounds in many of the world's largest arms companies. In fact, it owns stakes in exactly half of the world's top 100 arms companies, accumulating at almost £14 billion. This includes arms companies here in the UK that supply Israel – despite Norway recognising the state of Palestine as recently as May 2024 [Just to put on appearances!?!] and excluding companies from the GPFG involved in activities violating international law. So why is Norwegian money finding its way into Britain's arms industry, which supplies Israel?" - *Read in full to find out!*

>  *Volkswagen joins the Warwagen!* (Comment from tapnewswire on this article:) "Auto production in Germany is now uncompetitive, thanks to the closure of Nordstream and consequent high energy prices. Plus, 40% of VW business was in China, a very tough market to sustain for a foreign corporation. So, a good bet for them is the cosy, high-margin, government-funded monopoly, weapons market. Not a real market at all, unlike motor cars which do compete with one another. VW wasn't a weapons company back in WW2 either; it just made military vehicles, although it admits to using slave labour. So, jumping on the warwagen is a totally new "market" for them, as they join the other massive snouts in a massive trough, graft and kickbacks all round for the German/EU Government warmongers, none of whom said a word after UK/US blew up Nordstream a couple of years or so ago, even though they must have realised what the consequences would be. > ✨ *This year's Spring Equinox appears to be delivering its opening salvos! As posted in KU177/6 March, "...in Illuminati lore, the Spring Equinox is considered a Minor Sabbath but still requires human sacrifice. March 21-22 is dedicated Goddess Ostara (Ishtar, also spelled, 'Eostre'), for whom 'Easter' is named. March 21 is one of the Illuminati's Human Sacrifice Night. Ishtar was the Babylonian goddess of fertility, love and war."*

Soon after that posting, Syria Snaketree Jolani went on his killing spree, reported on earlier in this KU178, which included Christians! Snaketree claimed he would form an investigation committee to investigate his own killers, yet the massacres continue! The extremist terrorist groups affiliated with Snaketree have confiscated the phones of 400 of their own members in 17 areas of the Syrian coast because they had documented their crimes. They took these phones to hide evidence and the truth!

And now, just days out from the Spring Equinox, the US "Peace" President Trump throws his peace pipe in the bin and starts bombing Yemen (who truly ceased all Red Sea aggression during the Isahell-Gaza ceasefire, which Isahell broke repeatedly), which included, amongst its victims, children and newborns! Then Yemen's Houthis retaliated with a massive attack on US Aircraft Carrier USS Harry Truman with 18 ballistic missiles and drones, and claimed responsibility for a second attack on an American aircraft carrier group in 24 hours, calling it retaliation for US strikes (which, at the time of writing this, has been doing on now for three days), vowing to escalate against all US warships and Israeli vessels in the Red Sea and Arabian Sea until the "siege" on Gaza is lifted. The UN puppet-chief is calling for restraint in Yemen and an end to military activities, but what do you reckon those words are worth less than monopoly money!

Another headline says that Iran is distancing itself from the Houthis and insists that the Houthis are acting independently as US airstrikes intensify, but the Trump administration is vowing to keep up the pressure on the Houthis, while at the same time saying that Iran must give up its nuclear program or else, warning

that all options are on the table should Tehran refuse. Hmmm, and it's okay for Isahell to keep their nukes?

And since the US and Isahell are joined at the hip, in tandem to the bombing of Yemen, Isahell has declared the ceasefire "officially" over, and has resumed brutally bombing already obliterated Gaza all over again, resulting (at the time of this post) in the deaths of 340 people (including women and children).

Abu Dhabi is a part of the UAE, where it is illegal for Christians to proselytize and conversion from Islam is prohibited. Christians are free to convert to Islam, but citizens of Abu Dhabi are not free to choose Christ! (Yet they're free to become Freemasons!?)

(Excerpts:) "...he survived by eating cockroaches, birds, and even a turtle. 'I didn't want to die for my mother...I have a two-month-old granddaughter. That's what kept me going. Every day, I thought of my mother.'":

> ✨ Given that this week we've seen that Trump's peace pipe is the length of a cigarette butt, perhaps now we can now better understand why, for example, the world may never see the uncensored Epstein files!? This week, again, I am closing with a series (this one contains 7 Parts). Following is an excerpt from the beginning of Part 7:

"Hopefully by now, one can see that Trump is a sexually compromised pervert controlled by a joint KGB-Mossad compromise (kompromat) operation to direct the U.S. presidency towards *[WEF, NWO, Club of Rome, Trilateral Commission, Bilderberg Group, The Atlantic Council, et al!]* world Communist aims, which is less overt than control through the Democrat side of things, since Trump poses as a conservative and, laughably, a Christian. [Remember, he converted to Judaism in 2017. And also, that the left wing and the right wing is the same bird!] It's been nearly five years since this author wrote the last piece in this series and a lot has happened, but nothing that wasn't difficult to predict. Only the level of depravity and treason is shocking. This and the following installment will provide more evidence of Trump's treason and perhaps tie up any loose ends in this traitorous affair."

Listed below are the links to the 7 Parts of this series. Without further comment, I'll end with DYOR and 1Jn.4:1-4 — "Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world. Hereby know ye the Spirit of God: Every spirit that confesseth that Jesus Christ is come in the flesh is of God: and every spirit that confesseth not that Jesus Christ is come in the flesh is not of God: and this is that spirit of antichrist, whereof ye have heard that it should come; and even now already is it in the world. Ye are of God, little children, and have overcome them: because greater is He that is in you, than he that is in the world."
