† If you haven't already, I recommend reading the Apocrypha book, "The Lost Books of Adam and Eve". One of my main interests in that book is in taking a close look at the fact that once Adam and Eve were escorted out of the Garden of Eden for disobeying God by eating of the Tree of the Knowledge of Good and Evil, they encountered and did battle with Satan repeatedly! The deceiver came to them in different forms and guises, for as it says in 2Corinthians 11:14, "And no marvel; for Satan himself is transformed into an angel of light." Other translations say he "masquerades as, disguises himself as, tries to make himself look like, fashioneth himself to appear as" an angel of light! Starting with this KU179, every week I'll be posting (at the beginning) a chapter from "The Lost Books of Adam and Eve" which highlights these encounters, as I've decided to do a personal study on each and every one of them. A big thank-you to Stephen Strutt for compiling for me a list of each encounter. I highly recommend going to Steve's website (<https://www.insightpublication.com/>) to obtain your own copy of "Eden Insights — The Lost Books of Adam and Eve" (<https://www.insightpublication.com/shop>), along with the rest of his investigative Insights collection! I've read "The Lost Books of Adam and Eve" in its entirety, but want to review the chapters that explain how the Satan's appearance changed after he was cursed by God, and subsequently tried to tease, lure, deceive, beguile, seduce, distract, scare, manipulate, and even kill Adam and Eve after they had been sent out of the Garden! I believe a thorough study of these events is paramount, "lest Satan should get an advantage of us", for in doing so "we are not ignorant of his devices." (1Corinthians 2:11)

Chapter 17 - The Serpent. *How did Satan appear to Adam and Eve whilst they were in the Garden? Good, attractive, charming, believable, intelligent, friendly, helpful, full of advice? But then note how much the serpent had drastically changed, due to God's curse! From the "most exalted" to "the meanest"; from "the fairest" to "the ugliest"; from eating "the best food" to eating "the dust"; from being deemed "the most beautiful" to being "abhorred"!*

1 THEN Adam and Eve came out at the mouth of the cave, and went towards the garden.

2 But as they drew near to it, before the western gate, from which Satan came when he deceived Adam and Eve, they found the serpent that became Satan coming at the gate, and sorrowfully licking the dust, and wriggling on its breast on the ground, by reason of the curse that fell upon it from God.

3 And whereas aforetime the serpent was the most exalted of all beasts, now it was changed and become slippery, and the meanest of them all, and it crept on its breast and went on its belly.

4 And whereas it was the fairest of all beasts, it had been changed, and was become the ugliest of them all. Instead of feeding on the best food, now it turned to eat the dust. Instead of dwelling, as before, in the best places, now it lived in the dust.

5 And, whereas it had been the most beautiful of all beasts, all of which stood dumb at its beauty, it was now abhorred of them.

6 And, again, whereas it dwelt in one beautiful abode, to which all other animals came from elsewhere; and where it drank, they drank also of the same; now, after it had become venomous, by reason of God's curse, all beasts fled from its abode, and would not drink of the water it drank; but fled from it.

> 🤔 **"In Trump's new order, anyone can become Palestinian"** - Includes link to 1.41.23 hr vid **"Trump's intrusive demons and Israel's 'enlightened cause' | Norman Finkelstein | The Big Picture"**.

(Excerpts:) "'He's not Jewish anymore. He's a Palestinian.' With these words, US President Donald Trump did not merely insult Democratic Senator Chuck Schumer [*Note that I'm not pro-Schumer; however, this moniker that Trump used is very telling, as this article points out!*] - he exposed something far more insidious. In Trump's world, Palestinian is not just a nationality. It is an accusation, a sentence of exile, a mark of delegitimisation. Schumer's crime was

questioning Israeli Prime Minister Benjamin Netanyahu's increasingly authoritarian government. Schumer, a staunch Zionist who has long positioned himself as one of Israel's most unwavering defenders, dared to suggest that Netanyahu's extremism was harming Israel's future. That alone was enough for Trump to strip him of his Jewishness, to brand him as something else - something meant to be demeaning. This is not the first time Trump has wielded the word 'Palestinian' as a slur...The message is clear: to be called Palestinian is to be cast out. Your voice no longer counts. Your legitimacy is revoked, your rights erased...To be Palestinian in Trump's world is to be without rights. A Palestinian can be starved, bombed and expelled. A Palestinian can be erased from history...A Palestinian can be arrested for protesting, fired for speaking, or blacklisted for dissenting. And now, anyone can be treated as one. This is the real warning in Trump's attack. You don't have to be Palestinian to be punished like one. You don't have to be Arab or Muslim. You only have to step out of line. Even Jewishness is no longer protection. Your identity has become conditional, your history disposable. You can be declared a traitor, an enemy within, someone who has forfeited their place. The moment you question Israel, you become Palestinian - not by birth, but by decree. Because in this world, a Palestinian has no rights, nor does anyone who defends them...A new McCarthyism is taking hold in America, and this time, it is not communists in its crosshairs. It is anyone who refuses to fall in line with Israel's agenda.":

(Excerpts:) "Families, friends and neighbours gathered to prepare suhoor, the pre-dawn meal to prepare for a day of fasting. The Israeli military, however, had planned to use this moment of communal ritual to stage a ferocious attack on the Palestinian enclave and tear the fragile 58-day ceasefire to shreds. Soon after 2am, a series of Israeli air strikes targeted dozens of residential buildings and schools sheltering displaced people across Gaza. One of the first targets was al-Tabaeen School, which housed hundreds of displaced Palestinians in Daraj, a neighbourhood in the heart of Gaza City. At least 25 Palestinians were killed by the bombardment, including women and children sheltering in the school, which had already been targeted three times since the beginning of the war." :

> 🧐 • *What does OpenAI and Isahell's IDF have in common? Microsoft has also provided the Israeli military with large-scale access to OpenAI's GPT-4 model – the engine behind ChatGPT – thanks to a partnership with the developer of the AI tools which earlier this year changed its policies against working with military and intelligence clients. Microsoft declined to comment on the findings of the investigation or answer questions about its work for the IDF. An IDF spokesperson said, "We won't comment on the subject." Israel's defence ministry also declined to comment. The disclosures about Microsoft's deep ties to the IDF and the integration of its systems in the war effort illustrate the growth of private-sector involvement in hi-tech warfare and the increasingly blurred distinctions between civilian and military digital infrastructure. (Excerpts:) "Netanyahu tried to get Bar to resign, but when he refused he decided to fire him...Bar, has taken responsibility for the failings of the Shin Bet leading into the Hamas massacre of October 7, and has been advocating for a national commission of inquiry into the failings of the government, the IDF and the security agencies, while Netanyahu refuses to establish such a commission and has yet to assume responsibility for his own role and failings as the prime minister who has been in power for the better part of the past 17 years...Opposition leader Yair Lapid said that Netanyahu decided to fire Bar because the Shin Bet was investigating his close aids and their involvement with Qatar...Lapid said the decision of the prime minister is shameful after Bar had dedicated his life to the security of Israel and its citizens. "This is proof of a moral breakdown...Netanyahu once again puts his private interests above those of the country and its security. He will not succeed in placing the blame for the failings

leading to the massacre on the security agencies. He is first and foremost responsible.' Lapid said his party will appeal to the court against the firing of Ronen Bar.":

• **"Political Ponerology: A Psychological Anatomy of Evil, Politics and Public Trauma"**

(Excerpts:) "Derived from ponéros in New Testament Greek, the word ponerology suggests an inborn evil with a corrupting influence, a fitting description of psychopathy and its social effects...extreme ambition and lust for power and financial gain 'is particularly evident in criminal or political psychopathy'. Politics, by its very nature, would tend to attract more of the pathological 'dominator types' than other fields...But little has been said about the nature, causes and genesis of evil. Materialist scientific culture does not readily admit that evil actually exists, per se. Yes, 'evil' plays a part in religious discourse; but even there, it's given short shrift as an 'error' or a 'rebellion' that will be corrected at some point in the future...In a society where evil is not studied or understood, they easily 'rise to the top' and proceed to condition normal people to accept their dominance, to accept their lies without question. The trick of the psychopath's trade is to make us believe that evil comes from others [Example, when Satan said to Eve, "Hath God said? Did God actually say that? How could God be so mean as to say you can eat of every tree in the garden, but then tell you not to eat of this one! But hey, I'm not mean! Look! It's yummy and if you eat it, you'll be like God!" (See Gen. 3:1-4)]...Since everyone simply assumes that conscience is universal among human beings, hiding the fact that they are conscience-free is nearly effortless...This invisibility gives them a huge, secret and strange (form of black magik) advantage over the majority of people, who are kept in line and are

handicapped by their consciences and are unaware that not all people operate from a place of personal integrity." - *Please read in full so as to be aware of this deceptive breed, their tyrannical traits and twisted mindset!*

• *Further to the above-article's mention of the Greek word "ponéros" (from <https://biblehub.com/greek/4190.htm>):*

ponéros: Evil, wicked, bad, malicious

Original Word: πονηρός

Part of Speech: Adjective

Transliteration: ponéros

Pronunciation: po-nay-ROS

Phonetic Spelling: (pon-ay-ros')

Definition: Evil, wicked, bad, malicious

Meaning: evil, bad, wicked, malicious, slothful.

Word Origin: Derived from a derivative of the base of πονέω (poneō), meaning "to toil" or "to work hard," often with the connotation of pain or trouble.

Corresponding Greek / Hebrew Entries: - H7451 (עַר, ra): Often translated as "evil" or "wicked," used to describe actions or intentions that are morally wrong or harmful.

- H7489 (עָרַב, ra'a): A verb meaning "to be evil" or "to do wickedly."

Usage: The Greek word "ponéros" is used in the New Testament to describe that which is morally or ethically evil, wicked, or malicious. It often refers to actions, thoughts, or individuals that are contrary to God's nature and commands.

The term can also denote the influence of evil, such as the evil one (Satan) or evil spirits.

Cultural and Historical Background: In the Greco-Roman world, the concept of "evil" was often associated with chaos, disorder, and actions that disrupted societal harmony.

In the Jewish context, "ponéros" aligns with the Hebrew understanding of evil as anything that opposes God's will and

righteousness. The New Testament writers, influenced by both Jewish and Hellenistic thought, used "ponéros" to describe the pervasive nature of sin and

the spiritual battle between good and evil.

(Excerpts:) "As a reminder, don't forget Lagarde is a convicted thief when she headed the International Monetary Fund (IMF) and was never put in jail: she just got a new job as the head of the ECB...So keep this in mind when you listen Lagarde spout her rhetoric. But after announcing she wants the digital euro in October, a week later the ECB is forced to admit that hardly anyone sees a purpose for it (no kidding!). But in all of their hubris and moxie, basically say that the public is not 'financially literate', which I suppose is true, but then essentially admit that they are going to propagandize the masses even more to get them to accept the CBDC, digital ID and tokenization. This means, as far as I am concerned, by hook or by crook they will force it on people... So we can expect false flag operations to transpire...This also fits the timeline for when the Society for Worldwide Interbank Financial Telecommunication (SWIFT) announced they plan to have their systems ready to facilitate CBDCs, in 2025 or 2026...The world is racing to adopt CBDCs, stablecoins and tokenization... as if everything surrounding it is just a clever masquerade and world leaders, central banks and private asset managers, are actually working in concert together? After all, the whole world shutdown years ago with mere words and all enacted draconian policies for our 'health and safety'...However, the U.S. is appearing to take the stablecoin route instead of CBDCs, which, Lord willing, I will be discussing soon. But if you recall my tokenization essay from last year

(Excerpts:) "It's happening again. Europe is once again going totalitarian and this time there's a decidedly familiar communist stench. The outcome was predictable for many of us in the alternative media and the situation is only going to get worse in the next few years, but what does this mean for the rest of the world? With the European [d]elites casting off their humanist masks and going outright Orwellian, what kind of chaos can we expect to unfold?...An even more disturbing trend is Europe's rising war rhetoric against Russia...[and] actively and openly entertaining ideas of forced conscription...the time of the globalists is running out...So the [d]elites are turning to physical force and imprisonment to silence their opponents...Britain is the worst perpetrator with citizens receiving intimidation visits from police and suffering arrests for posting 'offensive words' and memes. Some are even being arrested for flying their national flag in the sight of migrants. Movements in support of 'populism' are demonized...Western civilization has been scheduled for demolition... would go even further and say that in the event of war with Russia native born citizens will be rounded up for conscription while most migrants are left behind to run the streets of London,

Paris and Berlin. I believe the migrants are enforcers to keep any potentially defiant Europeans in line. Many empires and monarchs throughout history have used foreign mercenaries as muscle to prevent local rebellion. The politicians in the EU and UK are following a similar strategy...Europe is about to become a nexus for global change. They will either destroy the west with instability and authoritarianism or their tyranny will inspire a modern day crusade to save free civilization...governments will try to use economic leverage to silence dissent and punish people who refuse to comply. It's not a coincidence that the EU just announced that they will be introducing CBDC programs at the retail level by the end of 2025. They're going to push for a cashless system because this will give them total control over people's economic access....Ukraine will fall to Russia regardless. This is already happening but the media is trying to gloss over troop movements and geo-location data showing increasing territorial gains for Russia. They're also refusing to acknowledge the steep decline in Ukrainian conscripts under the age of 40. Without a Trump deal, Ukraine will implode. Europe does not have the troops or the training to fight Russia in a near-peer attrition-based conflict. Their involvement would only prolong the inevitable or trigger a nuclear exchange...there is also a chance that a war between the US and the European oligarchy is brewing.":

The law—an amendment to the Assembly Act—passed by a decisive 136-27 vote with no abstentions and backed by Orbán's Fidesz party and their minority coalition partner, the Christian Democrats, makes it 'illegal to hold an assembly that violates the prohibition set forth in the Child Protection Act.' They lie at the very heart of the global economy, with over half the world trade processed through them. They have been instrumental in nearly every major economic event, in every big financial scandal, and in every financial crisis since the 1970s, including the latest global economic downturn...secretive offshore tax haven systems play a primary role in supporting and making financial criminality go—with as much as a quarter of global wealth avoiding taxes by using the havens. Not surprisingly, the Anglo-American alliance (the United Kingdom and the U.S.) is in the lead in market share, with the City of London at the center...Understanding the offshore system is not easy. Its highly

complex and secretive strategies involve complex legal and financial structures in multiple jurisdictions...If you want to understand Plunder Capitalism, it is essential to appreciate the role of the offshore havens. "Shocking discovery: Giza pyramids revealed as 'Tip of the Iceberg' with massive underground structure extending 2 kilometers deep" - Includes 1.39.30 hr. vid.

(Excerpts:) "The implications of this discovery are seismic. If the Giza complex was indeed a machine of such complexity, it challenges the prevailing narrative of human history. The construction of such a structure would require knowledge and technology far beyond what is believed to have existed in ancient Egypt—or even in modern times. This has led some researchers to speculate about the involvement of an advanced pre-historic civilization or extraterrestrial

[inter-dimensional] beings. 'The pressure at these depths, the precision of the engineering—it's not something that could have been achieved with primitive tools', said one geologist involved in the study. 'This suggests the existence of a civilization that was far more advanced than we've ever imagined.' The discovery also aligns with alternative theories about lost civilizations, such as Tartaria, a supposed advanced society that some believe was wiped from historical records. The idea that Earth may have been home to multiple advanced civilizations, each destroyed by cataclysmic events, is gaining traction among researchers.":

'The basic law in a religious war, and in this case in Gaza, is 'do not spare any soul,' instructed Rabbi Eliyahu Mali in March of last year...In 2009, Chabad-Lubavitch Rabbi Manis Friedman articulated the same principles as Mali when asked how Jews in Israel should treat their Arab neighbors. 'I don't believe in Western morality...The only way to fight a moral war is the Jewish way: Destroy their holy sites. Kill men, women and children (and cattle).'...By April [2024], Israel had dropped over 70,000 tons of explosives on

Gaza surpassing the tonnage dropped during World War II on Dresden, Hamburg, and London combined. These attacks have damaged or destroyed an estimated 69% of structures in Gaza including at least 245,000 homes.

Furthermore, the explosive capacity of the atomic bombs dropped on Hiroshima and Nagasaki equated to around 15,000 tons of TNT each which means Israel had already dropped the equivalent of almost 5 atomic bombs in Gaza by this time. [And Isahell is still bombing Gaza!]...President Trump approved a \$3 billion weapons transfer to Israel on February 28, Israel resumed its full blockade of humanitarian aid into Gaza on March 5, and on Tuesday the IDF restarted its large-scale bombing of displaced families...'These are animals, they have no right to exist,' said Israeli **education** minister Yoav Kisch." - 🤔:

How can we deal with the fact that this same globalist entity is also using the pretext of 'fighting climate change' to poison our food, steal our freedom, herd us towards its innovative and inclusive smart concentration camps? And that it is still deliberately manufacturing and prolonging bloody wars, demonically sacrificing countless young lives on all sides, in order to satisfy its relentless greed for control? It is not a question of 'politics', of the 'left' and 'right' and 'centre' with which they always distract and divide us, of the single issues and rigid sectarian positions in which they are happy to see us immerse ourselves, losing sight of the larger context. What we clearly need today is an awakening on a scale far broader, and with an understanding far deeper, than anything humankind has ever witnessed before. The peril facing us is so great, so insidious, that we have to tap into resources of strength, determination and courage that have until now remained dormant. We need to shake off all the confusion and lethargy inflicted on us by the poisonous parasites and finally say 'NO!' to their imposture. This Great Rejection will have to weave together several great threads in a way that until now has not been achieved...This historic turning of humankind against our slavemasters...has already been born and I can feel its presence tingling in my spine as I write. "What lies beneath the Giza Pyramids? Shocking discoveries could rewrite history as we know it" - Includes 6.10, 4.33 and 3.17 min vids

(Excerpts:) "These discoveries, blending cutting-edge tech with wild theories, suggest the pyramids could be more than tombs, potentially reshaping our view of the past in ways we never imagined. Take the latest buzz: enormous vertical cylindrical structures found 648 meters below the Giza Plateau... Traditional Egyptology pegs the pyramids as pharaohs' tombs built with ramps around 2500 BCE. Yet, their math-Pi, the golden ratio, even the speed of light-plus these new finds, fuels wild ideas. Nikola Tesla thought they harnessed Earth's energy. Christopher Dunn saw the Great Pyramid as a power plant, converting vibrations into electricity. Joseph Farrell even speculated it was a weapon, focusing ancient physics. Could those cylindrical wells channel energy or sound, with the cubes as generators?... Pair this with a dried-up Nile branch for stone transport, and the pyramids' story feels less like history-and more like a sci-fi epic waiting to be decoded."

(Excerpts:) "There were two Constitutions in the United States. 1st was suspended in favor of a Vatican Corporation in 1871. Since 1871, the United States president and the United States Congress has been playing politics under a different set of rules and policies. The American people do not know that there are two Constitutions in the United States. The first penned by the leaders of the newly independent states of the United States in 1776. On July 4, 1776, the people claimed their independence from Britain and Democracy was born. And for 95 years the United States people were free and independent. That freedom ended in 1871 [or even before that, given what it says further on in this article as to the Treaty of Paris, signed on September 3, 1783] when the original 'Constitution for the united states for America' was changed to the 'THE CONSTITUTION OF THE UNITED STATES OF AMERICA'. [I worked as a secretary at a top-tier legal firm and know first-hand that according to law, capitalised and uncapitalised words carry different meanings. How legal vocabulary differs from English (or any other language) vocabulary is vast and at times deceptive! Legal vocabulary and general English (for example) vocabulary often intersect, but many words carry different meanings depending on the context. Legal language, or "legalese", employs specific terms to convey precise meanings, ensuring clarity and reducing ambiguity in legal proceedings and documents. In contrast, general English is more flexible and context-dependent. Understanding these differences is essential for deciphering what one's country's legal system has done and is doing!] The Congress realized that the country was in dire financial straits, so they made a financial deal with the devil – international bankers — (in those days [And still in these days!], the Rothschilds of London) thereby incurring a DEBT to said bankers. The conniving international bankers were not about to lend the floundering nation any money without some serious stipulations. So, they devised a way of taking back control of the United States and thus, the Act of 1871 was passed. With no constitutional authority to do so, Congress created a separate form of government for the District of Columbia...As of 1871 the United States isn't a Country; It's a Corporation! In preparation for stealing America, the puppets of Britain's banking cabal had already created a second government, a Shadow Government designed to manage what 'the people' believed was a democracy, but what really was an incorporated UNITED STATES. Together this chimera, this two-headed monster, disallowed 'the people' all rights of sui juris (you, in your sovereignty). The U.S.A. is a Crown Colony. The U.S. has always been and remains a British Crown colony...After America declared independence from Great Britain, the Treaty of Paris, signed on

September 3, 1783 was signed. That treaty identifies the King of England as prince of U.S. 'Prince George the Third, by the grace of God, king of Great Britain, France, and Ireland, defender of the faith, duke of Brunswick and Lunebourg, arch- treasurer and prince elector of the Holy Roman Empire etc., and of the United States of America'– completely contradicting premise that America won The War of Independence. Article 5 of that treaty gave all British estates, rights and properties back to Britain. [For further details on that, read this article in full.]...It is becoming increasingly apparent to American citizens that government is no longer being conducted in accordance with the U.S. Constitution, or, within states, according to state constitutions. While people have recognized for more than 150 years that the rich and powerful often corrupt individual officials, or exert undue influence to get legislation passed that favors their interests, most Americans still cling to the naive belief that such corruption is exceptional, and that most of the institutions of society, the courts, the press, and law enforcement agencies, still largely comply with the Constitution and the law in important matters. They expect that these corrupting forces are disunited and in competition with one another, so that they tend to balance one another. Mounting evidence makes it clear that the situation is far worse than most people think, that during the last several decades the U.S. Constitution has been effectively overthrown, and that it is now observed only as a façade to deceive and placate the masses. What has replaced it is what many call the Shadow Government – created with the illegal passing of the Act of 1871. It still, for the most part, operates in secret." - Does all this tie into why Trump "indicated he would accept an offer from King Charles to join the British Commonwealth, strengthening America's ties to the United Kingdom. He said, 'I love King Charles. Sounds good to me!'"?:

*Today I've set aside other items in order to focus on these selected picks related to Trump's directive of **17 March 2025**, when all records previously withheld for classification that are part of the President John F. Kennedy Assassination Records Collection were released. (See "**JFK Assassination Records - 2025 Documents Release**" <https://www.archives.gov/research/jfk/release-2025>) Note that the very next day, 18 March 2025, Isahell resumed bombing Gaza to bits!—Killing 183 children and over 436 Palestinians in total (during the pre-dawn meal during Ramadan) and more every day since! As you'll find out below, "that Israel was directly involved in both the assassination and the coverup", *is there a glaring correlation? The Devil hates being exposed, and when he is, he kills all the more: truth and anything and anyone related to it!*

"Jack Leon Ruby was born Jacob Leon Rubenstein, the son of Joseph Rubenstein and Fannie Turek Rutkowski (or Rokowsky), both Polish-born Orthodox Jews. Ruby was the fifth of his parents' 10 surviving children. While he was growing up, his parents were often violent towards each other and frequently separated. Ruby's mother was eventually committed to a mental hospital. His troubled childhood and adolescence were marked by juvenile delinquency, with time being spent in foster homes. He was arrested at the age of 11 for truancy. He and his brothers shortened their surnames from Rubenstein to Ruby. The stated reason for the name change was that the name 'Rubenstein' was too long and that he was 'well known' as Jack Ruby. During the 1970s, prominent psychiatrist Irene Jakab, who was known for her use of art therapy in diagnosing and treating patients with mental illness, analyzed artwork that had been created by Ruby while he was in jail. While assessing one of Ruby's drawings, which had been included as part of art exhibits at the World Congress of Psychiatry meeting

in Waikiki and the University of Hawaii in late August and early September 1977, she claimed that his work conveyed 'repressed aggression and secretiveness', adding, 'Notice how he really constricts himself so as not to reveal himself. He hides behind all those geometrical lines and pointed edges. You can feel his controlled aggression.'"

> 🙄 *What did the Washington socialite and insider know about the Kennedy assassination that was never made public? Is that why she was murdered execution style less than a year after JFK's death? She kept a diary that mysteriously disappeared after her murder and reportedly believed Kennedy's assassination was part of a much larger conspiracy!*

"What Mary Pinchot Meyer Said About JFK Before She Died" - 9.39 min vid.

(Description:) "Mary Pinchot Meyer was no ordinary Washington socialite. A talented artist and outspoken critic of U.S. intelligence agencies, she had a deep and personal connection with President John F. Kennedy. Their affair wasn't just about romance—it was intellectual, political, and, according to some sources, involved the use of psychedelics to influence world peace. But Meyer's life took a dark turn when she was murdered in broad daylight on a quiet Georgetown towpath in 1964. The crime remains unsolved, but many believe her death was far from random. Adding to the mystery, CIA official James Jesus Angleton allegedly broke into her home shortly after the murder to retrieve her diary—a diary that has never been seen since. Some believe it contained shocking revelations about Kennedy's policies and possibly even his assassination. Others suspect that her anti-war stance and connections to powerful figures in Washington made her a threat to those in control. Her ex-husband, high-ranking CIA official Cord Meyer, had been deeply embedded in Cold War-era operations, and some wonder whether Mary knew too much about the agency's inner workings. She had expressed concerns about the growing influence of the military-industrial complex, a sentiment shared by Kennedy in his final months. Did she have knowledge that could have reshaped public understanding of JFK's presidency and death? The way Meyer was killed—execution-style with two precise gunshots—suggests a professional hit rather than a random crime. With the primary suspect acquitted due to lack of evidence, her murder was never solved, leaving behind more questions than answers. Decades later, her case remains one of the most chilling unsolved mysteries of the Kennedy era. What

really happened to Mary Pinchot Meyer, and what secrets did she take to her grave?":

(Excerpts:) "The initial release of the John F. Kennedy assassination files have confirmed what serious researchers have known for decades - that Israel was directly involved in both the assassination and the coverup. The opening salvo of files released yesterday have confirmed that James Angleton [whom Candace thoroughly covers in her video above], chief of the counterintelligence department of the Central Intelligence Agency from 1954 to 1975, and himself a Jew, was directly involved with the Mossad and Israeli Intelligence Service. There are also files in which Angleton's CIA specifically requests that any mention of Israel's involvement in the assassination be removed...The Gateway Pundit, a 'conservative' news source in an article called 'The Biggest Bombshells Uncovered by Internet Sleuths in the Newly Released JFK Files' [see below after this item] makes no mention of Israel at all. Nor will they ever. They know who's buttering their bread. Don't expect any 'conservative' commentator, news source, or other type of influencer to mention Israel's involvement in the assassination either. They ALL know who's buttering their bread. > 📌📌📌 *Here's another piece on the latest Egypt's Giza pyramid reveal! But first, let's recall the prophecy received by the famous Christian evangelist Virginia Brandt Berg (in 1965). Fully awakened from a sound sleep by the voice of the Lord, she was told to get up and write:*

"WARNING! Turn your eyes toward Memphis (Egypt), for out of it shall come the Great Confusion! The AUTHOR OF CONFUSION is even now marshalling his forces for this GREAT CONFUSION! He is gathering his forces from a great nation and EASTERN NATIONS, friends that will join with him. So sudden will be the GREAT CONFUSION that it will cause a MIGHTY WIDENING OF THE EYES of those who have not discerned the signs of the times. But be YE not deceived! BE PREPARED! And be not deceived by the GREAT SOCIETY, for it will come to travail and then bring forth the GREAT CONFUSION! BE PREPARED! Even now, the skies are RED, RED with WARNING, and BLACK, BLACK with clouds gathering for the GREAT CONFUSION which is ALMOST UPON YOU!!"

*In the article below, the scientists, which discovered a cast city underneath Egypt's Giza pyramid, have "also suggested that the Pyramid of Khafre might conceal undiscovered secrets, notably the fabled Hall of Records. The Hall of Records is a legendary concept often linked to ancient Egyptian lore. It is believed to be a hidden chamber beneath the Great Pyramid or the Sphinx, containing vast amounts of lost wisdom and knowledge about the ancient civilization." *It's important to note that the Khafre Pyramid, part of the Giza pyramid complex, is located within the **Memphite** Necropolis (recognized by UNESCO as a World Heritage Site) is a large area of ancient Egyptian funerary**

complexes, which is, in turn, situated near **Memphis**, the ancient capital of Egypt, located on the west bank of the Nile River, south of modern Cairo. Memphite Necropolis is a large area of ancient Egyptian funerary complexes, including the pyramids of Giza, Abusir, Saqqara, and Dahshur, stretching approximately 30 kilometers (19 miles) on the Western Desert plateau. The Khafre Pyramid is one of the three great pyramids at Giza, part of the Memphite Necropolis. The Giza Pyramid Complex is the site of the Khafre Pyramid and other pyramids, located at the edge of the Western Desert, about 9 km (5.6 mi) west of the Nile River in the city of Giza. So, will something or someone come forth, as a result of this Memphite Necropolis discovery, that will trigger, set alight, erupt in the prophesied "Great Confusion"? Be prepared!

A very good one to look into, given the emphatic warning in the Scriptures to not be deceived!

(Excerpts:) "Depending on who you ask, Oprah Winfrey is either a beacon of wisdom or the most persuasive snake oil salesman of our time...Oprah says she believes in Jesus, but her 'Jesus' didn't come to die on the cross for the sins of humanity...Oprah says she believes in and reads the Bible, but to her, the Bible is not the exclusive word of God...Oprah says she follows the gospel, but Oprah's gospel is a mixture of self-empowerment, inner divinity, and the idea that

thoughts shape reality...Oprah's distorted New Thought gospel elevates mankind and demotes God. It creates the illusion that you are good and don't need a savior. But this is the mindset of the Pharisees, who thought their good works were enough to be made right with God. Jesus rebuked them for their self-righteousness, hypocrisy, and pride. This is why Jesus saved his harshest words for them — not because they were religious but because they refused to come to him for salvation. The true gospel humbles us before a holy God, while Oprah's gospel exalts humanity in place of him — offering not salvation but a deception as old as Eden."

(Excerpts:) "Scientists have discovered a 'blueprint' for long life by decoding the genome, gut health and lifestyle of the world's oldest person who died last year at 117. Maria Branyas Morera, an American-Catalan Caucasian woman, was born

in March 1907 in San Francisco, US, and died in August 2024. While centenarians are becoming more common thanks to advances in health care, supercentenarians aged over 110 are still extremely rare...She attributed her longevity to 'luck and good genetics' and to 'avoiding toxic people'. [And avoiding toxic substances!]...the cells in her body functioned as if they were 17 years younger than her actual age. And her gut health was extremely youthful, resembling that of a child...She had a healthy gut with what researchers described as an 'anti-inflammatory' microbiome. Morera's gut was rich in Bifidobacterium, a type of bacteria known for its anti-inflammatory properties.
