> Here's the 5th installment of our study from the "The Lost Books of Adam and Eve" on the degrees and depths of deception Satan tried in order to tease, lure, deceive, beguile, seduce, distract, scare, manipulate, and even kill Adam and Eve after they had been sent out of the Garden!

## **Chapter 29 - God tells Adam of the Devil's purpose.**

- 1 But when the merciful God saw that <u>Satan</u> wished to <u>kill</u> Adam <u>with his</u> <u>manifold devices</u>, and saw that Adam was meek and without guile, <u>God spake</u> <u>unto Satan in a loud voice</u>, <u>and cursed him</u>. [In reading this, I'm reminded of when Jesus rebuked Satan (who was deceiving Peter) in Matthew 16:23, saying, "Get thee behind Me, Satan: thou art an offence unto Me: for thou savourest not the things that be of God, but those that be of men."]
- 2 Then he and his hosts fled ["Resist the devil, and he will flee from you." (Jam.4:7)], and Adam and Eve remained standing on the top of the mountain, whence they saw below them the wide world, high above which they were. But they saw none of the host which anon were by them.
- 3 They wept, both Adam and Eve, before God, and begged for forgiveness of Him.
- 4 Then came the Word from God to Adam, and said unto him, "Know thou and understand concerning this Satan, that he seeks to deceive thee and thy seed after thee." [And he still relentlessly seeks to deceive!—In every manner he can get his lies into and out of! "For such are false apostles, deceitful workers,"

transforming themselves into the apostles of Christ. And no marvel; for Satan himself is transformed into an angel of light. Therefore it is no great thing if his ministers also be transformed as the ministers of righteousness; whose end shall be according to their works." (2Cor.11:13-16) Honestly, if we're not Word-based, we're gonna get laced with deception! "For the LORD giveth wisdom: out of His mouth cometh knowledge and understanding." (Prov.2:6)]

5 And Adam wept before the Lord God, and begged and entreated Him to give him something from the garden, as a token to him, wherein to be comforted. 6 And God looked upon Adam's thought, and sent the angel Michael as far as the sea that reaches unto India, to take from thence golden rods and bring them to Adam.

7 This did God in His wisdom, in order that these golden rods, being with Adam in the cave, should shine forth with light in the night around him, and put an end to his fear of the darkness.

8 Then the angel Michael went down by God's order, took golden rods, as God had commanded him, and brought them to God.

In trying to navigate their exile from the Garden of Eden, God was unwaveringly merciful towards Adam and Eve in teaching them about deception and how to recognise it, fear and how to overcome it. For they were now in "the wide world", the Devil's territory! When Jesus came, in Matthew 14:27 He told His disciples, "It is I; be not afraid," after walking on water; in Luke 12:32 He said, "Fear not, little flock; for it is your Father's good pleasure to give you the kingdom"; in John 14:1 He said, "Let not your heart be troubled: ye believe in God, believe also in Me". And because Jesus gave His life for us and rose again, by asking Him into our heart, we have His perfect Love that casts out fear! (See 1Jn.4:8) So, is Satan now weary with stalking Adam and Eve? No, he's not! His next ploy is one of his favs: divide and conquer!

> © I received news this week that KUer John, in China, passed on to his heavenly reward on 25 April. We who knew John were aware that he had been unwell for some time. John used to write me now and then, with thanks for KU and to add his commentary on some items, which I always appreciated. My last communication from him is dated 16 April. In that note, amongst other

comments, he said, "I haven't done much of late due to my health problems, lack of good sleep due to my frequent urination due to prostate problems. Another complaint on China: That they botched the surgery and took \$3K from me with no follow-up or responsibility. But tyrannical medicine exists and BEGAN with Rockefeller and Gates (not Bill) 100 plus years ago! I need to shift my efforts to more of finding some avenues for Mark 16:15 ["Go ye into all the world, and preach the gospel to every creature."], and less for trying to spread the news on a more-and-more tightly gripped infowar." God bless dear amazing John!—Desiring to preach the Gospel to the very end of his earthly journey! When I would sign off my emails to him, I would tell him, "God bless and keep you amazing!" and he would reply, with thanks, saying he didn't think he was amazing. What a Jesusgem! "He has fought a good fight, he has finished his course, he kept the faith: Henceforth there is laid up for him a crown of righteousness, which the Lord, the righteous judge, shall give him at that day: and not to him only, but unto all them also that love His appearing." (paraphrased 2Tim.4:7-8)

(Excerpts:) "Substantial evidence exposes Sir Henry Alfred Kissinger as a central figure in the British Pilgrims Society's audacious plan to <u>subvert American</u> <u>sovereignty and drag the United States back under the yoke of the British Empire</u>. This clandestine operation, rooted in the imperialist vision of Cecil Rhodes, was hatched on July 16, 1902, in London, with its American 'branch' established mere months later on January 13, 1903, in New York. For over a century, this shadowy organization has woven a web of influence...The Pilgrims Society, inspired by Cecil Rhodes' dream of Anglo-Saxon dominance, <u>seeks to erase American independence</u>. > (1) "150,000 Dead and Counting: Christians Killed for Their Faith EVERY Week" - And no so-called "christian" countries come to their aid! Includes 5.37 min vid.

(Excerpts:) "The Roman arena, where Christians might be thrown to lions, is long gone. But though the tormentors and methods have changed, this doesn't mean such persecution has ended. In fact, 100,000-150,000 Christians have been slaughtered worldwide by Muslims (often jihadists) during the last two decades. One of the worst killing fields is Nigeria, where approximately 52,250 Christians were killed from 2009 to 2023 alone, according to the International Society for

Civil Liberties and Rule of Law. Holy Week hasn't meant a break from this unholy phenomenon, either, with 51 Christians killed in Nigeria mere hours after Palm Sunday. This is religious persecution — some would say genocide — the mainstream media generally don't report, even though it's savage and continual...it may occur to one that the Christians could defend themselves were they universally armed. But Nigeria requires hard-to-obtain gun licenses, making firearm acquisition difficult for rural villagers. This doesn't stop the jihadists from being well armed, though, often with military-grade weapons. (This raises a question: Who's funding them?)...In Nigeria, and elsewhere for far too long, differences have been settled for Christians. And trading the 'for' for a 'by' can be the difference between life and death.":

## > Tall "Growing Old With God"

(Excerpts:) "Growing old doesn't mean life gets easier. But the longer that believers walk with God, the more they can testify of God's faithfulness and strength and providence at work in their lives...It is good to grow old with God. Every day of every year, we experience his longsuffering and faithfulness. We bear witness to his sustaining grace and righteous help. And along the way, the hope of our bodily resurrection is increasingly precious to us. 'Troubles' and 'calamities' come, but our resurrection from the dead will overcome them all. John Newton [the author of the words to the song "Amazing Grace"] once wrote, 'Through many dangers, toils, and snares I have already come.' We will not go through this life unscathed. But we will not be forsaken by God either. The same divine grace which has brought us to this very hour will also bring us Home.": https://mitchchase.substack.com/p/growing-old-with-god

- and for deeper insight as to what transpired in the Garden of Eden, I recommend reading the book "Blood & Seed — What Is Eden Really Telling Us?" by Brian S. Wright. It was originally written in 2010, but then updated in 2017, so make sure to get the 2017 version. This book was recommended to me several years ago by Robert Allen, the founder of Key Updates.

### "Blood & Seed — What Is Eden Really Telling Us?"

(Description:) "Thinking about the problem of evil and sin, have you ever asked any of these questions? - Why is there evil? - Why does sin continue to plague humans, even after a faith experience? - Why Did God/YHVH require blood to atone for sin? - Why did Satan tempt Eve? - What would he truly get out of it? - If God/YHVH is all powerful, why did He require Jesus/Y'shua to die on the cross? Why didn't He just fix it? For these and countless other questions, one must return to Eden and the events of Genesis 3, to consider the possibility that the Hebrew text therein suggests such incredible things, that one must set aside doctrinal theories and theological systems to understand the literal blood struggle between the Holy Creator God/YHVH and the being of chaos/disorder/darkness known as Satan. This event in Eden appears to be the foundational element in understanding the plan of God/YHVH throughout time, as shown in the Scriptures.":

> \*\*\* "The New Underworld Order Cult" - kakistocracy = A state or country run by the worst, least qualified, or most unscrupulous citizens. This article, imo, contains key items to remember in order to not be deceived!

(Excerpts:) "The kakistocracy cult want us shell shocked from rapidly changing false information overload, which leads to paralysis and fear. When people are in a state of fear, coupled with option paralysis, they are very susceptible to

manipulation and easy to control. While the masses are all dazed and confused and overly concerned with catching a seasonal flu, the kakistocracy cult is destroying families, small businesses and entire nations...Enter the concept of egregore. Egregore (also egregor) is an occult concept representing a 'thought-form,' a 'collective group-mind' or a 'hive mind.' It's an autonomous psychic entity made up of and influencing the thoughts of a group of people... [The] New Underworld Order 'believers' hold that only they are human or chosen, and everyone else is an animal to be exploited or slaughtered. This predatory egregore cult infestation is the way of the world today. From the inner point of view, we may see it as a composite thought hive-mind charged with emotional energy. This energy is evoked from all those who are linked with the thought-form and, if there are those in the group who know something of the psychic mechanism involved, it can be directed upon any chosen target. It is obvious that such energy can be used for evil or control purposes. Egregore derives from a Greek word meaning 'watcher' — a thought-form created by will and visualization. A group egregore is the distinctive energy of a specific group of magicians who are working together, creating and building the same thought-form or energy-form. This egregore process is unconscious but is intensified through the secret society initiation process, such as Skull and Bones, which is designed to open the mind to the spiritual through the egregore. Whether the group is organized to do good or evil, indoctrination can happen quickly...It is an occult initiation of getting the average person to participate in their egregore wickedness to desensitize us to these things, to make us think this kind of conduct is only fiction or a joke. But misery loves company and they want to drag as many of us down to hell with them as they can...[This next statement underscores the devilish duplicity of Satan!] the Janus principle is when an outward benevolent, people-caring face is displayed in public. On the other face is a deep seated, soulless anti-human evil and egregore that is so great it is unimaginable to most normal humans who have souls.":

> !! "How Postmodernism Became Posthumanism" - A unique piece that encapsulates how society at large is being suckered and slavishly dragged away into Satan's lair of lies!

(Excerpts:) "The supreme joy of having children, the existential thrill of raising them, the human dignity bestowed upon us by the always undeserved and

unwavering love of a child—in short, each and every one of the most self-evident anthropological certainties are on their way to becoming catacomb truths, as unutterable as they are hurtful. Increasingly large segments of the population...are unable to understand how anyone could want to have children...We are facing a civilizational struggle, disguised as a simple cultural battle, between the human principles that place the child at the center of the world—a center also for those who have not wanted or been able to be parents but have performed an important service as neighbors, uncles, godparents—and the posthuman doctrine that finds voluntary sterility as a source of pride and pets as a hollow antidote to loneliness...a barrage of child-phobic propaganda that turns motherhood into a nightmare...individuals seem resigned to the inhuman mandate of the system and offering their lives up as a sacrifice...a demonic culture that, through behavioral control, keeps its population deluded under the false narrative that, with the gods supposedly overthrown and religions defunct, we humans must deify ourselves...The goal is the creation of a new man who must demonstrate absolute faith in scientism—not science—by, for example, risking his own life by fearfully and unwittingly injecting himself with mRNA 'vaccines.' or by assuming, against all logic, that we lack free will and must obey Al...It is only through recognizing how we have been forced to renounce everything we truly are that we explain why so many have been persuaded that having children (the absolute pinnacle of individual and collective life) is madness, when, in fact, the real madness is not having them while acting out as rootless dandies...the West has become what it has become, because we have been deceived into choosing to stop being donkeys (small, slow, intelligent, analog) and become horses (large, fast, predictable, digital), without understanding that humans belong more to the donkey lineage (Balaam's donkey; Jesus's donkey; Platero, soft and hairy) than to that of horses, on whose backs ride the four horsemen of the apocalypse. By trying so hard to replace our slow but wise donkey nature with the artificial and remote-controlled intelligence of horses, we have mingled with them until we have become mules (that is, sterile animals). We can console ourselves with the thought that it is within our power to change the color of our eyes, inject ourselves with Botox, legally convert our hands into feet, our nostrils into vaginas, or have an avatar as a partner, but we are already beasts of burden, sterile, condemned to obey, without the possibility of braying or giving birth to lives.":

> It is No Secret That The Enemy Of Our Souls Has Been Working Hard To Destroy The Natural Family" - This one terrifically ties in with the one above, in how God's natural family planning is repugnant in the Devil's nature-hating eyes!

(Excerpts:) "It's no secret that the enemy of our souls has been working hard to destroy the natural family — one man, united in the bonds of Holy Matrimony to one woman, both faithful to one another and raising Godly children in the fear and admonition of the Lord...By the way, the word 'Matrimony' literally means 'Motherhood.' Not so long ago, people understood this. It's God's perfect design that only in the bonds of Holy Matrimony should a woman become a mother...Today, God's natural design for the family is under intense assault on every level. Satan uses a 'divide and conquer' strategy to destroy the family, by getting us to focus on ourselves, rather than on serving those we love...We have more dysfunctional families today than ever before because we have chosen to turn from God and ignore all the precious wisdom He has imparted to us in His Holy Word, the Bible. Families are in turmoil today. Innocent children are being lured away from goodness and truth by the lies, deceptions and wickedness they're surrounded by in public schools, on social media, through TV shows and movies, in the hideous noise that masquerades as popular 'music' today — and all of it is filled with sexual perversion, obscenity, horror and filth. An hour a week in church, or two hours a week at an entertainment-based church youth group cannot compete for the hearts, minds and souls of our children, when the children are immersed in vile lies, deception and sexual perversion non-stop, every day, all day...in the vast majority of homes today, there's little to no regard for the grace of God, or the salvation He brings. There's no understanding much less seeking and following the guidance of the Holy Spirit, who teaches us to deny ungodliness and worldly lusts and instead, live soberly, righteously and Godly, in this present age. No, today, even professing Christians go out of their way to engage in ungodliness and worldly lusts and find ways to justify that behavior in their minds...Christianity isn't just something we 'do' once a week. It's more than a fish symbol on the back of your car. It's more than a pizza party at a youth group meeting. It's real and genuine — and kids today are starving for that which is true, real and genuine. Knowing that what you know is real is the solid rock foundation of unshakable security and certainty. Precisely what's lacking in the lives of our young people now. Make no mistake, if you live soberly, righteously and Godly, you will be counter cultural. Your family, friends and

neighbors will think you're fanatics. Your children will not be welcomed into the various popular cliques at school, either — but that's a good thing, because you'll be preparing them for the spiritual warfare that will assail them all their lives. And as you do battle daily in the spiritual realm, keeping your hearts and minds on Christ Jesus, your children will learn to do the same all of their lives. Yeah, you'll be a peculiar people, alright. But isn't that what God's Word tells us to be?" - Amen! There's so much more in this article! Please read in full! God bless us all with the full understanding of what it really means to be His child, through and through!:

#### > W "Truth for Truth's Sake" - This one is so excellent!

(Excerpts:) "I'll tell you another pet peeve of mine—people who ask me, 'Why it is important to know the truth if I can't do anything about it?'...people do not seek truth for truth's sake...'Why are you always looking for dark stuff?' That's another one I get all of the time. It seems these people think if the dark stuff is kept hidden it won't have any negative impact. It is sort of like letting sleeping dogs lie, or if a snake is under a rock, there is no point in disturbing the rock. Yeah, sure, leave a sleeping dog asleep, or a hiding snake hidden. These 'dark things' I look for are not benign; they are actively being dark. The snake under the rock isn't dangerous until you lift the rock, the dog isn't dangerous until it is awake. The things I 'look for' are things that are dangerous whether they are exposed or not—actually they are more dangerous when they are hidden because no one does anything about them while they are hidden. Do I really have to explain this? (Not to you, dear reader, I know that.) And besides, who's looking? No one really needs to 'look'—all they need to do is refrain from shutting their eyes. All that is dark that is happening in our world now is plainly in view...To be in this game and essentially ignore it (ignore the truth) is the ultimate denial. This whole idea of rejecting truth is a ruse. It is an excuse for remaining blind. Anyone who claims truth is not worth looking for or berates someone for looking, or for even finding it, doesn't have a clue...knowing the truth could very well save your life.": https://off-guardian.org/2025/04/19/truth-for-truths-sake/

Where's his soul now? God knows and why! (Excerpts:) "Jorge Mario Bergoglio was no...' Man of the People' committed to 'helping the poor' in the footsteps of Saint Francis of Assisi, as portrayed in chorus by the Western media mantra. Quite the opposite: His endeavors, under the military junta, consistently targeted progressive members of the Catholic clergy as well as committed human rights activists involved in grassroots anti-poverty programs. In supporting Argentina's 'Dirty War', Jorge Mario Bergoglio...was no 'bystander'...[but rather] blatantly violated the very tenets of Christian morality which cherish the value of human life...Pope Francis...served as head of Argentina's Jesuit order during the military dictatorship...Pope Francis...faithfully served US interests...The US State Department routinely pressures members of the United Nations Security Council with a view to influencing the vote pertaining to Security Council resolutions. US covert operations and propaganda campaigns are routinely applied with a view to influencing national elections in different countries around the world. Similarly, the CIA has a longstanding covert relationship with the Vatican...Firmly committed to serving US foreign policy interests in Latin America, Jorge Mario Bergoglio was Washington's preferred candidate...Jorge Mario Bergoglio not only supported the military dictatorship, he also played a direct and complicit role in the 'Dirty War' (la guerra sucia) in liaison with the military junta headed by General Jorge Videla, leading to the arrest, imprisonment, torture and disappearance of progressive Catholic priests and laymen who were opposed to Argentina's military rule...In 2005, human rights lawyer Myriam Bregman filed a criminal suit against Cardinal Jorge Bergoglio, accusing him of conspiring with the military junta in the 1976 kidnapping of two Jesuit priests. Several years later, the <u>survivors of the 'Dirty</u>

War' openly accused Cardinal Jorge Bergoglio of complicity in the kidnapping of priests...All this was known prior to his investiture. Why was it not revealed to the broader public? Catholics around the world are totally unaware of 'who Pope Francis I was', [the traitor!] Jorge Mario Bergoglio.":

Now, are the Schwab and Francis departures related in some way? Or is it a coincidence? For those who are keeping count, and from what I can recall, up until now, Germany, the UK, Canada, Australia, Mexico, New Zealand, Brazil, Mexico and Argentina have all seen their pandemic leadership phased out, in one one way or another. Some of that is to be expected in terms of (cough! cough!) "democratic" systems, but given the predictions from some truthers that

the next grand narrative wouldn't be launched until there had been a substantial cast overhaul in world "leadership", we'd better keep a tally on these things!

(Excerpts:) "This move highlights Azerbaijan's emerging role as a strategic bridge between Israel and Turkey, particularly in relation to Syria...The informal but strategic triangle between Baku, Jerusalem, and Ankara may reshape the Syrian theater. Azerbaijan's close military and intelligence ties with Israel grant it unique leverage. For Iran, any erosion of its influence in Syria is a red line. The Islamic Republic has spent decades building a land bridge from Tehran to Lebanon, anchored by Hezbollah. Losing Syria would be a devastating strategic setback. Baku's growing alignment with Israel also has symbolic weight. Its potential inclusion in the Abraham Accords, Washington's flagship regional normalization initiative, would mark a milestone in Muslim-Israeli cooperation. (Excerpts:) "Recent reports suggest that there are upwards of 23,000 Americans serving in the Israeli Army (IDF), most of whom are presumably dual nationals with Israeli citizenship. Under existing law, they should all lose their US citizenship but that will not happen as Congress and the White House have both been bought. Indeed, they are being given a golden handshake by the US Congress with a new bill currently in Congress which would extend some US military benefits to the notional American citizens who are currently carrying out the Gaza genocide as members of the IDF. One such clown Congressman Brian Mast, who served in the IDF, even parades around Congress in his Israeli military uniform and no one says squat...Other Jewish national organizations are also on board in supporting Israel as are the numerous Christian Zionists, which means that killing tens of thousands of people in the Middle East is a matter of no consequence, except that once more the Israeli Jews must be and are widely portrayed as the victims. The <u>US is complicit in the arming of Israel and the killing</u> and actually condones it even though a majority of American voters do not support the Jewish state. Likewise, the Jewish dominated press and other media looks the other way as the slaughter goes on, as it no doubt will, and one expects that upwards of 2 million Palestinians will eventually be deported to whatever shithole is willing to accept them under pressure from the US...protecting Jews is a full-time job of the Trump Administration, even more so that under Genocide Joe Biden. - "Those aren't experiments, experiments have been going on for decades. This is a public demonstration...And this isn't about 'climate change'. It's all about control (Depopulation. Slow kill.) ... And many ancient cultures warned that this exact moment would mark the end of an age ... Revelation said the sun would turn black like sackcloth. The Hopi warned it would grow dim or harsh just before the purification. Norse myth told of the wolf Sköll devouring the sun, plunging the world into the Fimbulwinter that ends all gods. The Mayan Popol Vuh spoke of a cycle where the sun disappears and chaos returns. The Vedas said the end of the Kali Yuga would bring a sun that no longer shines, a planet that no longer grows food. The Book of Enoch warned of beings who tampered with the luminaries and distorted time. In Egypt, Ra veils himself when the cosmic order collapses. Isaiah said the sun would rise black over a dying land. These weren't metaphors. They were **memory**. **These cultures encoded what happens when** someone tries to control the light. And now, it's happening in real time. Because the sun is not just a ball of gas. It's the regulator of life and soul. It drives immunity, hormones, consciousness. It activates the pineal gland. [See post from 23 April, "Top Pathologist Warns mRNA 'Vaccines' Cause 'Personality Changes': 'Pineal Gland Was Completely Destroyed'" -https://slaynews.com/news/top-pathologist-mrna-vaccines-personality-changes/] It encodes time and keeps the dream intact. Dim the sun, and you dim the ability to remember who you are. Dim the sun, and you weaken the body, strip the food supply, collapse mental clarity, and increase spiritual **confusion**. This is a control operation, masked as salvation. Less sunlight means less crop yield. Less Vitamin D. Less natural growth. Less joy. It means dependency on lab-grown food, synthetic light, digital identity, and Al-generated meaning. It's not just a war on climate. It's a war on **memory**. (Excerpts:) "Israel's genocide in Gaza, now into its 19th month, aims to destroy all life and dismantle the very foundations of survival in the besieged territory. People in Gaza may die by missile strikes, disease, starvation or the collapsed healthcare system, as anguish weakens the body until illness overtakes it. Every path leads to death in Gaza...one volunteer recalled to Middle East Eye: 'I was busy distributing food to the children ... and in the blink of an eye, everything turned upside down. Blood filled the place, screams and cries of children and women rose, the food-filled pots were scattered, and the kitchen turned into a ball of fire.' Since the start of the war in October 2023, Israel has targeted 26 food kitchens and 37 aid distribution centres in Gaza, according to local media reports...There is no justification for using starvation as a tool of political pressure against an entire population - men, women and children alike. Yet Israel pursues this policy with impunity, as far-right ministers intensify their genocidal rhetoric about not allowing 'a gram of food or aid' into Gaza. Israel has seen that the world lacks any serious will to hold it accountable for violating international law and humanitarian principles. Had its allies taken a firm stand against its policy of collective punishment in Gaza, Israel would have been forced to retreat to some extent, fearing harm to its interests and international relationships. But this never happened. Israel is therefore not the only party responsible for the starvation of Gaza. The culpability is shared among all those who continue to support Israel in any form, whether economically, politically or militarily. And it is shared by all those who remain silent, giving a green light to the Zionist war criminals to go ever further in their crimes." - God, smite Isahell and its hellions! "Whoso stoppeth his ears at the cry of the poor, he also shall cry himself, but shall not be heard. The instruments also of the churl are evil: he deviseth wicked devices to destroy the poor with lying words, even when the needy speaketh right. " (Prov.21:13; Isa.32:7):

> **| Blackouts are your warning sign. The Net Zero BlackOuts - It's the dimming of the light of civilisation, part two."** - *Blackouts occurred this week in a rare and widespread outage across the Iberian Peninsula, with a combined population of about 60 million people. Parts of France were also affected. Much of Spain and Portugal came to a standstill overnight, stopping trains, cutting phone service and shutting down traffic lights and ATMs for millions of people* 

across the Iberian Peninsula. Grid operators said it was "IMPOSSIBLE to predict" when the lights would come back. It was the second serious European power outage in less than six weeks after a March 20 fire shut down Heathrow Airport in the UK. So, what's really going on?

(Excerpts:) "Yesterday Spain, France and Portugal experienced massive blackouts. Look at Michael Schellenberger's recent posts on X. The electricity supply in Europe came dangerously close to a continent wide blackout. Without a functioning energy grid, all the safety nets and supply chains and modern conveniences are gone. The economy and individuals can deal with this for a few hours, but any sustained collapse suddenly reverses centuries of progress and plunges mass modern populations with no basic survival skills into survival situations...what happens if your blackouts damage the network, or if you can't get back to necessary capacity? What are modern cities going to look like after a week or a month of no electricity?...All this is caused and risked by Net Zero madness. Forget the bullshit about cyberattacks or sabotage-this is pure system failure based on the utter uselessness of renewables and the insane ideological pursuit of Net Zero. Nobody outside needs to sabotage this system—it's been sabotaged by energy policy choices from within, simply because politicians joined the Climate Change Cult and listened to the Net Zero lunacy of Bill Gates...There are no guardrails on any of this and frankly much of it is not established science or legitimate research but rather the effect on policy you get when a radical religious cult talking about a Green Doomsday is allowed in combination with utterly ruthless billionaires looking only at their short-term seizure of public spending to direct the energy policy of entire nations...The activists are too insane to know what they are doing. The billionaires are too greedy to care what they are doing. And the politicians are too stupid and corrupt to stop what they are doing. Either short term or long term, either as temporary inconvenience or permanent reversal, these are the people who will plunge your whole civilisation into darkness. Blackouts are your warning sign." - Remember the warning from decades ago! Flee the cities!:

# becoming the U.S. government's new favorite Military Industrial Complex contractor of choice." - Includes 1.18 min vid

(Excerpts:) "Here's a brief look at the ways in which Palantir is becoming more deeply connected to the Military Industrial Complex. [Read the full article to be informed of these ways.]...The agenda promoted by Technocrats like Peter Thiel, Elon Musk, and Alex Karp, and their friends in the Trump administration is not America First. It's not an agenda which represents individual liberty, freedom of speech, and freedom from invasive technologies. It is an anti-human, technological progress at all costs, Technocratic agenda which will result in the end of human liberty if we do not resist. How does this happen? It happens because for too long the people of the world have blindly put their faith in political puppets and false heroes as they outsource their own fight for sovereignty. If humanity continues to leave their lives in the hands of these Technocratic-Zionists, there will not be a future left for the coming generations." -Let's keep looking up! • "Every bite of ultraprocessed food will increase your chance of an early death, major new study says" - They should be called ultradeceptive foods! Includes 3.50 min vid.

(Excerpts:) "...people who ate more ultraprocessed food (UPS) had a 50% higher risk of cardiovascular disease-related death and common mental disorders. Higher intake of ultraprocessed foods might also increase the risk of anxiety by up to 53%, obesity by 55%, sleep disorders by 41%, development of type 2 diabetes by 40% and the risk of depression or an early death from any cause by 20%. Researchers in the February study defined a higher intake as one serving or about 10% more ultraprocessed foods per day....adding just 10% of ultraprocessed food to an otherwise healthy diet may also increase the risk of cognitive decline and stroke, while 2023 research determined that including 10% more ultraprocessed foods was linked to a greater chance of developing cancers of the upper digestive tract. It's estimated that as much as 70% of the US food supply [And I reckon many other Western nations' food supply as well!] is ultraprocessed." - People may love this food, but this food hates people!
