In this 12th installment of our study from the "The Lost Books of Adam and Eve", on the degrees and depths of deception Satan tried in order to tease, lure, deceive, beguile, seduce, distract, scare, manipulate, and even kill Adam and Eve after they had been sent out of the Garden, Satan and his gang of no-gooders throw a huge boulder tantrum! Find out how God cuts them off at the pass with a rock-solid plan of protection!

Chapter 48 - Satan hurls a huge boulder to flatten and kill Adam and Eve.

1 After this Satan called to his hosts, all of which came to him, and said unto him: 2 "O, our Lord, what wilt thou do?"

3 He then said unto them, "Ye know that this <u>Adam, whom God created out of the</u> <u>dust, is he who has taken our kingdom</u>. *[It was never his to begin with! (Whew! Talk about being delusional!)* <u>It's God's Kingdom! To do with what He wants</u>! And He created man in His image to have dominion over the works of God's hands! As brought out in Psalm 8:4-8, "<u>What is man</u>, that thou art mindful of him? And the son of man, that thou visitest him? For thou hast made him a little lower than the angels, and hast <u>crowned him with glory and honour</u>. <u>Thou madest him to</u> <u>have dominion over the works of Thy hands: Thou hast put all things under his</u> <u>feet</u>: All sheep and oxen, yea, and the beasts of the field; the fowl of the air, and the fish of the sea, and whatsoever passeth through the paths of the seas."] Come, let us gather together and kill him; or hurl a rock at him and at Eve, and crush them under it." [As Stephen N. Strutt brings out in his book, "Eden Insights", page 126, "<u>Satan hated Adam and Eve. because. in his warped mind.</u> <u>'they' caused him to fall</u>; it was all Adam and Eve's "fault", when it was Satan himself who was the guiltiest, in tempting both Adam and Eve to disobey God in the Garden of Eden."]

4 When Satan's hosts heard these words, they came to the part of the mountain where Adam and Eve were asleep.

5 <u>Then Satan and his hosts took a huge rock</u>, broad and even, and without blemish, thinking within himself, "If there should be a hole in the rock, when it fell on them, the hole in the rock might come upon them, and so they would escape and not die."

6 He then said to his hosts, "Take up this stone, and throw it flat upon them, so that it roll not from them to somewhere else. And <u>when ye have hurled it</u>, flee and <u>tarry not</u>." [Not only is Satan the father of lies, but also the father of ice-cold cowadiceness!]

7 And they did as he bid them. But as the rock fell down from the mountain upon Adam and Eve, <u>God commanded it to become a kind of shed over them</u>, that did them no harm. And so it was by God's order. ["Thou art My hiding place and My <u>shield</u>: I hope in Thy Word." (Psa.19:14) - See also:

https://dailyverses.net/protection/kjv]

8 But when the rock fell, the whole earth quaked with it, and was shaken from the size of the rock.

9 And as it quaked and shook, <u>Adam and Eve awoke from sleep</u>, <u>and found</u> <u>themselves under a rock like a shed</u>. But they knew not how it was; for when they fell asleep they were under the sky, and not under a shed; and when they saw it, they were afraid. ["God's protection often comes through unexpected avenues." (Steve Gatena)]

10 Then Adam said to Eve, "Wherefore has the mountain bent itself, and the earth quaked and shaken on our account? And why has this rock spread itself over us like a tent?

11 Does God intend to plague us and to shut us up in this prison? Or will He close the earth upon us?

12 He is angry with us for our having come out of the cave without His order; and for our having done so of our own accord, without consulting Him, when we left the cave and came to this place."

13 Then Eve said, "If, indeed, the earth quaked for our sake, and this rock forms a tent over us because of our transgression, then woe be to us, O Adam, for our punishment will be long.

14 But arise and <u>pray to God to let us know concerning this</u>, and what this rock is, that is spread over us like a tent."

15 Then Adam stood up and <u>prayed before the Lord</u>, to let Him know about this strait. And Adam thus stood praying until the morning."

Yes, Adam and Eve are, naturally, panicked, even wondering if they're in a prison! But, thankfully, they are taking it all to the Lord in prayer! Even when the unusual takes place, contrary to our natural expectations, we need to always remember the Lord's command from Isaiah 41:10, "Fear thou not; for I am with thee: be not dismayed; for I am thy God: I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of My righteousness." Because "all things work together for **good** to them that **love** God, to them who are the called according to <u>His</u> purpose." (Rom.8:28) The next installment reveals what "good" will come of this rocky event for these two who "love God"!

The Jerusalem Post has reached out to the IDF and other sources for comment, but cannot verify this report at this time. According to the report, the <u>US has been</u> aware of the issue for several months and has taken steps to bolster Israel's missile defense systems by deploying additional US assets across multiple domains – land, sea, and air. Since the beginning of Operation Rising Lion, the US Defense Department has increased the number of missile defense systems stationed in the region. • Hundreds of Israelis are fleeing by sea, as skies close amid Iran's strikes. Israelis are using yachts to reach Cyprus, then onward — anywhere to escape the war-torn country — yet few admit they're fleeing Iranian rocket threats, and none are willing to speak openly to reporters. The marina in Herzliya has recently taken on the atmosphere of a makeshift terminal. Starting at seven in the morning, people begin to arrive – mostly alone, some in couples, a few with families – dragging trolleys and scanning the docks for the yacht scheduled to carry them to Cyprus, and from there, to anywhere but Israel.

With Tel Aviv banning outbound flights to prevent airport overcrowding, marinas in Herzliya, Haifa, and Ashkelon have turned into secret departure points. The Shards of Narsil / Anduril - Symbol Analysis

Narsil was a famed longsword that symbolized the strength and fortitude of the Men of the West (Numenoreans) in withstanding evil forces in Middle-earth. During the High King Elendil's final battle with the Dark Lord Sauron (<u>https://www.litcharts.com/lit/the-fellowship-of-the-ring/characters/sauron</u>) in the War of the Last Alliance, Narsil broke into two shards beneath the Elendil's body when he was slain. His son, Isildur

(https://www.litcharts.com/lit/the-fellowship-of-the-ring/characters/isildur), then wielded the handle-shard to cut the One Ring from Sauron's hand. The heirs of Isildur have since handed down the shards of Narsil as an heirloom that represents their lineage to the thrones of Arnor and Gondor. Aragorn

(https://www.litcharts.com/lit/the-fellowship-of-the-ring/characters/aragorn-strider)' s decision to reforge the shards of Narsil in Rivendell signals that he is officially setting out to fulfil the prophecy of his ascension to those thrones. <u>Elvish smiths</u> reforge the shards into a bright new blade called Anduril, Flame of the West—this reconstruction parallels the transformation that begins to take place of the rugged Strider

(https://www.litcharts.com/lit/the-fellowship-of-the-ring/characters/aragorn-strider) into the noble Aragorn. Names in Middle-earth are important; in this case Tolkien has called the Sword that was Broken "Narsil," meaning fire ("nar") and white flame ("thil") in the elven language Quenya, while the <u>Sword that was Reforged is</u> <u>"Anduril," meaning west and sunset ("andunne") and brilliance ("ril")</u>. The representation of Narsil as the flames of sun and moon, and Anduril as the literal Flame of the West, indicate the weapon's purpose in aiding noble men to combat enemies of the darkness. Specifically, Narsil and Anduril symbolize the greatness of the House of Númenor in their longstanding defiance of Sauron, when many other humans have fallen to the Dark Lord's corruption.

> 🤔 Today, for some unknown reason, I was thinking about Pete Hegseth's tattoos, and how boastful he is about them, how he enjoys flaunting them! Then, to my surprise, I came across THIS!

"Pete Hegseth's Tattoos and the Crusading Obsession of the Far Right" -The symbols sported by Trump's defense pick reveal how the medieval past is being reimagined by Christian nationalists, behind a shield of plausible deniability" - "Ye shall not make any cuttings in your flesh for the dead, nor print any marks upon you: I am the LORD." (Lev.19:28) (Excerpts:) "In 1862, the future King Edward VII of England, then Prince Albert, visited Jerusalem. He recorded in his diary that he had been tattooed there by 'a native'. Just 20 years later, his son, who would become King George V, repeated this experience, writing to his mother that he had been tattooed 'by the same old

man that tattooed Papa, and the same thing too, the five crosses'. This is the Jerusalem cross, also known as the Crusader cross: square (unlike the more usual elongated versions of the Christian symbol), and with a smaller square cross in each of the four quadrants. This very same cross has been in the limelight recently, emblazoned — far, far larger than King Edward VII's version on Pete Hegseth's chest...He also has a 'Chi-Rho', the first two letters of the Greek word for Christ and one of the earliest forms of a so-called Christogram (letters formed into a monogram expressing the essence of the religion). Perhaps the most contentious is the Christian expression on his bicep: 'Deus Vult', meaning 'God Wills It', believed to be a Crusader battle cry. There is another cross with a sword, referencing a verse in the Gospel of Matthew reporting the following words of Jesus: 'Do not suppose that I have come to bring peace to the earth. I did not come to bring peace, but a sword.' 'Yeshua', Jesus' name in Hebrew, can be read across his elbow. All these Christian-related symbols, words and letters are accompanied by others that draw on American history and identity: the U.S. Constitution's famous opening phrase 'We the People', the year '1775' in Roman numerals (the year the American War of Independence started), a 'Join, or Die' snake from the American Revolution (from a cartoon attributed to Benjamin Franklin, urging the then-colonies to unite), an American flag with an AR-15 rifle, a pair of crossed muskets, a circle of stars and a patch of his regiment, the 187th Infantry...He hasn't chosen 'blessed are the peacemakers'...He hasn't taken the opportunity to explain the more innocent meanings of some of his tattoos, nor disavow them as something he is no longer committed to, nor balanced the militancy with speaking of other aspects of Christianity. It may be unwise to ignore such repeated and unambiguous signals of violent Christian nationalism, especially when the individual has been given one of the most powerful positions in the world. Pete Hegseth is on a crusade against his perceived domestic and international enemies, and come January [2025], he will have nigh-unlimited power to unleash violence, on Americans and the rest of the world.":

• "Behold: The Doom of the United States Dollar - The BRICS Bank Note" -This article explains what spawned the creation of BRICS, and the commencing of a payment system completely disconnected from the US Dollar. (Excerpts:) "The Saint Petersburg International Economic Forum (SPIEF) is taking place in Russia today [18 June], running through June 21. At this event, the official, actual, real, BRICS Banknote was unveiled. [See photo of it in the article.] It represents DOOM for the 'mighty' US Dollar. Several years ago, Brazil, Russia, India, China, and South Africa (BRICS), formed the BRICS, with the specific purpose of creating an alternate method of conducting International trade WITHOUT using the United States Dollar as a means of settlement...Earlier this year, they unveiled the new International Bank Messaging System, that BRICS nations can use to wire payment info - totally outside the prying eyes of the US. So now, countries don't have to use the US Dollar anymore. They can buy and sell all over the world, and the US can't do a thing about it - except maybe halting any trade with BRICS nations. Halting trade would be an enormous thing. Right now, the United States is the largest consumer market on earth: About \$30 TRILLION in buying/selling every year. Countries all over the world trade with us, and doing business with us makes their profits and dreams possible. If that gets cut-off, they will take a gigantic economic hit...changing over to this new BRICS system will be a slow, cautious, guiet process...the world is moving away from the dollar, and doing so at an ever-increasing pace. The world is tired of being pushed around by the US Government and with today's introduction of the BRICS Bank Note, economic doom is now firmly on the horizon for the United States Dollar...So the US has a major dilemma: How to slow down BRICS?...a World War! Start a world war, and everything gets fouled up. Just the ticket the US (and Europe) need to try to stay on top. Hence, all the trouble in the world now. It all has to do with money, trade, and who controls it all. The US has control and wants to keep it. The rest of the world wants to break free. The US can't let that happen...[War] is the ONLY thing that will prevent the BRICS countries from succeeding; and the US would rather burn the entire world down, to rule over the ashes, than to lose control.":

Nuclear bombs are emblematic of this historical pattern. Drones are transforming warfare from the bottom up, and will transform the relationship between the rulers and the ruled...The insurgency will be drawn from the younger generations. They are routinely disparaged, but there are exceptions to every generalization. They face wars they'll be expected to fight, ruinous debt they'll be expected to pay, and futures where standard features of the American dream-families, home ownership, well-paying jobs, and saving money-are out of reach. Their best and brightest already realize they have little to lose by upending current political arrangements, all of which are trending towards their totalitarian enslavement...'best and brightest' does not characterize the robotic pawns and nihilistic thugs who fuel urban mayhem...nor does it apply to the leftist ideologues who sponsor them. The insurgents' ideology will be anti-government...A drone-based insurgency will present rulers with an historically unprecedented reality: they will almost instantaneously become targets of any weapons they develop...Drones are tolling the bell on the long expansion of government power and the long war on individual liberty.":

(Excerpts:) "<u>Wildtype conducted **no** animal trials</u>. **No** human feeding trials. And there is no post-market surveillance to monitor long-term health effects. The FDA didn't request any of that. Instead, it accepted the company's internal safety assessment, backed by a legal mechanism known as GRAS — 'Generally Recognized as Safe'. The GRAS designation was originally developed for

substances used widely and safely for decades — food ingredients like vinegar or black pepper. As the FDA itself explains, GRAS status applies only when 'all data necessary to establish safety' are publicly available and recognized by qualified experts. <u>GRAS ingredients must meet the same standard as food</u> additives: a 'reasonable certainty of no harm' with intended use. In Wildtype's case, the FDA stretched that standard, to say the least. <u>The cultivated salmon</u> isn't a familiar pantry item or time-tested seasoning. It's an entirely new food category created in a lab, using techniques borrowed from pharmaceutical manufacturing. And the only data the FDA relied on came from the company itself...The push for lab-grown meat and seafood doesn't exist in a vacuum. It aligns closely with Agenda 2030, the United Nations' sweeping blueprint for global control...<u>the UN and WEF promote a future of food that is lab-made</u>, patent-protected, and centrally controlled.":

• "They taught you that the heart was a glorified meat pump - It is the central frequency modulator of your biology. Not a fucking pump." - The mediSIN-mediKILL-educational etc. systems have lied about incalculable things, even about your God-created heart! At long last, find out what it <u>REALLY</u> is! (Excerpts:) "...if you buy into that primitive lie, you never ask deeper questions. But it is false. It has always been false. And the real science proves it...the heart is not a pump....the heart is a single continuous muscle band, folded into a **spiral**...Blood moves before the heart forms in the embryo. It flows via frequency, resonance, and electric charge. The body is a field, not a factory. Your heart creates a toroidal electromagnetic field that radiates six metres from the body. This field syncs with the Earth, the Sun, and every living being around you. It is a resonator. A tuner. A conductor. It aligns the rhythm of your cells. It feels. It remembers. It emits. And it responds to emotion, thought, light, sound, and breath. When you feel love, grief, fear, or peace, your heart transmits it. It is the central frequency modulator of your biology. Not a fucking pump. And the institutions know this. The HeartMath Institute has measured these fields for decades. They know the heart has more neuronal cells than parts of the brain. They know it is a second brain. They know coherence in the heart transforms the entire nervous system...if you knew the truth, you would never accept statins or beta blockers again. You would understand that trauma, emotion, and disconnection break the heart field, not cholesterol. You would stop obeying the medical cartel and start tuning your body like the intelligent frequency field it is. They do not want coherent humans. They want disrupted, inflamed, fragmented people who rely on drugs to survive. That is the business model. And the fake heart pump lie is central to it. Your heart is not a pressure valve. It is a vortex. A field tuner. A resonating gateway between physical and energetic worlds. It is the instrument of your soul.":

• "Israel's attack on Iran: The violent new world being born is going to horrify you - Twenty years ago, the US warned prematurely of the 'birth pangs' of a new Middle East. Now they have arrived in full force – and they will not end in Iran." - Excellent scope-and-perspective article by Jonathan Cook. Includes 1.05.25 hr, 8.00 and 52.22 min vids.

(Excerpts:) "Western politicians and media are tying themselves up in knots trying to spin the impossible: presenting Israel's unmistakable war of aggression against Iran as some kind of 'defensive' move. This time there was no rationalising pretext, as there was for Israel to inflict a genocide in Gaza following Hamas' one-day attack on 7 October 2023. There was not a serious attempt beforehand to concoct a bogus doomsday scenario – as there was in the months leading up to the US and UK's illegal invasion of Iraq in 2003. Then we were lied to about Baghdad having 'weapons of mass destruction' that could be launched at Europe in 45 minutes. Rather, Iran was deep in negotiations with the United States on its nuclear enrichment programme when Israel launched its unprovoked attack last Friday. The West has happily regurgitated claims by Israeli Prime Minister Benjamin Netanyahu that Israel was forced to act because Iran was on the cusp of producing a nuclear bomb - an entirely evidence-free claim he has been making since 1992...German Chancellor Friedrich Merz noted this week, in one of those quiet-part-out-loud moments: 'This [the attack on Iran] is the dirty work Israel is doing for all of us.' This is a key moment in the Pentagon's 20-year plan for 'global full-spectrum dominance': a unipolar world in which the US is unconstrained by military rivals or the imposition of international law. A world in which a tiny, unaccountable elite, enriched by wars, dictate terms to the rest of us. If all this sounds like a sociopath's approach to foreign relations, that is because it is. Years of impunity for Israel and the US have brought us to this point. Both feel entitled to destroy what remains of an international order that does not let them get precisely what they want. The current birth pangs will grow. If you believe in human rights, in limits on the power of government, in the use of diplomacy before military aggression, in the freedoms you grew up with, the new world being born is going to horrify you." -

"Watch out', replied Jesus. 'Don't let anyone deceive you. You see, there will be several who will come along, using My name, telling you 'I'm the Messiah!' They will fool lots of people. You're going to hear about wars, actual wars and rumored ones; make sure you don't get alarmed. This has got to happen, but it doesn't mean the end is coming yet. Nations will rise against one another, and kingdoms against each other. There will be famines and earthquakes here and there. All this is **just the start of the birth pangs**." (Mat.24:4-8 NTFE):

(Excerpts:) "Zelensky has made it his primary mission to convince western allies that their direct intervention in the war is absolutely necessary. Why? He asserts that Ukraine is the 'guardian at the gate' supposedly preventing Russia from steamrolling through Europe. The claim is absurd for a few reasons. *[The reasons are laid out in paragraphs 3, 4, 5 of this article.]*...A similar scenario is developing in the Middle East right now *[With Satanyahu, Zel's evil twin?!]*...The

This past week, the Atlantic Council published another war scenario report dealing with Iran titled "The Future of US Strategy Toward Iran: A Bipartisan Roadmap For The Next Administration". Their goal is regime change in Iran and their reasoning is that Iran is a primary obstacle to bringing the Middle East into the globalist fold. It's not about nukes. It's not about assassination threats to Trump. These are mere justifications for a final war that will usher in a new era of global centralization. "The <u>Atlantic Council Has Big Plans For A War Between The US And Iran</u>" - Includes 1.43 min vid.

(Excerpts:) "<u>Globalists as an organized entity have a habit of shifting their efforts</u> <u>between various false-front institutions in order to avoid significant scrutiny</u>. For example, in 2020 they ramped up the fear machine on the covid pandemic and the World Economic Forum took a lead role in that effort. Klaus Schwab was all over the media using covid as an excuse to promote every authoritarian measure imaginable. Infrastructure - There are 12,000 nuclear weapons in the world: 3 of them can destroy the U.S." - EMP = electromagnetic pulse

(Excerpts:) "<u>Technology exists that could effectively protect the U.S. power grid</u> <u>from destruction</u>. Likewise, the vulnerable components in U.S. critical national infrastructure can also be shielded to a significant degree from EMP (this also applies to the vulnerable components of the active Emergency Core Cooling Systems and Emergency Power Systems at nuclear reactors). Several detailed technical papers explain how this can be accomplished. <u>Cost estimates to add</u> this protection are in the tens of billions of dollars – a small fraction of what the U.S. spends each year on its defense budget. The U.S. military long ago acted to shield its weapons and communication systems from EMP; however, all attempts to mandate U.S. critical national infrastructure be shielded from EMP have been defeated. Twice – in 2013 and 2015 – Bills mandating EMP protection failed to come to a final vote in Congress because the nuclear and electrical utilities lobbied against them. Their opposition arose from the wording in the bills that required the utilities to pay for the shielding. <u>Consequently, no significant steps have yet been taken to install equipment and modifications that would protect the U.S. national electric grid and U.S. critical national</u>

> (Comment from Peter G on the following video regarding Jacinda (Jabcinda!) Ardern: "The spin on this Oprah interview with former prime minister of New Zealand, Jacinda Ardern is so far off the mark that it screams out for someone to put some perspective and clarity on the truth of the matter. In January 2023, Ardern announced her resignation with full knowledge that she was crashing and burning in the polls and the writing was clearly written on the wall, that reelection in October of that same year was simply not going to happen. Her fall from grace was imminent and the notion and 'there was no particular thing' connected to her resignation is fantastically far from the truth. Public sentiment and a failed economy left in ruins by a cruel and calloused dictatorial rule she and her cronies revelled in during their terrible tenure was part and parcel to her demise. The 'kindness' and 'leadership with integrity and humanity', which is the pith of her new book, smacks of dishonesty and a delusional view of herself and her former position. The profiling and propaganda fashioned for the rest of the world to paint a picture of a kind and compassionate leader has been successful. Her commissions and speaking engagements in the US are touting her so-called achievements and morality, but this hypocrisy and hype is vehemently rejected by most New Zealanders who have been left with an economy in absolute ruins." - And that's putting it mindly! Ardern's father is a Mason and, imo, he played a part in grooming her to be a <u>dark, deceptive, demented witch</u>! She is no Dame! Unless she repents, <u>she is damned</u>! She made her Mat.4:8-9 bed and lies in it! DYOR on why many New Zealanders believe that her book isn't even worth mopping the floor with! Here you have it, from the lying lips of Ardern! made a single rational decision yet. Netanyahu has assumed this would be a 6-day war, and he thought that the US would come to his aid and attack Iran without any consideration that Iran is not Iraq. It is a strategic ally of Russia, China, and North Korea. The American people are not in favor of war... Even MattGaetz came out today against Trump and war. He pointed out that Israel does not allow IAEA inspectors to visit their nuclear program. The IAEA is the world's centre for cooperation in the nuclear field, promoting the safe, secure and peaceful use of nuclear technology. It works in a wide range of areas, including energy generation, health, food and agriculture, and environmental protection. Tulsi Gabbard has come out and said that if Trump attacks Iran, she will resign...Netanyahu KNOWS that Israel could not win this war. They do not even have enough ammo to shoot down all the missiles that Iran has stockpiled, not to mention these supersonic versions...This was and is about regime change, which is why he [Satanyahu] tried to decapitate the leadership and failed. That was his strategy in Gaza and Lebanon. But like taking out Saddam, they do not comprehend what would happen if they did remove the Iranian government. You may see civil uprisings in Egypt and Jordan, and view this as a religious war, and then it gets much worse .:

See Mat.21:18-20, and John chapter 8 where He told these Jewish frauds (verses 42-46), "Jesus said unto them, 'If God were your Father, ye would love Me: for I proceeded forth and came from God; neither came I of Myself, but He sent Me. Why do ye not understand My speech? Even because ye cannot hear My word. Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. And because I tell you the truth, ye believe Me not.'":

The complaint was filed over the death of a French psychiatric nurse who had developed a rapidly spreading metastatic pancreatic cancer. It calls for a full investigation into possible poisoning, medical malpractice, failure to obtain informed consent, and human experimentation without authorization. The complaint was submitted on June 18, 2025, to the Public Prosecutor's Office. Named in the complaint are key regulatory bodies and individuals involved in Covid 'vaccine' policy and approval: World Health Organization officials, including Director-General Dr. Tedros Adhanom Ghebreyesus; French Medicines Agency (ANSM); European Medicines Agency (EMA); High Health Authority (HAS); Pharmaceutical companies Moderna and Pfizer; Former French Health Minister Olivier Véran. The complaint was filed by a grieving husband in France, who is raising the alarm about what he calls a catastrophic failure of government, medicine, and global health authorities. He argues that his wife was one of the <u>skyrocketing</u> <u>number of people around the world who died from 'turbo cancers' caused by</u> <u>mRNA injections</u>. > **[]** "Biblical Israel vs. Modern Israel: A Christian Guide to the Conflict" -KURC. Definitely recommended reading! I've put this at the top of today's posts for that reason! The question I continually have is: Why do ZioChristians still reject this obvious truth?! I'm not doubting nor judging their salvation in Jesus Christ; salvation assures one of their ending, but it's just the beginning!—There's the need to get and remain Word-based, and studying Its Truths! "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the Word of Truth." (2Tim.2:15) It's the unWorded whose wagon wheels have fallen into the rut grooved out by Zioinfiltrators (via Scofieldism et al!), and is it because of that they refuse to let their wheels move out, to be delivered of that ruinous rut because of pride and Zio-church conditioning? Just like the scribes and Pharisees: Even though they saw Lazarus was raised from the dead, yet they schemed to destroy Jesus!—They saw the miracles yet hated the Source of them. Imagine the implications if the ZioChristians could all be saved from this shrewd, twisted scripture scam! This article excellently answers the questions: "Is the current nation of Israel run by Benjamin Netanyahu the same nation that God was talking about in Genesis 12:3? Does "Bless Israel" Mean Backing Netanyahu's Government?" Read and share its Biblical truths that: • "No nation today—including modern Israel—holds special spiritual status apart from faith in Christ. • The Church, composed of believers from all nations, is now the continuation of God's covenant people (1 Peter 2:9). • Supporting the Gospel, not geopolitical alliances, is how we truly 'bless Israel' in God's eyes.": https://thetruthaboutcancerofficial.substack.com/p/biblical-israel-vs-modern-israel

Amongst many things, I keep an eye on and am aware of such days, because at all times our "adversary the devil, as a roaring lion, walketh about, seeking whom he may devour" (1Pet.5:8), but his channels choose some days above others. (For more info on those days, see:

b. June 21 - Litha is one of the Illuminati's Human Sacrifice Nights

(Excerpts:) "Iran is not like Egypt in the 1967 war. Then the Israeli Defence Force quickly seized the initiative and took control of the battlefields and the skies, by destroying much of the Egyptian Air Force while it was still on the ground. Things are very different for Israel now...The days of quick Israeli victories are over, as witness the meat grinder that Gaza has become after 18 months of fighting. So if the Israelis can't beat a lightly armed militia in a tiny enclave that they totally surround, how are they going to handle a nation of 90 million, that is sophisticated, committed and backed by Russia and China? The answer is they can't, at least not by themselves. That's why Trump's intervention late on Saturday, early Sunday is so critical. Without U.S. support and aid Israel would be on the way to defeat...the U.S. bombings haven't put an end to the regime in Tehran. In the hours following Iran launched further retaliatory missile strikes on Israel...this conflict is far from over. In fact, it may only be beginning, and after Vietnam, Afghanistan and Iraq, the U.S. doesn't have the stomach for a prolonged war.":

Bombing hospitals is a red line - unless Israel is doing it; outrage over Iran's attack on Soroka hospital stands in stark contrast to global silence over the decimation of Gaza's healthcare system" - Outrage over Iran's attack on Soroka hospital stands in stark contrast to global silence over the decimation of Gaza's healthcare system.

(Excerpts:) "When Israeli hospitals are struck, the world responds with empathy and urgency. When Palestinian hospitals are dismantled - patients killed in their beds, doctors arrested mid-surgery - the world hesitates, rationalises or remains silent...Israeli leaders speak today of moral lines, of civilians and children, of hospitals as sanctuaries. Yet for nearly two years, those very values have been systematically violated in Gaza, with hardly a whisper of regret. <u>This situation reveals not only hypocrisy but also the cynical confidence that comes with impunity. It reflects how the boundaries of Israeli grief and outrage are drawn narrowly around Jewish Israeli lives, grounded in the certainty that Israel will face no consequences. This moment puts the international system to the test. While some medical and humanitarian groups have expressed concern, most international stakeholders have remained silent in the face of the destruction of Gaza's entire health system...The world should have acted when the first operating room was hit in Gaza. It should not take an Israeli facility being targeted for them to remember that hospitals are meant to be protected spaces. (Excerpts:) "The AI arms race is moving too fast for safety, with companies pushing boundaries and governments lagging. Al-driven dehumanization and the unchecked proliferation of autonomous weapons require responsible leadership before it's too late...The accelerated transformation of AI likely leads to full dehumanization, leaving us disempowered, easily manipulable and entirely dependent on companies that provide AI services...Generative AI has taken this dehumanization to the next level. It became common practice to integrate GenAl features into existing applications, aiming to increase human productivity or enhance the human-made outcome. (Excerpts:) "China has discovered a massive 1-million-ton thorium deposit valued at \$178 billion that could potentially power the nation for the next 60,000 years. Thorium is a radioactive metal found in the Earth's crust that is three times as common as uranium. One ton of thorium can produce as much energy as 200 tons of uranium or 3.5 million tons of coal. 'For generations, nations have fought wars over oil and gas-yet we've had a clean energy solution beneath our feet all along', one Chinese scientist commented. Thorium is praised as a less toxic alternative, as the radioactive waste it produces loses its toxicity within a few hundred years, compared to uranium-235, which could take thousands of years to neutralize. It ensures that blood is pumped throughout the body to ensure that all cells are adequately supplied with oxygen and nutrients. It is, therefore, of great importance to actively promote the health of our heart. Healthy people can maintain the condition with a healthy lifestyle. However, there are some factors that increase the risk of cardiovascular disease. These include: elevated blood pressure, high cholesterol levels, too much stress. These factors can be prevented in order to keep the cardiovascular system healthy. Our dietary and lifestyle habits also play an important role in prevention. <u>A healthy lifestyle</u> not only keeps you healthy, but also has a positive effect on the cardiovascular risk factors of body weight, blood pressure, blood lipid levels and diabetes mellitus. In the end, it pays off, because <u>each individual can help shape his or her</u> own prevention.

Maybe neither the bombs nor the places are real. We know that governments of supposedly 'enemy' countries work together to sell a grand lie. Iran not only went along with 'Covid', but was instrumental in early stages of the narrative. "PRESIDENT OF IRAN RESIGNS!!!!"

(Excerpts:) "The key phrase of the entire [resignation] letter are these words: '... and considering the official policies of the Islamic Republic which stem from the statements of the esteemed Leader, the country has entered a path beyond my control and responsibility.'...He is saying he had no part in the decisions that have apparently been made, they are beyond his control, and he wants no responsibility for them...I think the resignation letter indicates this has just become life and death for an awful lot of people. I know the Intel Community is very worried that Iran will attack inside the USA on July 4. The sound of fireworks explosions would be expected nationwide, and would mask - at least somewhat - any *[false-flag?]* terror operations...Whatever is being discussed in Iran is so dire, their President quit tonight.":

Suicide bomber 'kills 22 and injures 63' in attack on church full of worshipers in Syria" - Includes .30 sec vid. Attacks against Christians in Snaketree's Syriastan continue!

(Excerpt:) "People were praying safely under the eyes of God,' said Father Fadi Ghattas, who said he saw at least 20 people killed with his own eyes. 'There were 350 people praying at the church.' Meletius Shahati, a church priest, said there was a second gunman who shot at the church door before the other person detonated himself. Issam Nasr, who was praying at the church, said he saw people 'blown to bits.' 'We have never held a knife in our lives. All we ever carried were our prayers,' he said. A security source, speaking on condition of anonymity, said two men were involved in the attack, including the one who blew himself up. A livestream from the site by Syria's civil defence, the White Helmets, showed scenes of destruction from within the church, including a bloodied floor and shattered church pews and masonry. Syrian President Ahmed al-Sharaa [nom de guerre Abu Mohammad al-Jolani, and "Jolani" means "Snaketree"], who led the offensive against Assad before taking over in January for a transitional phase, has repeatedly said he will protect minorities during his tenure.": https://www.dailymail.co.uk/news/article-14836513/syria-suicide-bomb-attack-chu rch.html

*Scriptures on "The Day of the Lord":

Zephaniah 1:14-18 - The great day of the Lord is near, it is near, and hasteth greatly, even the voice of the day of the Lord: the mighty man shall cry there bitterly. That day is a day of wrath, a day of trouble and distress, a day of wasteness and desolation, a day of darkness and gloominess, a day of clouds and thick darkness, a day of the trumpet and alarm against the fenced cities, and against the high towers. And I will bring distress upon men, that they shall walk like blind men, because they have sinned against the Lord: and their blood shall be poured out as dust, and their flesh as the dung. Neither their silver nor their gold shall be able to deliver them in the day of the Lord's wrath; but the whole land shall be devoured by the fire of his jealousy: for He shall make even a speedy riddance of all them that dwell in the land.

Isaiah 13:9 - Behold, the day of the LORD cometh, cruel both with wrath and fierce anger, to lay the land desolate: and he shall destroy the sinners thereof out of it.

Joel 2:1,11 - Blow ye the trumpet in Zion, and sound an alarm in My holy mountain: let all the inhabitants of the land tremble: for the day of the LORD cometh, for it is nigh at hand. For the day of the LORD is great and very terrible; and who can abide it?

Amos 5:18 - Woe unto you that desire the day of the LORD! To what end is it for you? The day of the LORD is darkness, and not light.

2 Peter 3:10 - But the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up.

1 Thessalonians 5:2 - For yourselves know perfectly that the day of the Lord so cometh as a thief in the night.

Acts 2:20 - The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord come.

Quote: "Israel and the US are not controlled by Religious Good Jews. They are controlled by Non-Semitic Imposters called Ashkenazi Jews, who are not really Jews (in the strict sense of that word), who converted to Judaism some 1200 years ago for geopolitical reasons, perhaps. They are using the Jews of this world, and hide behind Antisemitism. Antisemitism is a political shield behind

which they hide for protection called propaganda. They are warlike and worship sexual perversion. They want world domination through fear and force. War suits their need to achieve their domination. It does not matter if they are Freemasons or Masons or Illuminati; Israel is being used like a piece of toilet paper to achieve their final domination." (Online comment by alt-news-media reader LF)

> 2 "Pashinyan Escalates Tensions With Armenian Apostolic Church" (Excerpts:) "Armenia faces a deepening power struggle as Prime Minister Nikol Pashinyan openly attacks Catholicos Karekin II, the head of the Armenian Apostolic Church, intensifying long-standing tensions between the state and the Armenian Apostolic Church ahead of the 2026 elections. The conflict exposes constitutional dilemmas over church-state boundaries in Armenia and raises fears of escalating unrest amid Yerevan's fragile efforts to normalize relations with Azerbaijan and Türkiye. Allegations of corruption and political obstruction surrounding the Church amplify Armenia's internal divisions, threatening its national identity and weakening public trust in both religious and political institutions. Armenia is again gripped by a dramatic confrontation between its political and religious elites. Recent public attacks by Prime Minister Nikol Pashinyan on Catholicos Karekin II, the head of the Armenian Apostolic Church, are the latest in a series of standoffs since 2018 that reflect a broader struggle between Armenia's revolutionary present and its entrenched past... As the 2026 elections approach, the rift between the Church and the state is likely to intensify. The conflict has become emblematic of a larger ideological struggle between two visions of Armenia—one rooted in the post-Soviet legacy of Kocharyan, Sargsyan, and the Church, and the other in Pashinyan's vision of a reformed country seeking to integrate into both regional and international structures, and at peace with its neighbors. If unresolved, it risks destabilizing not just the already shaky relationship between church and state, but Armenia's broader national identity at a time when many argue that unity is most needed.": https://jamestown.org/program/pashinyan-escalates-tensions-with-armenian-apo stolic-church/
