This 13th installment of our study from the "The Lost Books of Adam and Eve", on the degrees and depths of deception Satan tried in order to tease, lure, deceive, beguile, seduce, distract, scare, manipulate, and even kill Adam and Eve after they had been sent out of the Garden, does not recount a new attack from Satan, but rather expounds on how God saved Adam and Even from being crushed to death in Chapter 48. The Word of God, Jesus Christ, the Son of God, proclaims how the huge boulder, which God turned into a shed-shield to protect Adam and Eve, is a type and shadow of His Resurrection and Victory over Death!

Chapter 49 - A preview of the Resurrection.

- 1 Then the Word of God came and said:
- 2 "O Adam, who counselled thee, when thou earnest out of the cave, to come to this place?" [In other words, "Why did you lean to your own understanding, Adam?" "Trust in the LORD with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and He shall direct thy paths." (Prov.3:5-6)]
- 3 And Adam said unto God, "O Lord, we came to this place because of the heat of the fire, that came upon us inside the cave."
- 4 Then the Lord God said unto Adam, "O Adam, thou dreadest the heat of fire for one night, but how will it be when thou dwellest in hell?

5 Yet, O Adam, fear not, neither say in thy heart that I have spread this rock as an awning over thee, to <u>plaque</u> thee therewith.

6 It came from Satan, who had promised thee the Godhead and majesty. It is he who threw down this rock to kill thee under it, and Eve with thee, and thus to prevent you from living upon the earth. [Over and over and over again and again, God keeps driving it home to Adam and Eve that Satan hates them and wants nothing more than their ultimate death! We should never underestimate Satan's hatred for God and His crowning creations: Man and Woman.]

7 But, in mercy for you, just as that rock was falling down upon you, I commanded it to form an awning over you; and the rock under you, to lower itself. ["He shall cover thee with His feathers, and under His wings shalt thou trust: His truth shall be thy shield and buckler." (Psa.91:4)]

8 And this sign, O Adam, will happen to Me at My coming upon earth: Satan will raise the people of the Jews to put Me to death; and they will lay Me in a rock, and seal a large stone upon Me, and I shall remain within that rock three days and three nights. ["'For as Jonas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth.' For He taught His disciples, and said unto them, 'The Son of man is delivered into the hands of men, and they shall kill him; and after that He is killed, He shall rise the third day.' And they found the stone rolled away from the sepulchre. [And the angel said,] 'He is not here, but is risen: remember how He spake unto you when He was yet in Galilee, saying, "The Son of man must be delivered into the hands of sinful men, and be crucified, and the third day rise again."" (Mat.12:40; Mk.9:31; Lk.24:2, 6-7)]

9 But on the third day I shall rise again, and it shall be salvation to thee, O Adam, and to thy seed, to believe in Me. ["Jesus said unto her, 'I am the resurrection, and the life: he that believeth in Me, though he were dead, yet shall he live: And whosoever liveth and believeth in Me shall never die. Believest thou this?" (Jn.11:25-26)] But, O Adam, I will not bring thee from under this rock until three days and three nights are passed."

10 And God withdrew His Word from Adam.

11 But Adam and Eve abode under the rock three days and three nights, as God had told them.

12 And God did so to them because they had left their cave and had come to this same place without God's order. ["For we suffer because of our sins. And though the living Lord be angry with us a little while for our chastening and correction, yet shall He be at one again with His servants. But the God of all grace, who hath

called us unto His eternal glory by Christ Jesus, after that ye have suffered a while, make you perfect, stablish, strengthen, settle you." (2Maccabees 7:32-33; 1Pet.5:10)]

13 But, after three days and three nights, God opened the rock and brought them out from under it. Their flesh was dried up, and their eyes and their hearts were troubled from weeping and sorrow.

After reading this chapter, the passage that comes to me is James 4:7-10, "Submit yourselves therefore to God. Resist the devil, and he will flee from you. Draw nigh to God, and He will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded. Be afflicted, and mourn, and weep: let your laughter be turned to mourning, and your joy to heaviness. Humble yourselves in the sight of the Lord, and He shall lift you up." After this very close call, Adam and Eve have come out of it somewhat worse for wear! Do they now understand that only in listening to the Right Voices will they be able to make the right choices?

"And in the latter time of their kingdom, when the transgressors are come to the full, a king of fierce countenance, and understanding dark sentences, shall stand up. And his power shall be mighty, but not by his own power: and he shall destroy wonderfully, and shall prosper, and practise, and shall destroy the mighty and the holy people. And through his policy also he shall cause craft to prosper in his hand; and he shall magnify himself in his heart, and by peace shall destroy many: he shall also stand up against the Prince of princes; but he shall be broken without hand." (Daniel 8:23--25)

(Excerpts:) "America pulled the trigger in this macabre war, playing Russian roulette by joining Israel in bombing Iran. We've pulled the trigger in this deadly game more often than people realize. Every step we take down this path brings us closer to global nuclear war. And if we keep pulling the trigger, eventually the chamber will not be empty...Each 'small' war—whether in Iran, Iraq, or Afghanistan—is another click. Each provocation, each threat, each failed missile or algorithm brings us closer to the final shot. The only way to survive Russian roulette is to stop playing. The only way to survive nuclear roulette is to reject the game altogether—just as the civilized world once moved beyond human sacrifice and slavery...The Bible warns of such treachery in Revelation 18:8: 'Therefore in one day her plagues will overtake her: death, mourning and famine. She will be consumed by fire, for mighty is the Lord God who judges her.' Babylon is falling. And America is walking her path...leaders have become handmaidens of globalist agendas. They have embraced foreign priorities over national survival...America has zero fallout shelters for civilians. That entire system was quietly dismantled in the 1970s...Since then, we've engaged in endless wars and foreign entanglements—but never once held a serious public discussion about civil defense...since the silent coup of 1963, we've had no say in any matter of

national survival. The <u>elites make the decisions</u>; the <u>people suffer the consequences</u>...The most deadly day in U.S. history is coming. The sky will burn over our cities. <u>America, as we know it, will cease to exist</u>. And we were warned...It is too late to turn back. The empire will <u>burn from within</u>. Babylon has fallen. But will his heavy handed approach to diplomacy backfire on America?" "How can you tell that a politician is lying? His lips are moving!" (Andy Andrews) At this point, Trump's been nominated for the next Nobel Peace Prize: for the India-Pakistan ceasefire, and for the Iran-Israel ceasefire and the Republic of Congo-Rwanda ceasefire. What's that gonna do for his hat size?!

(Excerpts:) "Trump's angry response to those who question him gives off bad optics. At some point, he ends up with a credibility problem. His word will be completely devoid of any meaning, because no one will know if it's his actual position or just a decoy, a set up for what will later be an opposite stance. At some point, global leaders are going to get tired of being played. Let your yes be yes and your no be no. One thing is for certain. Trump does not respect the sovereignty of other nation states...If Trump continues to violate nations' sovereignty, I can see a day when a coalition of

nations will reach the point where they get fed up with Trump's dramatic, almost theatrical approach, and conspire against him with the goal of beating him at his own game...I don't believe Trump wanted to risk the consequences of shutting off that waterway [Straits of Hormuz], so he quickly negotiated a ceasefire...BiBi Netanyahu was beginning to see the writing on the wall...asked Trump to call off the war and negotiate a ceasefire...the West simply doesn't have the troops or the ability to restock its munitions right now to carry on a protracted war with Russia-China-Iran.":

- "The Strait Of Hormuz Incoming Global Energy Crisis?"

(Excerpts:) "The United States, India, China, Japan, and South Korea are among the many developed economies that rely on this strait for its energy needs. Even a temporary pause in shipments would cause oil prices to skyrocket and disturb international trade. Iran has repeatedly used this passageway as leverage in negotiations. The Iranian government is well aware of the power it wields and has threatened to prevent passage during times of unrest and sanctions. I provided the declassified documents for the Ben Gurion Canal Project (see https://www.armstrongeconomics.com/world-news/world-trade/the-ben-gurion-ca nal-project-declassified-documents-reveal-truth/)—a trade route through Palestine and Israel that could only be created by obliterating Gaza. Declassified documents (see - https://www.osti.gov/opennet/servlets/purl/453701.pdf) reveal that the US Department of Energy was planning to take extreme measures to make this canal possible. On July 1, 1963, a plan was outlined to create the Israeli Canal by detonating 520 underground nuclear explosions throughout the Negev Desert. 'Such a canal would be a strategically valuable alternative to the present Suez Canal and would probably contribute greatly to the economic development of the surrounding area,' the declassified document stated. The West does not want Egypt and, therefore, Russia to have control over world trade and the movement of goods. Disruptions to the Strait of Hormuz would amplify the need for a Western-controlled trade route through the Middle East...The United States has been concocting methods to implement the Ben Gurion Project for nearly 60 years. Detonating underground nuclear weapons in Gaza is not something that the international community would permit. Unless, of course,

countless nations began facing energy shortages, the price of oil soared to the point of imploding government budgets, and trade as a whole began to plummet. A full-scale global energy crisis could be exactly what the US and Israel need to explode ground on the Ben Gurion Canal Project.":

"Mullahs, Rabbis & Priests"

(Excerpts:) "Israel is a country with very serious structural problems right now. The demographics are the main driver. While Israel fertility is above replacement, it is largely due to the ultra-orthodox (Haredi). Their fertility rate is a whopping 6.48 children per woman. Meanwhile, the Westernized, cosmopolitan population has a below replacement TFR [The Fertility Rate]. This demographic revolution is stressing Israeli politics at every level. There is also the issue of Israeli identity...To be an Israeli means to be the David in a perpetual fight against a Goliath. The trouble is the supply of Goliaths is down to one, Iran. In many respects, the Israeli war against Iran is as much about the Israeli need for an enemy as anything else. <u>Israel needs the fear of Persia to keep its population</u> from turning on each other. We see something similar with the United States. Generations of reckless disregard by the parasitic ruling elite have left America drained of its asabiyyah*. The political class senses this, even if they lack the intellect to understand it, so they are always looking for an enemy to unite against...Hollow men will fill their souls with anything to avoid hearing the sound of their hollowness...Christianity in America is in a shambles and the American ideology that grew out of American Protestantism has curdled into a collection of resentments. The United States is now a land of priests, with no natural authority to proselytize to the rest of the world. The instinct to lecture remains, but the purpose and authority are gone, so we get men with no moral authority telling the rest of the world how they should and should not act...Like all modern people, Iran has seen a collapse in fertility. At the start of the revolution, it had a TFR of 6.38 and now the TFR stands at 1.68. Like Israel and the United States, Iran is now suffering from an identity crisis as it faces the challenges brought on by modernity. The religious structures remain in place, which are supposed to give meaning and purpose to life, but the population is struggling to remember the authority upon which those structures are built. In the cities, people care more about convenience than Islam. The same cancer eating away at the West is eating away at Iranian society...This is why the great war between the three

major religions looked like a ridiculous pantomime of past conflicts...The three great civilizations as represented by the three great religions are exhausted. Both sense the future excludes them [Because eventually the Beast, the Antichrist, will demand that the world worship him!], but that is too terrifying to consider." - *asabiyyah = Social cohesion or group solidarity; it is the natural desire to cooperate that arises from family and the tribe, which allows for the construction of increasingly complex social structures: the more asabiyyah a society possesses, the more it is able to accomplish.:

• "NVIDIA's AI Revolution: Grace Blackwell to Vera Rubin – The Future of Supercomputing & Robotics" - 11.43 min vid. I have repeatedly posted about NVIDIA in previous KUs. Switch the letters around and it spells DIVINA, a name of Latin origin, meaning "divine" or "godlike"! Imo, this NVIDIA/DIVINA is part of Satan's toolbelt towards his physical manifestation-to-come! Regarding the mention in this video of Vera Rubin: Vera means, primarily, faith or truth; it is also linked to the Latin word "verus", meaning "true". The name is often associated with steadfastness, trustworthiness, and sincerity. Rubin is of Hebrew origin, derived from the name Reuven, meaning "behold, a son". Are these "godlike" computers and robots a part of brainwashing and preparing the world to have faith when the "fake" Christ (the son of Lucifer?), the Antichrist, comes on the scene?

(Description:) "Ever wondered how NVIDIA is reshaping the future with its groundbreaking Al innovations? Dive into the world of next-generation supercomputing and robotics as we explore NVIDIA's revolutionary leap from the Grace Blackwell architecture to the Vera Rubin supercomputer. Discover how these cutting-edge technologies are accelerating AI capabilities and transforming industries worldwide. Grace Blackwell combines ultra-efficient CPU and GPU designs to deliver unprecedented performance for AI training and inference. This powerhouse platform enables real-time processing of massive datasets, making it ideal for complex simulations, deep learning models, and large language applications. Its energy efficiency and scalability set new benchmarks for sustainable supercomputing. Meanwhile, the Vera Rubin supercomputer—named after the pioneering astronomer—pushes boundaries in scientific discovery. Designed for exascale computing, it tackles challenges in climate modeling, drug development, and autonomous systems. Vera Rubin's integration with NVIDIA's Al stack unlocks breakthroughs in robotics, enabling smarter, adaptive machines that learn from real-world data. Together, Grace Blackwell and Vera Rubin signal a new era where Al supercomputing converges with advanced robotics. From self-optimizing factories to intelligent healthcare systems, NVIDIA's roadmap

promises faster innovation, smarter automation, and solutions to humanity's toughest problems. What is NVIDIA Grace Blackwell? How does Vera Rubin supercomputer work? What is the future of AI supercomputing? How will NVIDIA shape robotics? What are the applications of next-generation AI? This video will answer all these questions." - Imo, what is laid out in this video comes across as the spiritual wickedness in high places being manifested in computer chips and inventions aimed at taking humanity completely out of the equation. That's the Devil's game plan, as he relentlessly fights tooth and tong against the knowledge of God by furiously creating machines and boosting AI to rule the world. And he's seduced these tech-drugged humans to do that which is unseemly by surrendering to his schemes and being his fool-tools to completely overrule humanity with AI and heartless computers—even ones that express and emulate emotions, complete with facial expressions, to seduce humans to interact with them! (Description:) "Racism—the belief that some races are inherently superior or inferior to others—leads to prejudice, discrimination, and deep division among people of different skin colours, ethnicities, and nations. It is a scourge on humanity that has fueled injustice and hatred throughout history. The Bible shows that even God's chosen people were not immune to this disease of the heart. But God called them—and calls us too—to a higher standard: to see others not through the lens of race or culture, but through His eyes of love, justice, and mercy. However, Talmud Sanhedrin 17a decrees that a man must be a practitioner of sorcery in order to qualify for appointment to the SANHEDRIN. The research has been taboo until now because of concerns it could lead to designer babies or unforeseen changes for future generations. But now the World's largest medical charity, the Wellcome Trust, has given an initial £10m to start the project." (2) "The Socialist government in Britain has unveiled new plans to map the DNA of every newborn baby in the NHS public health system [Will this cause people start giving birth in secret?1...they will also use AI to study the genes...they will take blood samples from the umbilical cord right after birth and sequence the babies ENTIRE DNA...this can open up the door to some incredible dystopian futures...Britain just voted to allow women to commit abortion right up until birth...without any consequences...parliament in Britain also just voted to allow for assisted dying. Clearly, it doesn't seem like a human life is worth very much to the government in Britain. > * "Interview with Charlotte Iserbyt, Author of 'The Deliberate Dumbing Down of America'" - And, I'll add, the rest of the world! This item is at the TOP today for good reason! Recorded in 2016, this OAAO, 1.01.25 interview is a **DON'T MISS!** In this interview are revealed <u>astonishing keys that unlock one's</u> understanding as to why, when, how and by whom the deliberate dumbing down and regime-change brainwashing of American schools took place! At one time, schools taught children how to think for themselves, and the difference between right and wrong. But nowadays, there is no right or wrong, and any horror can be "logically" explained and "legally" taught—including abortion. paedophilia, gender dysphoria, and so on. Teaching "academic excellence" became "behaviour modification", thought control, values classification. Teachers were taught to be "change agents" at special retreats. Potential resistors to the "change programmes" were identified, isolated and blocked. Government intelligence agencies became involved as implementers of the abducting of American schooling. Find out about the pivotal moments of 1934, 1963, 1978, and more! For those who, for crying out loud, don't understand what the world has become and how it got to this point, no doubt it's because they've been successfully, deliberately and are content-in-being-willfully dumbed down! Share this video far and wide to help wake the dead!!! "And have no fellowship with the unfruitful works of darkness, but rather reprove them. For it is a shame even to speak of those things which are done of them in secret. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. > Tied for first cab off the rank today is this article!—Another **DON'T MISS!**This is a Russian patriot's view on what has currently taking place, ie the 12-Day War, between the US, Iran, and Israel. But I particularly draw your attention to the Introductory Editor's Note, excerpts of which are below.

"The Birth of a Multiracial World"

(Excerpts:) "...I share his assessment – with one big caveat...his idea that the compromise of an 'axis of resistance' is a one-sided action. What I see is a two-sided action. Not only are Syria, Lebanon, and Iran imploding in a rather mysterious way, but this also applies to Israel. One can see the war in Ukraine is also fake in many ways (see my post 'The Fake War' https://blog.algora.com/2022/10/05/the-fake-war), and there is an atmosphere of unreality surrounding all the events going back to the dismantling of the USSR. It is guite conceivable that a global dismantling of national armies and nation-based interest is being pursued on a long-term basis. And this notion of creating a multipolar world is indeed the agenda of the Masters of the Universe, but with a twist. The new multipolarity is not based on national boundaries and national sovereignty but on the model of multinational corporations. That is, entities that cut across multiple nations, a melting pot of sorts, around the world...We are witnessing the erosion of one party, then a reversal – the erosion of the other party – so that no side can claim victory, only embarrassment after embarrassment. If this model of development is correct, then we will witness the dismantling of Russia as well, as a multinational empire, among other things. The US is already a multiracial territory and so is Europe. China is still resilient but for how long?" - Hmmmm! Imo, a very interesting analysis indeed!: https://blog.algora.com/2025/06/27/the-birth-of-a-multiracial-world

"Does The Bible Command Christians To Protect the Liars and Psychopaths In Israel?"

(Excerpts:) "Christians have been deceived about Israel and its machinations for decades, and while it has cost them dearly, they haven't woken up yet. The New Testament defines Israel as the Church, not some government established in 1948, founded by radical, atheist, converted Jews from Eastern Europe. The notion that the Bible commands us to protect Israel today is Zionism, not Christianity. The Father of Israel, Theodore Herzl, started the Zionist movement in 1897 and was himself an Atheist—the first of a long line of atheists and Christian haters among Rabbis and Israeli leadership. 'I know the blasphemy of them which say they are Jews, and are not, but are the Synagogue of Satan.' (Rev.2:9)...Why has no one in the media asked about Israel's secret nuclear Weapons program that was built with the help of treasonous American politicians and military personnel? Bibi Netanyahu hates Christians, as does everyone in Israel, but they are Israel's biggest supporters...No country that bombs hospitals, takes doctors prisoners and tortures them, rapes male and female prisoners, and orders its snipers to target children, the media, and healthcare workers is anointed by God!...On March 15th, 1923, the Jewish World Conference asserted: 'Fundamentally -Judaism is Anti-Christian'...Why should we believe in God? We hate Christianity and Christians. Even the best of them must be regarded as our worst enemies. They preach love of one's neighbor and pity, which is contrary to our principles. Christian love is a hindrance to the revolution. Down with love of

one's neighbor; what we want is hatred. We must know how to hate, for only at this price can we conquer the universe...The fight should also be developed in the Muslim & Catholic countries, with the same ends in view and by the same means.'...The majority of Israeli Jews are Chabad Lubavitch Jews, which is a radical death cult...must wake up to the liars and deceivers in Israel before it's too late!":

https://stateofthenation.info/?p=23831

> 🚨 "Donald Trump Has Joined Joe Biden In The Ranks Of War Criminals" -

Today the Israeli court denied a request to delay Netanyahu's corruption trial hearings—which means: Netanyahu will keep making war and ensure that the USA does the same, as this article by Chuck Baldwin points out. (Excerpts:) "Trump has now proven to the world that 1) He was a bald-faced liar when he told the American people he wanted to be a peace president, 2) He remains a bald-faced liar by attacking a country while his administration was in the process of negotiating a peace settlement with that nation, and 3) He is nothing more than a paid lackey of the Zionist government in Tel Aviv and the Israel lobby...The idea that Israel wants peace is ludicrous! Israel has been the world's greatest destabilizing force since its inception in 1948. And it has also been the most belligerent military aggressor in the world since its inception. Netanyahu himself will NEVER agree to peace, because keeping Israel at war is the only way that he can stay out of prison. If peace were to ensue in the Middle East, Netanyahu and his wife would immediately be tried and convicted of mass corruption and bribery charges and would spend the rest of their lives in prison. The only way Netanyahu stays out of jail is to keep his country at war. And by keeping Israel at war, Netanyahu keeps America at war, because 1) Israel has zero military superiority in the Middle East without the backing of the United States, and 2) Netanyahu knows that the Israel lobby controls the politicians in Washington, D.C., including Donald Trump. The nations of the world know that the Zionist government in Tel Aviv is a roque government. It always has been and always will be.

Its actions are constantly outside the rule of law: judicial, natural, moral, civil and international. And it does so with impunity because the United States constantly runs interference and provides cover for it...In the meantime, don't expect Israel to abide by any ceasefire agreement brokered by Trump for very long. Again,

Like mixing Bleach + Rubbing Alcohol = Toxic Chloroform; breathing enough chloroform will knock you out and make you unable to move to fresh air; breathing too much can kill you. > Dystopia UK: Genocidal RAF Squadron Targeted by Palestine Action is Owned by a Hedge Fund" - Never ever trust worldly governments, which are controlled by the basest of men! Remember what is stated in the second article of today's posts: "The new multipolarity is not based on national boundaries and national sovereignty but on the model of multinational corporations." (Excerpts:) "If you thought RAF jets were owned by the RAF, think again. The RAF squadron, targeted for a repaint by Palestine Action due to its involvement in supplying Israel's genocide, does not, in fact, belong to the RAF at all. It belongs ultimately to Polygon Global Partners LLP, a Hedge Fund. Through a

chain of seven cutout companies, which I will take you through, the <u>direct</u> <u>ownership is with Airtanker Ltd</u>, which gives its address as RAF Brize Norton. It owns, maintains and operates the RAF's Voyager refuelling aircraft, which have been providing mid-air refuelling to the Israeli Defence Forces as well as carrying, in their cargo role, munitions to the IDF." - *Read in full to be fully informed!*:

Quote: "Amid signs that the war could resume at any time, Israel has two options: Either it draws the United States deeper into the conflict (including the deploying of ground forces) or it 'goes nuclear'. There is no third option...I don't know what's going to happen. But when you have hardliners like Katz, National Security Minister Itamar Ben-Gvir, Finance Minister Bezalel Smotrich and countless others in Netanyahu's looneybin government who believe that Israel must "keep the sword raised" to ensure Iran does not recover its military capabilities (Smotrich), then a prudent person will prepare for the worst. Keep in mind, a number of Israeli leaders have repeatedly stated that Netanyahu should "finish the job", which is an intentionally vague term that refers to the use of a nuclear weapon. In order to determine the probability of such an event, we must ask ourselves whether a government that justifies the killing and forced starvation of millions of women and children in their charge, has the moral scruples to oppose the use of the world's most lethal weapon?" > (2) "'It's a Killing Field': Israeli Soldiers Admit to Firing on Hungry Civilians in Gaza"

(Excerpts:) "A Haaretz exposé reveals that Israeli soldiers were ordered to shoot at Palestinians gathering for food, with commanders normalizing the killing of unarmed civilians. An investigation published by the Israeli newspaper Haaretz has revealed a deeply disturbing pattern of Israeli military conduct in Gaza, where soldiers and officers admitted to deliberately firing on Palestinian civilians gathering at food distribution centers... According to testimonies, soldiers have been ordered to shoot at Palestinians approaching aid distribution sites both before they open and after they close, even when no threat was posed. 'We open fire early in the morning if someone tries to get in line from a few hundred meters away...Sometimes we just charge at them from close range.' This practice has

reportedly been normalized among the ranks. Soldiers refer to the pattern of fire and ceasefire around the centers as 'Operation Salted Fish', a reference to the Israeli version of the children's game 'Red Light, Green Light'...One reservist described the environment: 'Gaza doesn't interest anyone anymore. It's become a place with its own set of rules. The loss of human life means nothing. It's not even an "unfortunate incident", like they used to say... You know it's not right. You feel it's not right – that the commanders here are taking the law into their own hands. But Gaza is a parallel universe. You move on quickly'...One recent incident cited in the report involved soldiers firing at civilians gathered at a junction awaiting aid trucks. The order, given by a local commander, led to the deaths of eight people, including teenagers. 'It was pointless – they were just killed, for nothing...<u>This thing called killing innocent people – it's been</u> normalized.' Haaretz also revealed the role of private contractors in exacerbating the violence. According to one soldier, contractors demolishing homes in Gaza are paid 5,000 shekels (roughly \$1,500) per building and are escorted by Israeli forces. Their proximity to food distribution points has often led to exchanges of fire — sometimes resulting in civilian deaths...'For a contractor to make another 5,000 shekels...it's deemed acceptable to kill people who are only looking for food.":

> (2) "Why Israel Really Went to War With Iran"

(Excerpts:) "Just one day before the Israeli military killed some of the most senior figures in Iran's armed forces, the Knesset narrowly rejected a vote to dissolve itself – a step which would have catalysed early elections...A fortnight earlier, at the end of May, protesters even entered the Tel Aviv HQ of the Likud party. Having accessed the building they went to the 11th floor, where Netanyahu's office is located, and proceeded to chain themselves to staircase railings...Days before that Knesset vote, which would have meant the likely demise of Netanyahu, Reform leader Nigel Farage told Tzipi Hotovely, Israel's ambassador to the UK, that her country was 'running out of friends'. That was in response to the news that Britain, alongside Australia, Canada, New Zealand and Norway, had imposed sanctions on two far-right ministers in Israel's government: Itamar Ben-Gvir and Bezalel Smotrich. Without the support of Ben-Gvir and Smotrich's ultra-nationalist parties, Netanyahu does not command a majority." - *And*

including the abuse scandals in Israel, that went to court at the beginning of June (in KU June 14 postings); no doubt the war footing closed that down, at least for the present?:

> 😔 Gone, but not forgotten. Since 2011 and the fall of Muammar Qaddafi. Libya has become an arena for rival regional powers to settle scores and exert influence. External actors have developed proxies and shifting alliances that compete for control of the country's vast energy resources. Libya continues to operate without a central government that can impose security or exert political and economic control over the entire country. This has allowed terrorist and criminal organizations to operate with impunity. These networks of armed non-state actors threaten the consistent delivery of oil to international markets, facilitate the flow of illicit goods (ie drugs and weapons) and people through the Maghreb-Sahel region, and destabilize neighboring states. Once proud and independent Libya ended up not only as a base for foreign troops but also a threat to its own independence, and finds itself, once more, in the crosshairs of foreign powers such as Russia and NATO, each of whom wants to dominate the North African country for its own security needs. Almost all major and regional world powers, today, meddle in Libya, while all of them accept and endorse all relevant UN resolutions that call for such activities to end immediately, a case of world-class hypocrisy at the highest level! - 1.05 min vid:

"White Women in New York City Embrace Burqas Ahead of Mamdani Administration"

(Excerpts:) "Across New York City, white liberal women are donning colorful burgas in anticipation of what they believe will be a transformative era under the administration of Zohran Mamdani, the progressive Democratic Socialist poised to lead the city. The trend, which has swept through neighborhoods like Williamsburg and Park Slope, is being hailed as a bold statement of solidarity with the incoming leadership's vision. The burga, a full-body covering traditionally associated with certain Islamic practices, has been reimagined in vibrant hues like magenta, teal, and sunflower yellow, with some featuring patterns inspired by local street art. Women purchasing these garments from pop-up boutiques in Brooklyn say they view the attire as a symbol of liberation from societal expectations and a safeguard against perceived threats to their autonomy...'<u>I feel</u> so free in my burga,' said Chloe Whitaker, a 29-year-old graphic designer from Greenpoint...Some women say the burgas prepare them for a potential shift toward Sharia-inspired policies, which they view as a progressive counter to conservative ideologies. Local seamstress Amara Jones, who has sold over 200 custom burgas this month, noted the surge in demand...the colorful burgas have become a visible emblem of a community preparing for what they believe will be a radical departure from the past." - Radical departure, indeed! (Excerpts:) "Do you value your home? If you knew the foundation of your home was cracked, broken and deteriorating, and soon your whole house would come tumbling down, you'd find a way to get it repaired as soon as possible. If you had black mold growing inside your walls, now spreading to even the outside of your walls and ceilings and making everyone in your home sick, you wouldn't 'tolerate' it, you'd eliminate that deadly fungus. Well, our foundations are crumbling. Our children are deathly ill from the mental confusion foisted upon them by those in authority. Yet most remain complacent and disinterested — and some even help this weed, this mold, this fungus, this disease — to spread and thrive. Even otherwise perfectly sane people have now caught this 'woke mind virus' and their consciences have been seared. While most of us still don't participate personally in this 'death-style', it's now become normalized, and we've legislated unspeakable immorality...we've 'progressed' from just 'pride' parades and celebrations in June to more than 300 celebrations — all year long — dedicated

to sexual perversion...among the list of the 134 genders we're now urged to affirm is Caelgender — this gender identity shares the qualities or aesthetics of outer space...You'll rarely see a rainbow flag at a nursing home, but you'll see plenty of them wherever children gather. That's not by accident...this movement is not natural and hasn't come about by chance. It's been nurtured from a tiny crack in the moral fabric of our nation. Those who should have known better and should have done better ignored it, and now we have an uncontrolled infestation, an overgrowth of noxious weeds, a black mold enveloping the hearts, minds and souls of our young people, and it's time we grow a backbone, stand up and start telling them the truth, rather than 'loving' them straight to hell. Stop cursing the darkness and instead light a candle of God's truth to cast the demons out and ignite a holy healing across our land.":
